The Company stated that it would be in the position to purchase the Property at this price due to the fact that the Company had recently sold another piece of property for $150,000 with respect to which the Company was trying to complete a Code section 1031 like-kind exchange. The Company further states that based upon the section 1031 requirements, the like-kind exchange had to be completed by April 15, 1998, and the Company determined that due to the notice requirements of the exemption process, the exemption would not be granted before this date. Accordingly, the Company purchased the Property from the Plan on April 15, 1998. The applicant represents that the Sale was in the interest of the Plan because it permitted the Plan to fully recover the money it invested in the Property, and it appeared highly unlikely that the Plan could sell the Property to a third party in its current condition at such a price. In addition, the Plan incurred no expenses as a result of the Sale.

In summary, the applicant represents that the transaction satisfies the statutory criteria of the section 408(a) of the Act and section 4975(c)(2) of the Code because: (1) the Sale was a one-time transaction for cash; (2) the Plan paid no expenses associated with the Sale; and (3) the Plan received the greater of the fair market value as determined by an independent, qualified appraiser of the Property or $134,600 which represents the Plan’s total investment in the Property.

General Information

The attention of interested persons is directed to the following:

1. The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest of disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

2. Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries and protective of the rights of participants and beneficiaries of the plan;

3. The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

4. The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.

Signed at Washington, DC, this 1st day of July, 1998.

BILLING CODE 4510–29–P

DEPARTMENT OF LABOR

Pension and Welfare Benefits Administration

AGENCY: Pension and Welfare Benefits Administration, Labor.

ACTION: Grant of Individual Exemptions.

SUMMARY: This document contains exemptions issued by the Department of Labor (the Department) from certain of the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974 (the Act) and/or the Internal Revenue Code of 1986 (the Code).

Notices were published in the Federal Register of the pendency before the Department of proposals to grant such exemptions. The notices set forth a summary of facts and representations contained in each application for exemption and referred interested persons to the respective applications for a complete statement of the facts and representations. The applications have been available for public inspection at the Department in Washington, DC. The notices also invited interested persons to submit comments on the requested exemptions to the Department.

In addition the notices stated that any interested person might submit a written request that a public hearing be held (where appropriate). The applicants have represented that they have complied with the requirements of the notification to interested persons. No public comments and no requests for a hearing, unless otherwise stated, were received by the Department.

The notices of proposed exemption were issued and the exemptions are being granted solely by the Department because, effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978 (43 FR 47713, October 17, 1978) transferred the authority of the Secretary of the Treasury to issue exemptions of the type proposed to the Secretary of Labor.

Statutory Findings

In accordance with section 408(a) of the Act and/or section 4975(c)(2) of the Code and the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990) and based upon the entire record, the Department makes the following findings:

(a) The exemptions are administratively feasible;

(b) They are in the interests of the plans and their participants and beneficiaries; and

(c) They are protective of the rights of the participants and beneficiaries of the plans.

Union Bank of Switzerland (UBS/Swiss) and UBS Securities, LLC (UBS Securities) Located in Zurich, Switzerland and New York, New York, Respectively

Exemption

The restrictions of sections 406(a)(1)(A) through (D) and 406(b)(1) and (2) of the Act and the sanctions resulting from the application section 4975 of the Code, by reason of section 4975(c)(1)(A) through (E) of the Code, shall not apply to the (1) lending of securities to UBS/Swiss, UBS Securities, UBS Ltd. (UBS/UK), UBS Securities Limited (UBS/Japan) and their successors in interest, which are or will
be affiliated domestic or foreign brokers-dealers of UBS Securities, by employee benefit plans (the Client Plans or Plans), including commingled investment funds holding plan assets, for which UBS/US, acting through its New York branch in connection with securities lending activities (UBS NY), an affiliate of the proposed UBS Borrowers, may serve as a securities lending agent, sub-agent, or as a custodian or a directed trustee to Client Plans under either of two securities lending arrangements, referred to herein as “Plan A” or “Plan B”; and (2) the receipt of compensation by UBS NY in connection with these transactions.

This exemption is subject to the following conditions:

(a) For each Client Plan, neither UBS NY, any of the UBS Borrowers nor any affiliate of those entities has discretionary authority or control with respect to the investment of the Plan assets involved in the transaction, or renders investment advice (within the meaning of 29 CFR 2510.3-21(c)) with respect to those assets.

(b) With regard to—

(1) Plan A, under which UBS NY lends securities of a Client Plan to any UBS Borrower to either an agency or sub-agency arrangement, such arrangement is approved in advance by a Plan fiduciary who is independent of UBS NY and the UBS Borrower and is negotiated by UBS NY which acts as a liaison between the lender and the borrower to facilitate the securities lending transaction.

(2) Plan B, under which the UBS Borrower directly negotiates the agreement with the fiduciary of a Client Plan, including a Plan for which UBS NY provides services with respect to the portfolio of securities to be loaned pursuant to an exclusive borrowing arrangement (the Exclusive Borrowing Arrangement), such Client Plan fiduciary is independent of both the UBS Borrower and UBS NY, and UBS NY does not participate in any such negotiations.

(c) The independent fiduciary of a Client Plan approves the general terms of the securities loan agreement (the Loan Agreement) between the Client Plan and the UBS Borrower.

