

GRAPHIC ARTS LOCAL 62B INDUSTRY PENSION PLAN

This is to inform you that in June 2020, the Graphic Arts Local 62B Industry Pension Plan's actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan will be in critical status for the plan year beginning April 1, 2020. Federal law requires that you receive this notice.

Critical Status

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Graphic Arts Local 62B Industry Pension Plan's (Pension Fund) actuary determined that the Pension Fund is projected to be approximately 80% funded but is projected to have a funding deficiency in the next three to five year period.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the Pension Fund. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the Pension Fund determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any future or additional reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, any future or additional reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after June 30, 2020. But you should know that whether or not the plan reduces adjustable benefits in the future, the Pension Fund is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

Rehabilitation Plan/Reasonable Measures Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan (or reasonable measures rehabilitation plan) aimed at restoring or extending the financial health of the Pension Fund. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the Trustees of the Pension Fund determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, any future or additional reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after June 30, 2020.

Adjustable Benefits

The Pension Fund offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan or reasonable measures rehabilitation plan the Pension Fund may adopt:

- Early retirement benefit or retirement-type subsidy;
- Disability benefits;
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA);

Employer Surcharge

The law requires that all contributing employers pay to the Pension Fund a surcharge to help correct the Pension Fund's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the Pension Fund under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status and has not adopted a Rehabilitation Plan or Reasonable Measures Rehabilitation Plan.

Where to Get More Information

For more information about this Notice, you may contact the Ms. Mindy Outwater, Fund Administrator at 973-227-6801 or at the Fund Office at 1099 Bloomfield Avenue, West Caldwell, NJ 07006. You have a right to receive a copy of the rehabilitation plan from the plan.

Date: July 30, 2020
