UNITED BRICK AND CLAY WORKERS OF AMERICA, AFL-CIO

DISTRICT COUNCIL #9 PENSION PLAN

This is to inform you that on October 8, 2008, as a result of the Pension Protection Act, the plan actuary certified to the plan trustees that the Pension Plan is in critical status for the plan year beginning April 1, 2008. Federal law requires that you receive this notice.

Critical Status

Before any changes or modifications, the Plan was considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Plan's actuary determined that the Plan's funded percentage for the plan year beginning April 1, 2008 was 31% (a comparison of the assets to the present value of accumulated benefits) and is projected to have an accumulated funding deficiency in the fiscal year ending March 31, 2009.

Reconciliation Plan

Federal law requires pension plans in critical status adopt a reconciliation plan aimed at restoring the financial health of the Plan. The law permits pension plans to reduce, or even eliminate, certain benefits as part of the plan as well as increase contributions. If the Trustees of the Plan determine that benefit reductions or modifications are necessary, you will receive a separate notice identifying and explaining the effect of those reductions.

Where to Get More Information

For more information about this Notice, you may contact Todd McClave at Superior Clay or call (740) 922-4122. You have the right to receive a copy of the funding improvement plan after it has been adopted by the Trustees.
