**SUPPLEMENTARY INFORMATION:**

**I. Background**

Prohibited Transaction Class Exemption 78–6 allows a multiple employer welfare benefit plan maintained for the purpose of providing apprenticeship or other training programs (apprenticeship plan) to (1) purchase personal property and (2) lease personal property or real property (other than office space as described in section 408(b)(2) of the Employee Retirement Income Security Act of 1974 (ERISA)) from an employer who makes contributions to an apprenticeship plan (contributing employer), from a wholly-owned subsidiary of a contributing employer, or from an employee organization any of whose members’ work results in contributions being made to the apprenticeship plan. In the absence of this exemption, sections 406(a)(1) (A), (C) and (D) of ERISA might prohibit part or all of these transactions.

**II. Desired Focus of Comments**

The Department is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**III. Current Action**

This existing information collection should be continued because without this exemption, apprenticeship plans would have difficulty operating in accordance with the purposes for which they were established. For the Department to grant an exemption, however, it is required by the provisions of section 408(a) of ERISA to ensure the participants and beneficiaries are protected. It, therefore, included certain conditions and required that records be kept for six years from the date of the transaction so that the Department, contributing employers and their employees, the sponsoring employee organization, and plan participants can determine whether these conditions have been met. Without such records, the Department and other interested parties would be unable to enforce the terms of the exemption and ensure user compliance.
