

Federal Award Terms and Conditions

The U.S. Department of Labor (USDOL) is authorized to fund and administer this international project under the Consolidated Appropriations Act 2017 (Pub L. 115-31, Division H), which is hereby incorporated into these terms and conditions of award. See section VII for selected excerpts.

I. ORDER OF PRECEDENCE

In the event of any inconsistency, the following order of precedence shall apply to USDOL award funds:

1. Applicable appropriations
2. Applicable federal statutes and regulations
3. These terms and conditions of award
4. Applicable Management Procedures and Guidelines (MPG)
5. Recipient's written internal policies and procedures (e.g., a PIO's or NGO's Financial Rules, Regulations and Procedures)

See the Bureau of International Labor Affairs' (ILAB's) website for selected resources:

<https://www.dol.gov/agencies/ilab/resources/grants>.

II. FUNDING OPPORTUNITY ANNOUNCEMENT

The Funding Opportunity Announcement (FOA) [FOA number] [Title] and any amendments (insert hyperlink[s] to FOA) are hereby incorporated into this agreement. Recipients are bound by the authorizations, restrictions and requirements contained in the FOA. If there is any inconsistency between the FOA and any statute, regulation, guidance or cost principle, the statute, regulation, guidance or cost principle takes precedence in matters relating to USDOL award funds.

III. TECHNICAL AND COST PROPOSALS

The recipient's technical and cost proposals are incorporated into this agreement and will serve as the framework for project implementation until a Project Document Package is approved. If there is any inconsistency between the technical and cost proposals and any statute, regulation, guidance or cost principle, the statute, regulation, guidance or cost principle takes precedence in matters relating to USDOL award funds.

IV. PROJECT DOCUMENT PACKAGE

The recipient is required to carry out a review of the project strategy and budget outlined in their technical and cost proposals in consultation with the Grant Officer's Representative (GOR) within the timeframe specified in the MPG in order to produce the Project Document Package. If adjustments to the project and/or the budget, above thresholds established in the MPG, terms and conditions of award and/or the regulations are deemed necessary following this review, then the recipient will be required to submit a revision request to the GOR.

V. APPROVED BUDGET

In order for a cost supported by the award to be considered allowable, it must be adequately documented, and meet the other requirements for allowability. See 2 CFR 200.403 for factors that affect the allowability of costs.

Notwithstanding 2 CFR 2900.1 and except for any restricted costs listed in section VI. F Funding

Restrictions, for this award, approval of the budget as awarded constitutes prior approval of those items requiring prior approval, including those items specified in the cost principles, MPG, or terms and conditions of award. Approval of the requested budget does not release the recipient from the responsibility to support only allowable costs from awarded funds throughout the life of the award. Approval does not necessarily prevent audit findings related to approved costs.

The Grant Officer is the only official with the authority to provide prior written approval. If there is any inconsistency between items in the budget documents and any statute, regulation, guidance or cost principle, the statute, regulation, guidance or cost principle take precedence in matters relating to USDOL award funds.

When approved, funds may be transferred electronically to the recipient's financial institution as arranged with HHS. A revised direct deposit form must be submitted whenever there are changes in financial institutions and/or approved signatures.

Advanced payments are authorized provided the recipient maintains or demonstrates the willingness to maintain: Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient. Financial management systems that meet the standards for fund control and accountability as established in 2 CFR Part 200 and 2 CFR Part 2900 Subpart D—Post Federal Award Requirements Standards for Financial and Program Management.

The amount of advances requested must be based on actual and immediate cash needs in order to minimize federal cash on hand in accordance with policies established in 2 CFR 200.305 and 2 CFR 2900.7, Payment. In the event that the recipient accrues interest above \$500 per year on funds from this award, such interest must be returned to USDOL.

Subawards are subject to audit.

The requirements of the terms and conditions of this award must be applied to any subrecipient under this award. F. Procurement

All procurement transactions must be conducted in a manner providing full and open competition consistent with the requirements and exceptions of 2 CFR 200.317-326, Procurement Standards.

