General Comment

I believe in the separation of church and state, but as our founders envisioned it; that is the church needs protection from the state, rather than the other way around.
As a concerned citizen and supporter of the prolife side of these issues, I wish to express deep concern over the move by some groups who are attempting to remove conscience protections from religious organizations. In fact I would like to see those protections broadened to include various religious employers across the board. Thank you for this opportunity to voice my opinion.
