Dear Ladies and Gentlemen:

This notice and statement is issued as provided for in 20 CFR 702.243 (b) and (c).

The recently received settlement application is deficient for the below stated reason(s). See 20 CFR 702.242. Upon receipt of the documentary evidence or an amended application correcting the deficiencies, the settlement application will be reconsidered. The 30 day time period for the District Director to approve or disapprove the proposed settlement will begin after receipt of a complete application. See 20 CFR 702.243(b).

The settlement application attempts to resolve injuries for which no claim has been made under the Longshore and Harbor Workers' Compensation Act (or extension) involving the parties attempting to settle. This cannot be done, per 20 CFR 702.241(g). A new application should be submitted where the parties either strike the language referencing unnamed/unclaimed injuries, or provide further information and explanation why these currently unnamed injuries are referenced in the settlement application.
