HIGHLIGHTS FROM THE 2011 FORM 5500 GROUP HEALTH PLANS REPORT

The universe of group health insurance plans filing a Form 5500 is diverse and complicated. Varying benefit structures, funding arrangements, and relationships to insurance are all major components of the complexity. For purposes of generating this report, EBSA classified private sector employer-sponsored group health employee benefit plans as either self-insured, fully-insured, or mixed-insured. Appendix A1 at the end of this report provides more information on the classification methodology. Additionally, the methodology for selecting data underlying this report is based upon Form 5500 plan year end dates, meaning all employer-sponsored group health employee benefit plans with plan year ending dates in 2011 are included.

Other findings from private sector employer-sponsored group health plans filing Form 5500 series welfare reports for plan year 2011 are summarized below.

- In 2011, fewer than 20,000, or 40 percent, of the approximately 48,000 private sector employer-sponsored group health plans that filed a Form 5500 can be categorized as self-insured. Of the remaining 29,000 group health plans, approximately 4,000 can be categorized as mixed-insured, and 25,000 can be categorized as fully-insured. (See Table A1.)
- Of the 48,000 group health plans mentioned above, 83 percent offered other welfare benefits in addition to health benefits (such as dental, vision, life, disability, etc.). Of these 40,000 plans, 10 percent can be described as having both self-insured and fully-insured characteristics

(mixed-insured) for their health benefits. Fifty-four percent of these plans can be described as having fully-insured health benefits. The remaining 37 percent can be described as having self-insured health benefits. (See Table A1.)

- Fifty-three percent of all private sector single employer group health plans that filed a 2011 Form 5500 provided fully-insured health benefits to their employees. Multiemployer group health plans were much less likely to provide fully-insured health benefits; only 5 percent of those plans did so in 2011. (See Table A2.)
- Approximately 18,000 of the group health plans categorized as self-insured are single employer plans; the remaining 1,000 are multiemployer plans. Of the 4,000 group health plans categorized as mixed-insured, the majority are single employer with fewer than 1,000 being multiemployer plans. Nearly all of the 25,000 group health plans categorized as fully-insured are single employer with fewer than 100 being multiemployer plans. (See Table A2.)
- More than three-quarters of the group health plans categorized as self-insured covered more than 100 participants and did not operate a trust. Approximately 60 percent of all mixed-insured group health plans and nearly all of the fully-insured group health plans covered more than 100 participants and did not operate a trust. (See Table A2.)¹
- In total, group health plans that filed a Form 5500 held about \$186 billion in assets as of the end of 2011. Self-insured group health plans held approximately \$63 billion; mixed-insured group health plans held less than \$123

¹ However, this is a data restriction that results from the filing exemption provided to welfare benefit plans covering fewer than 100 participants (small plans) which are unfunded, fully-insured, or a combination of insured and unfunded. For more information on filing requirements and exemptions, please see Appendix A1.

billion; and just \$81 million was held by fully-insured group health plans. (See Table A2.)

- Self-insured group health plans covering 100 or more participants held approximately 24 percent of their assets in cash and U.S. Government Securities, 19 percent in direct filing entities, 16 percent in mutual fund companies (registered investment companies), 11 percent in debt instruments, and 9 percent in stock. Mixed-insured group health plans covering 100 or more participants held approximately 18 percent of their assets in cash and U.S. Government Securities, 14 percent in direct filing entities, 11 percent in mutual fund companies, 11 percent in debt instruments, and 30 percent in stock. Fully-insured group health plans covering 100 or more participants held approximately 15 percent of their assets in cash and U.S. Government Securities, 0 percent in direct filing entities, 18 percent in mutual fund companies, 16 percent in debt instruments, and 40 percent in stock. (See Table A6.)
- Form 5500 group health plan filers reported more than \$22 billion in liabilities as of the end of 2011: almost \$9 billion was reported by self-insured group health plans, \$13 billion by mixed-insured group health plans, and \$4 billion by fully-insured group health plans. (See Table A2.)
- Approximately 45 percent, or 31 million, of the over 68 million participants in group health plans filing a 2011 Form 5500 were covered under self-insured group health plans. (See Table A2.)
- Of the 48,000 group health plans that filed a 2011 Form 5500, approximately 18,000 indicated a funding arrangement of insurance only, more than 2,000 indicated a funding arrangement of a trust only, and 18,000 indicated a funding arrangement of general assets of the sponsor and insurance. The remaining 9,000 group health plan filers indicated some other combination of funding arrangements or did not report any arrangement. (See Table A7.)