G. Indirect Costs

The most recent federally approved Negotiated Indirect Cost Rate Agreement (NICRA) or current federally approved Cost Allocation Plan (CAP) or USDOL-approved rate plan, has been provided – copy attached. Estimated indirect costs are shown on the SF-424A budget form. If a new rate agreement is issued during the life of the award, it must be provided to USDOL within 30 days of issuance. Funds may be re-budgeted as necessary between direct and indirect costs consistent with institutional requirements and USDOL regulations for prior approval, however the total amount of funding will not be increased. Any budget changes impacting the statement of work and agreed upon outcomes or deliverables require a request for modification and prior approval from the Grant Officer.

The organization elected to exclude indirect costs from the proposed budget. Only direct costs, as defined by the applicable cost principles, will be allowed. Audit disallowances may occur if indirect costs are misclassified as direct.

The organization has never received a negotiated indirect cost rate agreement (NICRA) and, pursuant to the exceptions noted at 2 CFR 200.414(f) in the Cost Principles, has elected to charge a de minimis rate of 10% of modified total direct costs (see 2 CFR 200.68 for definition) which may be used indefinitely. This methodology must be used consistently for all federal awards until such time as the recipient chooses to negotiate for an indirect cost rate, which the recipient may apply to do at any time. (See 2 CFR 200.414(f) for more information on use of the de minimis rate.)

A federal cognizant agency (FCA) is the agency responsible for negotiating an organization's indirect cost rate and for issuing the appropriate NICRA. Unless specifically assigned by OMB, the Federal agency from which an organization receives the preponderance of direct funding is normally the FCA. If USDOL is your FCA, you can work with DCD to modify your existing NICRA. More information about USDOL's DCD is available at <http://www.dol.gov/oasam/boc/dcd/>. This website has guidelines to develop indirect cost rates, links to the applicable cost principles, contact information and other FCA websites. The DCD also has Frequently Asked Questions providing general information about the indirect cost rate approval process and due dates for provisional and final indirect cost rate proposals at <http://www.dol.gov/oasam/faqs/FAQ-dcd.htm>.

The total amount of USDOL's financial obligation under this award will not be increased to reimburse the recipient for higher indirect costs rates that may come into effect after award.

H. Revisions and Modifications

1. Unilateral modifications by Grant Officer

The Grant Officer may unilaterally modify this cooperative agreement in writing whenever there has

been a change in any federal statute, regulation, executive order, or other federal law that USDOL determines is relevant to the financial assistance provided under the award.

2. Modifications requiring Grant Officer approval

2 CFR 200.308 and 2 CFR 2900.11, Revision of budget and program plans, sets forth requirements for obtaining Grant Officer approval for deviations from the approved objectives, scope, or budget. See also 2 CFR 200.420 Considerations for selected items of cost and the MPG for information on actions requiring prior written approval.

I. Allowable Costs

Payment up to the amount awarded shall be made only for allowable costs actually incurred in conducting project activities. The determination of allowable costs shall be made in accordance with the applicable federal cost principles as described in 2 CFR Part 200 Subpart E and in these terms and conditions of award section, Administrative Requirements.

Approval of the requested budget does not release the recipient from the responsibility to support only allowable costs from awarded funds throughout the life of the award.

J. Closeout

At the end of the award period, the recipient will be required to complete closeout activities. Information concerning the recipient's responsibilities at closeout may be found in 2 CFR 200.343, 2 CFR 2900.15, and in the MPG. All closeout activities must be completed no later than 90 days after the end of the award period unless prior approval is received from USDOL.

K. Encumbrance of Award Funds

Award funds may not be encumbered or obligated by the recipient prior to or after the award period. Encumbrances or obligations outstanding as of the end of the award period may be liquidated (paid out) after the end of the award period. Such encumbrances or obligations shall involve only specified commitments for which a need existed during the award period and that are supported by approved contracts, purchase orders, requisitions, invoices, bills, or other evidence of liability consistent with the recipient's purchasing procedures and incurred within the award period. All encumbrances/obligations incurred during the award period shall be liquidated no later than 90 days after the end of the award period or prior to the expiration of the awarded funds, whichever is sooner.
