The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990). If the exemption is granted, the restrictions of section 406(a), 406(b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to the proposed cash sale by the Plan to the Alloy Die Casting Co./W.E. Holmes, Inc. (Alloy), the Plan sponsor and a party in interest with respect to the Plan, of units (the Units) in the Krupp Insured Plus-II Limited Partnership (the Partnership), provided: (a) the sale is a one-time transaction for cash; (b) no commisions or other expenses are paid by the Plan in connection with the sale; and (c) the Plan will receive $1.15 above the highest bid price for the Units at the most recent sealed bid auction for the Units which has occurred prior to the time of the sale; and (d) Alloy will purchase the Units from the Plan within 10 calendar days following the granting of the exemption proposed herein.

Summary of Facts and Representations

1. On June 23, 1997, the Department proposed an exemption for the subject transaction (62 FR 39392). However, the exemption proposed therein provided for a sales price for the Units of the greater of: (1) $13.05 per Unit, or (2) $1.15 above the highest bid price for the Units at the most recent sealed bid auction for the Units which has
occurred prior to the time of the sale. The floor price of $13.05 per Unit derived from the highest bid price at the most recent sealed bid auction prior to the filing of the exemption application request.

2. The applicant represents that subsequent to the publication of the proposed exemption, Krupp Insured Plus Corp. (Krupp), a general partner of the Partnership, announced that all holders of Partnership Units would receive a special distribution (the SD) of $.71 per Unit. The applicant represents that this SD constitutes a material change which necessitates an amendment to the proposed exemption cited in rep. 1, above. The applicant states that the SD will result in a decrease in the fair market value of each Unit at the next sealed bid auction. Consequently, if the exemption were to be granted as originally proposed, Alloy would be paying significantly more than the fair market value of the Units. While Alloy felt that the proposed transaction, as published in the above cited proposed exemption, was close to fair market value at the time of the application and the publication, Alloy no longer believes that the proposed purchase price therein is representative of fair market value in light of the SD. Therefore, Alloy has requested that the proposed exemption be amended to the price of $1.15 above the highest bid price for the Units at the most recent sealed bid auction for the Units which has occurred prior to the time of the sale, but subsequent to the SD. The applicant further represents that Alloy will purchase the Units from the Plan within 10 calendar days of the granting of the exemption proposed herein.

3. For a more complete statement of the circumstances involved in the subject transaction, refer to the notice of proposed exemption cited in rep. 1, above.

Bloom Consulting Corporation Profit Sharing Plan (the Plan), Located in Tiburon, California

[Application No. D–10440]

Proposed Exemption

The Department of Labor is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code in accordance with the procedures set forth in 29 CFR part 2570, subpart B (55 FR 32836, August 10, 1990). If the exemption is granted, the sanctions resulting from the application of section 4975 of the Code, by reason of sections 4975(c)(1) (A) through (E) of the Code shall not apply to the proposed purchase by the Plan of shares of common stock of Valley Forge Corporation (the Stock) from the Martin J. Bloom Family Trust, (the Trust) a disqualified person with respect to the Plan provided that the following conditions are satisfied: (1) the purchase of the Stock will be a one-time transaction for cash; (2) the Plan will purchase the Stock at a price no greater than the fair market value of the Stock as reported on the American Stock Exchange (AMEX) on the date of purchase; (3) the Plan will not pay any expenses in connection with the proposed transaction; and (4) the purchase of the Stock shall represent no more than 25% of the fair market value of the Plan’s assets.

Summary of Facts and Representations

1. The Plan is a profit sharing plan established and maintained by Bloom Consulting Group, with one participant, Martin Bloom. As of September 1996, the fair market value of the Plan’s assets was $5,307,723. In addition, Mr. Bloom is also the sole owner of Bloom Consulting Group which specializes in real estate investment and management consulting services. The Plan’s trustees are Mr. Bloom and Theodore Desloge, Jr. Martin J. Bloom is also the owner of 100% of the beneficial interest in the Trust.

2. Mr. Bloom proposes that the Plan purchase the Stock from the Trust. The Stock is traded on the American Stock Exchange (the AMEX). The purchase will be a one time transaction for cash. The total purchase price of the Stock will be determined by multiplying the number of shares to be purchased by the Plan by the closing price of the Stock as quoted on the AMEX on the date of the transaction. The value of the total shares of the Stock to be purchased by the Plan will be equal to the lesser of (a) $1,000,000 or (b) 25% of the fair market value of the Plan’s assets at the time the transaction closes. The Plan will not pay any commissions or other expenses in connection with the purchase of the Stock.

3. Mr. Bloom believes it is in the interest of the Plan to purchase the Stock. The Stock is a desirable investment for the Plan because of its history of steady growth. Further, Mr. Bloom believes that the market undervalues the stock, and it is a very safe investment for the Plan. In addition, the proposed transaction will permit the Plan to acquire the Stock without incurring any sales commissions or fees which ordinarily are associated with such a purchase on the open market.

4. In summary, the applicant represents that the proposed transaction meets the statutory criteria of section 4975(c)(2) of the Code because: (a) the purchase of the Stock is a one time transaction for cash; (b) the Plan will pay no more than the fair market value of the Stock as traded on the AMEX; (c) no sales commissions or other expenses will be incurred by the Plan; and (d) the value of the total shares of Stock to be purchased by the Plan shall be lesser of $1,000,000 or 25% of the Plan’s total assets.

Notice to Interested Persons: Since Mr. Bloom is the only participant of the Plan, the only participant affected by the proposed transaction, it has been determined that there is no need to distribute the notice of proposed exemption to interested persons.

Comments and hearing requests on the proposed transaction are due 30 days after the date of publication of this notice in the Federal Register.

General Information

The attention of interested persons is directed to the following:

1. The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest of disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

2. Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the Plan and of its participants and beneficiaries and