- Overall, group health plans reported on their 2011 Form 5500 receiving approximately \$131 billion in contributions in 2011, more than \$104 billion contributed by the employers and \$24 billion contributed by the plan participants. All but \$575 million was contributed to plans with more than 100 participants. (See Table A4.)
- In 2011, group health plans filing a Form 5500 that used trusts posted investment income gains of over \$751 million, of which approximately \$2 billion was gained by self-insured group health plans, \$1 billion lost by mixed-insured group health plans, and less than \$6 million gained by fully-insured group health plans. (See Table A4.)
- Self-insured group health plans that filed a 2011 Form 5500 and used trusts made benefit payments of about \$39 billion directly to participants and less than \$5 billion to insurance carriers for the provision of other insured benefits. Mixed-insured group health plans made benefit payments to participants totaling about \$54 billion and made payments to insurance carriers of \$28 billion. (See Table A5.)
- In total, group health plans filing a 2011 Form 5500 reported approximately \$7 billion in administrative expenses.² Self-insured group health plans reported more than \$3 billion; mixed-insured group health plans reported approximately \$4 billion; and fully-insured group health plans reported approximately \$8 million. (See Table A5.)

² Administrative expenses are reported on the Form 5500 Schedule H – Financial Information, Part II – Income and Expense Statement, line number 2(i) – Administrative expenses. Administrative expenses are reported on the Form 5500 Schedule I – Financial Information, Part I – Income, Expenses, and Transfers for this Plan Year, line number 2(h). Administrative expenses are reported on the Form 5500-SF, Part III – Financial Information, line number 8(f).

Note: Excludes plans (a) covering only one participant or (b) which are not required to file.

Note: Total participants, active participants, and total assets are tabulated as of the end of the plan year.

1/ Includes active, retired, and separated participants either receiving benefits or entitled to future benefits. For Form 5500-SF filers, this number may also include deceased participants whose beneficiaries are receiving or are entitled to receive benefits.

2/ For Form 5500-SF filers, all reported participants are assumed to be active.

3/ Includes both employer and employee contributions.

4/ Amounts shown include both benefits paid directly from trust funds and premium payments made by plans to insurance carriers. Amounts exclude benefits paid directly by insurance carriers. Plans classified as fully-insured do not report benefit payments. According to the plan funding classification algorithm outlined in Appendix A1, plans reporting information on health insurance policies or contracts that also report benefit payments on a financial schedule are deemed mixed-insured.

5/ Non-health benefits include life insurance, supplemental unemployment, temporary disability, and long-term disability among others. See 2011 Instructions for Form 5500 Annual Return/Report of Employee Benefit Plan, at <http://www.dol.gov/ebsa/pdf/2011-5500inst.pdf>.

Note: Values in this table are representative of the indication of funding arrangement (Form 5500 line item 9(a)) and benefit arrangement (Form 5500 line item 9(b)) as originally reported by the plans. Plans were categorized into the three subpanels of (1) Plans with 100 or More Participants & Trusts, (2) Plans with 100 or More Participants & No Trust, and (3) Plans with Fewer Than 100 Participants & Trusts based on the response to either the funding arrangement indicator, benefit arrangement indicator, or the inclusion of a financial schedule. Thus, this table shows a positive number of plans on the rows for Insurance only in the panels for Plans with Trusts.

1/ Includes single employer plans, plans of controlled groups of corporations and multiple employer noncollectively bargained plans.

2/ Includes multiemployer plans and multiple employer collectively bargained plans.

3/ The Form 5500-SF does not require plans to report on the funding nor benefit arrangements.

4/ Includes only plans with fewer than 100 participants as of the end of the plan year.

