General Comment

Please support the Doverage of Preventive Serivces under Patient Protection and Affordable Care Act to provide birth control to all women at no cost, with no copay. All employers must provide this coverage, regardless of their claims about religious beliefs.

If they don't cover this benefit, companies/corporations must be required to provide daycare/childcare along with 6-months of paid maternity leave for women bearing or adopting children and/or men who are responsible for those children.

Thank you very much/
