General Comment

Hello

I am an individual with Schizophrenia and Bi-Polar illness and have been paying more for everything all my life. This is great legislation and I can only hope it will come

to be. Why should I have to pay more for Hospital Stays, Insurance or Dr. visits just because I have an illness of the brain. It is about time you all catch on to the idea that this is an illness and no different than any other. Thank you for coming out of the stone age.