1/ Type of Insurance Contracts represents information reported on Schedule A. This information is reported as filed on Schedule A with the following exception. For fully-insured and mixed-insured plans that do not attach a Schedule A for health insurance contracts, Schedule A is assumed to indicate one health insurance contract. The result is that fully-insured and mixed-insured plans that would be listed under the categories of (a) No Insurance, (b) Stop-Loss, (c) Other, or (d) Stop-Loss and Other instead are listed under the categories of (e) Health, (f) Health and Stop-Loss, and (g) Health, Stop-Loss, and Other.

2/ Includes active, retired, and separated participants either receiving benefits or entitled to future benefits. For Form 5500-SF filers, this number may also include deceased participants whose beneficiaries are receiving or are entitled to receive benefits.

3/ Other insurance contracts include dental, vision, life, temporary disability, long-term disability, supplemental unemployment, and prescription drug.

Note: Excludes plans (a) covering only one participant or (b) which are not required to file. The premium reported for each plan is equal to the maximum of the following Schedule A values: (1) earned premium on line 9a(4) of Part III, (2) the total premiums or subscription charges paid to carrier on line 10a of Part III, (3) the total amount of commissions paid to agents, brokers, and other persons on line 2a of Part I, (4) the total amount of fees paid to agents, brokers, and other persons on line 2b of Part I, (5) the premiums paid to carrier on line 6b of Part II, (6) the incurred claims on line 9b(3) of Part III, (7) or the claims charged on line 9b(4) of Part III. These values are reported as filed with no adjustment.

1/ Premiums paid by Type of Insurance Contracts is reported as found on Schedule A without adjustment. The result is that for fully-insured and mixed-insured plans for which there are no Schedule A insurance contracts, no premium information is recorded.

2/ Includes single employer plans, plans of controlled groups of corporations and multiple employer noncollectively bargained plans.

3/ Includes multiemployer plans and multiple employer collectively bargained plans.

4/ Other insurance contracts include dental, vision, life, temporary disability, long-term disability, supplemental unemployment, and prescription drug.

5/ Includes only plans with fewer than 100 participants as of the end of the plan year.

APPENDIX A1: Plan Funding Classification

The majority of the U.S. population receives their health insurance coverage through their employer. In 2011, employer-sponsored health insurance covered 55 percent of the U.S. population.¹ There are a variety of ways in which plan sponsors (usually employers) may fund the health insurance coverage they offer their workers.²

What Is a Self-Insured Group Health Plan?

Sponsors may purchase a group insurance policy from a state-licensed insurance carrier or similar organization and pay premiums directly to the insurer. Plans may set aside assets in a dedicated trust to fund the health plan, an arrangement known as a “funded” arrangement for Form 5500 reporting purposes. Alternatively plan sponsors may pay the plan’s benefits directly out of their general assets, an arrangement known as “unfunded” for Form 5500 reporting purposes. In addition, these funding arrangements – insured, funded, and unfunded – may be combined in multiple ways. For example, a group insurance policy may cover a subset of the plan’s health benefits but the plan’s remaining health benefits may be paid out of the plan sponsor’s general assets. Plans may use assets held in a dedicated trust to pay insurance premiums or to pay plan benefits directly. Whether a plan is considered to be self-insured, fully-insured, or a mixture of both is a function of how the benefits are provided under the plan.

¹ U.S. Department of Labor, Employee Benefits Security Administration calculations using the March 2012 Current Population Survey Annual Social and Economic Supplement.

² Upon establishment of a welfare plan, the plan sponsor decides how the plan will be structured – including how the plan benefits will be paid.

Fully-insured – A fully-insured plan provides health benefits by purchasing a group health insurance policy or contract from a state-licensed insurance carrier or similar organization, such as Blue Cross Blue Shield or a health maintenance organization. The insurance carrier then assumes financial responsibility for the covered health benefit claims of the plan’s participants and associated administrative costs.³ An employer with a fully-insured health plan chooses how to transfer insurance premiums⁴ to the insurance carrier: The plan either establishes a trust for the express purpose of receiving contributions for the payment of insurance premiums or pays the premiums directly from the plan sponsor’s general assets.

Self-insured – In the case of a self-insured health plan, the sponsor generally assumes the financial risks associated with covering the health benefit expenses of the plan’s participants. Benefits in a self-insured plan may be paid as needed directly from the general assets of the sponsoring employer or paid from a trust⁵ to which employer and/or employee contributions have been made. While some self-insured plans are self-administered, employers usually enter into a contract with a third party administrator (TPA) or use another outside entity to handle enrollment, pay claims, collect premiums, provide customer service, and perform other administrative duties.

