

**Notice of Critical Status
For**

**Kansas Construction Trades Open End Pension Trust Fund
EIN: 48-6171387
PN: 001**

This is to inform you that on March 31, 2010 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in critical status for the plan year beginning January 1, 2010. Federal law requires that you receive this notice.

Critical Status

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan is projected to have an accumulated funding deficiency for the 2010 plan year.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after April 30, 2010. But you should know that whether or not the plan reduces adjustable benefits in the future, effective as of April 30, 2010, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

Adjustable Benefits

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt.

- Thirty-six month payment guarantees,
- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy;
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA),
- Recent benefit increases (i.e., occurring in past 5 years),
- Subsidized joint & survivor payment forms,
- Pre-retirement death benefits for unmarried participants,
- Qualified pre-retirement survivor benefits in excess of 50% continuance to spouse

Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status. **In the case of this Fund, the 5% surcharge will apply to contributions for work performed on or after May 30, 2010, 30 days after the date of this Notice. Surcharges will increase to 10% as of January 1, 2011. Once the bargaining parties negotiate a schedule provided under the Rehabilitation Plan and the schedule is adopted into a Collective Bargaining Agreement, the obligation for the employer to pay the surcharges is eliminated.**
