The requirements governing the content of the opinion and report of the independent qualified public accountant are set forth in ERISA section 103(a)(3)(A) and 29 CFR 2520.103-1(b)(5).

ERISA section 104(a)(4) permits the Department to reject an annual report if it determines that there is a material qualification by an accountant contained in the opinion required to be submitted pursuant to section 103(a)(3)(A). If the Department rejects a filing under section 104(a)(4), and the administrator fails to submit a satisfactory filing within 45 days, the Department may, among other things, assess a civil penalty of up to $1,000 a day against the administrator for failing or refusing to file an annual report.

The Department has received a number of inquiries from multiemployer plan administrators, trustees, benefit consultants, and accountants concerning whether a Form 5500 filed by an administrator of a multiemployer plan specifies that provides for post-retirement welfare benefits would be rejected by the Department solely because the independent qualified public accountant’s opinion accompanying such report is “qualified” or “adverse” due to a failure to account and report for post-retirement welfare benefit obligations in accordance with the financial statement disclosure requirements of SOP 92-6.

Supplementary Information:

A. Background

In general, the administrator of an employee benefit plan with 100 or more participants at the beginning of a plan year is required under Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Department’s regulations issued thereunder, to file a Form 5500 and to include as part of that report the opinion of an independent qualified public accountant. \(^1\) The requirements governing the content of the opinion and report of the independent qualified public accountant are set forth in ERISA section 103(a)(3)(A) and 29 CFR 2520.103-1(b)(5).

ERISA section 104(a)(4) permits the Department to reject an annual report if it determines that there is a material qualification by an accountant contained in the opinion required to be submitted pursuant to section 103(a)(3)(A). If the Department rejects a filing under section 104(a)(4), and the administrator fails to submit a satisfactory filing within 45 days, the Department may, among other things, assess a civil penalty of up to $1,000 a day against the administrator for failing or refusing to file an annual report.

The Department has received a number of inquiries from multiemployer plan administrators, trustees, benefit consultants, and accountants concerning whether a Form 5500 filed by an administrator of a multiemployer plan \(^3\) that provides for post-retirement welfare benefits would be rejected by the Department solely because the independent qualified public accountant’s opinion accompanying such report is “qualified” or “adverse” due to a failure to account and report for post-retirement welfare benefit obligations in accordance with the financial statement disclosure requirements of SOP 92-6. \(^4\)

Post-retirement welfare benefits would include, for example, health and medical benefits for eligible retirees provided under a welfare benefit plan. In general, compliance with SOP 92-6 is required for financial statements of employee welfare benefit plans that are prepared in accordance with generally accepted accounting principles (GAAP). Among other things, SOP 92-6 amends the welfare plan financial statement disclosure requirements in the AICPA’s Audit and Accounting Guide, “Audits of Employee Benefit Plans,” to require welfare plans to account for and report post-retirement benefit obligations.

The inquiries from multiemployer plan representatives generally questioned the usefulness of the post-retirement benefit obligation disclosure requirement under SOP 92–6 to multiemployer plan trustees or participants and beneficiaries. The inquiries also indicated that accounting and reporting for post-retirement obligations in accordance with the financial statement disclosure requirements of SOP 92-6 would result in substantial increases in both administrative burdens and costs to affected multiemployer plans.

The Department is considering whether the proposed annual reporting enforcement policy, as described below, should be adopted. In view of the fact that the AICPA made the SOP 92-6 guidelines applicable to multiemployer plans for plan years beginning after December 15, 1995, and the fact that the Department heretofore had not provided guidance on the issue, the Department decided that while this proposal is pending it would not reject annual reports of multiemployer plans filed for the 1996 and 1997 plan years solely because the accountant’s opinion accompanying such report is “qualified” or “adverse” due to a failure to account and report for post-retirement welfare benefit obligations in accordance with SOP 92-6.

B. Proposed Annual Reporting Enforcement Policy

Pursuant to section 103(a)(3)(A), the independent qualified public accountant engaged on behalf of
participants and beneficiaries is required to conduct, "an examination of any financial statements of the plan, and of other books and records of the plan, as the accountant may deem necessary to enable the accountant to form an opinion as to whether the financial statements and schedules * * * are presented fairly in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year." The Department has taken the position that section 103(a)(3)(A) does not require plans to maintain their statements, books and records in accordance with GAAP. However, for purposes of compliance with ERISA's annual reporting requirements, the notes to the financial statements must describe, among other things, the accounting principles and practices reflected in the financial statements and, if applicable, variances from GAAP. Accordingly, an accountant's opinion that notes variances from GAAP would not for that reason alone be unacceptable to the Department.

With regard to accounting and reporting for post-retirement welfare benefit obligations in accordance with the financial statement disclosure requirements of SOP 92±6, the Department notes that there is nothing in Title I of ERISA, the Department's regulations issued thereunder, or the Form 5500, including instructions thereto, that specifically requires an accounting or reporting by welfare benefit plans for post-retirement welfare benefit obligations. The Department also notes that, unlike pension benefit plans, ERISA does not impose minimum funding requirements on welfare benefit plans.

In view of the foregoing, the Department is proposing to adopt an annual reporting enforcement policy pursuant to which the Department will not reject the Form 5500 Annual Return/Report of a multiemployer plan, within the meaning of ERISA section 3(37), solely because the accountant's opinion accompanying such report is "qualified" or "adverse" due to a failure to account and report for post-retirement welfare benefit obligations in accordance with the financial statement disclosure requirements of SOP 92±6.
action is “significant” and therefore subject to review by the Office of Management and Budget (OMB) and the requirements of the Executive Order. Under section 3(f), the Order defines a “significant regulatory action” as an action that is likely to result in a rule (1) having an annual effect on the economy of $100 million or more, or adversely and materially affecting a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments or communities (also referred to as “economically significant”); (2) creating a serious inconsistency or otherwise interfering with an action taken or planned by another agency; (3) materially altering the budgetary impacts of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raising novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in the Executive Order.

Pursuant to the terms of the Executive Order, the proposed action that is the subject of this notice has been determined to be “significant” under category (4), supra, and, therefore, has been reviewed by OMB.

Subsequently, the Library adjusted the schedule, and informed the participating parties that the 180-day arbitration period would begin on March 3, 1997.
