

**Notice of Critical Status
For
Media Guild Retirement Plan**

**EBSA/PUBLIC DISCLOSURE
2009 AUG 28 AM 7:05**

This is to inform you that on March 31, 2009 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan will be in critical status for the plan year beginning on January 1, 2009. Federal law requires that you receive this notice.

Critical Status

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the sum of the plan's normal cost and interest on the unfunded benefits for the current plan year exceeds the present value of all expected contributions for the year; the present value of vested benefits of inactive participants is greater than the present value of vested benefits of active participants; and over the next four plan years, the plan is projected to have an accumulated funding deficiency for the 2013 plan year.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after April 6, 2009. But you should know that whether or not the plan reduces adjustable benefits in the future, effective as of April 6, 2009, the plan is not permitted to pay lump sum benefits other than de minimis amounts (or any other payment in excess of the monthly amount paid under a single life annuity) to a participant or beneficiary whose annuity starting date occurs after April 6, 2009, while the plan is in critical status.

Adjustable Benefits

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt:

- Disability benefits (if not yet in pay status);
- Early retirement benefits;
- Joint and Survivor Annuity subsidy;
- Benefit payment options other than a qualified joint and survivor annuity (QJSA);
- Supplemental Benefit.

Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status.
