

Notice of Endangered Status  
For  
Roofers Local No. 71 Pension Plan

EBBA/PUBLIC DISCLOSURE  
2013 OCT 17 PM 5:04

This is to inform you that on September 20, 2013 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in endangered status for the plan year beginning July 1, 2013. Federal law requires that you receive this notice.

Endangered Status

The plan is considered to be in Endangered Status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the funded percentage of the plan is greater than 65% but less than 80% for the July 1, 2013 to June 30, 2014 plan year.

Funding Improvement Plan

Federal law requires pension plan in Endangered Status to adopt a Funding Improvement Plan aimed at restoring the financial health of the plan. This is the fourth year the plan has been in Endangered Status. The law requires pension plans to develop schedules showing revised benefit and contribution structures designed to meet specific benchmarks for reducing the amount of underfunding.
