CHOOSING A RETIREMENT SOLUTION FOR YOUR SMALL BUSINESS CLIENTS

A Seminar on Retirement Savings Options

JUNE 20, 2006

U.S. Department of Labor

The U.S. Department of Labor is offering a local seminar to educate accountants and their small business clients about retirement savings options to help them start and operate a retirement plan.

Small businesses are the fastest growing sector of the economy. As advisors to these small businesses, CPAs have an understanding of their needs, including those related to employee benefit plans. The Department of Labor's interest in retirement savings education stems from its desire to improve American's retirement security.

Starting a retirement savings plan for a small business can be easier than most business people think. What's more, there are a number of retirement programs that provide tax advantages to both employers and employees. This seminar will provide practical information, helpful tips and an opportunity to get your questions answered. This is a basic seminar to provide an introduction to those who do not have a strong background in employee benefits.

NEW YORK, NEW YORK
