Enclosure

**Notice of Endangered Status
for the
Plumbers Local Union No. 690 Pension Fund**

This is to inform you that on September 25, 2009 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in endangered status for the plan year beginning July 1, 2009. Federal law requires that you receive this notice.

Endangered Status

The plan is considered to be in endangered status because the plan's actuary has determined that the funded percentage of the plan is less than 80% for the plan year beginning July 1, 2009. The funded percentage as of July 1, 2009 for certification purposes is 66.7%.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the plan. This is the second year that the plan has been in endangered status. As part of the funding improvement plan, the plan's funded percentage must be increased to 83.9%, and there must be no projected funding deficiency within the 10-year funding improvement period. A Funding Improvement Plan has been approved by the Trustees.
