Address:
    16305 Dalmalley Ln
    Dallas, TX, 75248
Submitter’s Representative: Johnny Porter

General Comment

I think the federal government does not deserve the ability to handle my hard earned and saved money. The way Congress spends money now is irresponsible and is not going away. They will only use my money to support other people who have not sacrificed or saved one penney for retirement.
Social Security will be a joke in 5 to 10 yrs and this program will follow the same fate.
Keep the Federal Government out of my retirement plans.
