SUPPLEMENTARY INFORMATION:

I. Background

ERISA section 101(e) sets forth certain notice requirements which must be satisfied before an employer may transfer excess assets from a defined benefit plan to a retiree health benefits account as otherwise permissible after satisfying the conditions set forth in section 420 of the Internal Revenue Code of 1986, as amended (Code). Section 101(e)(1) describes the plan administrator’s obligation to provide advance written notification of such transfers to participants and beneficiaries. Section 101(e)(2)(A) describes the employer’s obligation to provide advance written notification to the Secretaries of Labor and Treasury, the administrator, and each employee organization representing participants in the plan. The requirements relating to advance notification of transfers to retiree health benefit accounts were added to ERISA as part of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508). The ICR included in ERISA Technical Release 9–1 provides guidance on the type of information to be provided in the notices to both the participants and beneficiaries and the Secretaries.