The financial risk for self-insured benefit claims may be borne partially or entirely by the employer offering the self-insured

⁴ The premium payments could be paid entirely by the employer, entirely by employee contributions, or partly from the employer and partly from employee contributions.

⁵ Some employers may invest plan assets in a separate insurance company account instead of holding plan assets and investing through a trust.

plan. To protect against unexpectedly large claims, self-insured plans or employers sponsoring such plans may obtain stop-loss insurance coverage. Stop-loss coverage limits the liability (stops the loss) the plan or employer bears for each covered person's health care costs (in the case of policies with individual or specific attachment points) or for the total expenses of the plan (aggregate attachment points), as the stop-loss carrier will reimburse the plan or employer for losses above the policies' attachment points.⁶

Form 5500 Health Plan Filing Requirements

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code of 1986, as amended ("Code"), establish certain reporting and filing obligations for private-sector employee benefit plans. Plans generally are required to file an annual return/report concerning, among other things, the financial condition and operations of the plan.

In 1975, the Department of Labor (the "Department"), the Internal Revenue Service, and the Pension Benefit Guaranty Corporation (collectively, the "Agencies") jointly developed the Form 5500 Series to allow employers who sponsor an employee benefit plan for their employees to satisfy the annual reporting requirements under Title I and Title IV of ERISA and under the Code. The Agencies have changed the Form 5500

⁶ An employer may also purchase a "minimum premium" arrangement in which the employer pays a fraction of the fully-insured premium to cover non-claim expenses, such as administration and claims processing, and pays claims up to an agreed-upon limit, after which the insurance carrier is responsible. Under a minimum premium arrangement, the insurance carrier usually is also responsible for processing claims and administrative services. See e.g., U.S. Department of Labor, Bureau of Labor Statistics, *Definitions of Health Insurance Terms*, at <http://www.bls.gov/ncs/ebs/sp/healthterms.pdf>. Last viewed February 24, 2011.

over time. Today, filing the Form 5500 together with any required Schedules and Attachments (the "Form 5500") generally satisfies these annual reporting requirements.⁷

The Form 5500 is an important source of information on ERISA-covered, private sector employer-sponsored benefit plans and their operation, funding, assets, and investments. The majority of Form 5500 reports are filed for employee pension benefit plans. Welfare benefit plans (which includes plans providing benefits such as medical, dental, life insurance, severance pay, disability, etc.) are required to file a Form 5500, with certain exceptions tied to plans' size, funding arrangement, and sector. These exceptions are listed below:⁸

- Welfare plans with fewer than 100 participants as of the beginning of the plan year ("small" plans) that are unfunded, fully-insured, or a combination of insured and unfunded⁹;
- Welfare plans maintained outside the U. S. that serve mostly nonresident aliens;
- Governmental plans;
- Unfunded or insured welfare plans maintained for a select group of management or highly compensated employees only;

⁷ See ERISA Section 101 *et seq.*, 29 U.S.C. 1021 *et seq.* and accompanying regulations. The data used for this report were taken from the Form 5500 data for plan years 2011 and earlier. For plan years beginning on or after January 1, 2009, certain eligible small plans are able to file the Form 5500-SF "Short Form Annual Return/Report of Small Employee Benefit Plan." Small plans using the Form 5500-SF include information about total fees and commissions paid with respect to the purchase of insurance.

⁸ 29 C.F.R. 2520.104-1 *et seq.*

⁹ An unfunded welfare benefit plan has its benefits paid as needed directly from the general assets of the employer or employee organization that sponsors the plan. A combination unfunded/insured welfare benefit plan has its benefits partially as an unfunded plan and partially as a fully-insured plan. An example of such a plan is a welfare benefit plan that provides unfunded medical benefits and life insurance benefits.

