DEPARTMENT OF LABOR

Pension and Welfare Benefits Administration

Proposed Extension of Information Collection Request Submitted for Public Comment; ERISA Summary Annual Report

AGENCY: Pension and Welfare Benefits Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Pension and Welfare Benefits Administration is soliciting comments on the proposed extension of the ERISA Summary Annual Report requirement. A copy of the information collection request (ICR) can be obtained by contacting the individual shown in the Addresses section of this notice.

DATES: Written comments must be submitted to the office shown in the Addresses section on or before February 10, 2003.

SUPPLEMENTARY INFORMATION:

I. Background

Section 104(b)(3) of ERISA and regulations published at 29 CFR 2520.104b-10 require, with certain exceptions, that administrators of employee benefit plans furnish participants and beneficiaries annually with material that fairly summarizes the information included in the plan’s latest annual report. The regulation prescribes the format for the summary annual report (SAR), and requires that the SAR be provided within nine months after the close of the plan year. The SAR is required to be provided to plan participants and beneficiaries to ensure that they are informed concerning the financial operation and condition of their plans. These disclosures to plan participants also assist the Department in its enforcement responsibilities by providing participants with sufficient information to exercise their rights under ERISA.

II. Review Focus

The Department of Labor (Department) is particularly interested in comments that:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Office of Management and Budget’s (OMB) approval of this ICR will expire on February 28, 2003. After considering comments received in response to this notice, the Department intends to submit the ICR to OMB for continuing approval. No change to the existing ICR is proposed or made at this time.