- Plans maintained only to comply with workers' compensation, unemployment compensation, or disability insurance laws;
- Welfare benefit plans that participate in a group insurance arrangement that files a Form 5500 on behalf of the participating plans;
- Apprenticeship or training plans meeting certain conditions;
- Certain unfunded welfare benefit plans financed by dues;
- Church plans;
- Welfare benefit plans maintained solely for only the owner and/or spouse who wholly own a trade or business or the partners and/or spouses of partners in a partnership.

A small plan that receives employee (or former employee) contributions during the plan year and does not use the contributions to pay insurance premiums or uses a trust or separately maintained fund to hold plan assets or act as a conduit for the transfer of plan assets during the year is required to file; except that a small plan with employee contributions that are used to pay benefits instead of insurance premiums which is associated with a cafeteria plan under Internal Revenue Code section 125 may be treated for annual reporting purposes as an unfunded welfare plan if it meets certain Department requirements.

For purposes of this report, Form 5500 health plans are categorized as being self-insured, fully-insured, or a mix of both self-insured and fully-insured (mixed-insured). The Department used information from the 2011 Form 5500 on plans' funding arrangements, together with information from Schedule A "Insurance Information," Schedule H "Financial Information," and Schedule I "Financial Information - Small Plan" to categorize the plans as follows:

- (1) Self-insured. The plan does not include information on a health insurance policy or contract in any Schedule A filed as part of the Form 5500. For classification purposes, Schedule A insurance contracts are not considered health insurance policies or contracts if the per capita premium amount reported is less than \$1,700 or the filing also indicates that the policy could be for stop-loss coverage or for payments to a TPA.¹⁰ The filing must also either:
 - (a) indicate the plan is funded through a trust or general assets of the sponsor,
 - (b) include a Schedule H or Schedule I and report benefit payments, or
 - (c) be filed on the Form 5500-SF.
- (2) Mixed-insured. The plan does not meet the requirements in (1) and
 - (a) the number of individuals covered under insurance contracts as reported on the Schedule A is less than half of the total number of participants as of the end of the plan year, and the filing indicates that the plan is funded through a trust or general assets of the sponsor, or
 - (b) the filing has an attached Schedule H or I that indicates benefit payments.
- (3) Fully-insured. The plan does not meet the criteria in (1) or (2).

For purposes of this report, private sector employer-sponsored health plans were also divided into six distinct categories based on the Form 5500 filing requirements:

- Small plans (covering fewer than 100 participants as of the beginning of the year) that fully-insure their health plan;

¹⁰ Although Schedule A health insurance contracts reporting a per capita premium of less than \$1,700 are not considered as such to determine the plan funding classification, they are ultimately counted as health insurance contracts in the event that the plan is deemed fully insured.

- Small plans that self-insure but do not have a trust;
- Small plans that self-insure their health plan, and use a trust to hold the plan assets;
- Large plans (covering 100 or more participants as of the beginning of the year) that fully-insure health plans;
- Large plans that self-insure and use a trust to hold the plan assets; and
- Large plans that self-insure but do not operate a trust.

Generally, small group health plans that fully-insure benefits or self-insure benefits but do not have a trust are not required to file a Form 5500.¹¹ All large welfare plans that fully-insure or self-insure benefits without a trust must file, but are only required to file the main Form 5500 and the Schedule A to report information about insurance contracts.

The tables in this document summarize Form 5500 data for health plans that file. In a limited number of cases, the filed information has been edited to better reflect the universe of Form 5500 filing health plans. For example, certain plans that did not indicate an intention to terminate submitted filings that reported zero participants as of the end of the plan year but a positive number of participants at the beginning of the year. In these cases, the beginning of year participation count has been used for the end of year count and all of these participants have been classified as active participants.

The statistics reported within this document also contain one important imputation. Namely, any plans deemed to be mixed-

insured or fully-insured as defined previously are assumed to have at least one health insurance contract even when a Schedule A has not been appropriately filed to provide details on insurance contracts purchased by the plan. Otherwise, all figures reported herein are tabulated without adjustment.

¹¹ Large plans that use a trust to hold the plan assets to self-insure health benefits are required to file a comprehensive Form 5500, including a Schedule H to report financial information about the plan's operations. Generally, those small plans that use a trust to self-insure their health benefits are not required to file a Schedule H. These filings include more abbreviated financial information about the plan's operation as filed on Schedule I or the Form 5500-SF.