(d) The terms of each loan of securities by a Client Plan to a UBS Borrower are at least as favorable to such Plan as those of a comparable arm's length transaction between unrelated parties.

(e) A Client Plan may terminate the agency or sub-agency arrangement under Plan A or an Exclusive Borrowing Agreement under Plan B at any time, without penalty, on five business days notice, whereupon the UBS Borrowers will deliver certificates for securities identical to the borrowed securities (or the equivalent thereof in the event of reorganization, recapitalization or merger of the issuer of the borrowed securities) to the Client Plan within—

(1) The customary delivery period for such securities;

(2) Five business days; or

(3) The time negotiated for such delivery by the Client Plan and the UBS Borrowers, whichever is less.

(f) The Client Plan or its designee receives from each UBS Borrower by physical delivery or by book entry in a securities depository located in the United States, wire transfer or similar means by the close of business on or before the day the loaned securities are delivered to the UBS Borrower, collateral consisting of U.S. currency, securities issued or guaranteed by the United States Government or its agencies or instrumentalities, or irrevocable bank letters of credit issued by a U.S. bank, other than UBS NY or an affiliate thereof, or any combination thereof, or other collateral permitted under PTE 81-6 as it may be amended or superseded.

(g) The market value (or in the case of a letter of credit, a stated amount) of the collateral on the close of business on the day preceding the day of the loan is initially at least 102 percent of the market value of the loaned securities. The applicable Loan Agreement gives the Client Plan a continuing security interest in and a lien on the collateral. The level of collateral is monitored daily (either by UBS NY under Plan A, or by UBS NY or another designee of the Client Plan under Plan B). If the market value of the collateral, on the close of trading on a business day is less than 100 percent of the market value of the loaned securities at the close of business on that day, the UBS Borrower is required to deliver, by the close of business on the next day, sufficient additional collateral to bring the level to at least 102 percent.

(h) Prior to entering into a Loan Agreement, the applicable UBS Borrower furnishes each Client Plan its most recently available audited and unaudited statements to UBS NY, and in turn, such statements are provided to the Client Plan before the Client Plan approves the terms of the Loan Agreement. The Loan Agreement contains a requirement that the applicable UBS Borrower must give prompt notice at the time of a loan of any material adverse changes in its financial condition since the date of the most recently furnished financial statements. If any such changes have taken place, UBS NY does not make any further loans to the UBS Borrower unless an independent fiduciary of the Client Plan is provided notice of any material change and approves the loan in view of the changed financial condition.

(i) In return for lending securities, the Client Plan either—

(1) Receives a reasonable fee, which is related to the value of the borrowed securities and the duration of the loan; or

(2) Has the opportunity to derive compensation through the investment of cash collateral. (Under such circumstances, the Client Plan may pay a loan rebate or similar fee to UBS Borrowers, if such fee is not greater than the fee the Client Plan would pay in a comparable arm’s length transaction with an unrelated party.)

(j) All procedures regarding the securities lending activities will, at a minimum, conform to the applicable provisions of PTEs 81-6 and 82-63 as well as to applicable securities laws of the United States, Switzerland, the United Kingdom or Japan.

(k) UBS NY agrees to indemnify and hold harmless the Client Plan in the United States (including the sponsor and fiduciaries of such Client Plan) for any transactions covered by this exemption with a UBS Borrower so that the Client Plan does not have to litigate, in the case of a UBS Foreign Borrower, in a foreign jurisdiction nor sue the UBS Foreign Borrower to realize on the indemnification. Such indemnification, by UBS NY, is against any and all reasonably foreseeable damages, losses, liabilities, costs and expenses (including attorney’s fees) which the Client Plan may incur or suffer, arising from any impermissible use by the UBS Borrower of the loaned securities or from an event of default arising from the UBS Borrower's failing to deliver loaned securities in accordance with the applicable Loan Agreement or to otherwise comply with the terms of such agreement, except to the extent that such losses or damages are caused by the Client Plan's own negligence.

---

1 For purposes of this exemption, UBS/US, UBS/UK, UBS/Swiss, acting through its New York branch in connection with securities lending activities, their successors in interest, and their predecessors in interest are collectively referred to as the UBS Foreign Borrowers. In addition, UBS Securities, including its successor in interest, and the UBS Foreign Borrowers referred to herein as the UBS Borrowers or individually as a UBS Borrower.

2 The Department, herein, is not providing an exemption for fiduciary or other transactions engaged in by primary lending agents, other than UBS NY, beyond that provided pursuant to Prohibited Transaction Exemption (PTE) 81-6 (6 FR 7527, January 23, 1981, as amended at 52 FR 18754, May 19, 1987) and PTE 82-63 (47 FR 14804, April 6, 1982).

Written Comments
During the comment period, the
Department received one written
comment with respect to the Notice and
no requests for a public hearing. The
comment letter was submitted by UBS/
Swiss and UBS Securities (together,
the Applicants) and is intended to clarify
the operative language of the Notice and
the Summary. Presented below are a
discussion of the Applicants’ comments
and the Department’s responses.

General Comments
The Applicants wish to make the
following general comments to reflect
changed circumstances since the
original filing of the exemption
application.
1. Successors in Interest. The
Applicants represent that there is
currently a pending merger between
UBS Swiss and Swiss Bank. The
transaction, which has not been
structured as an asset sale but rather as
a transfer of stock, would result in the
formation of a new entity that would be
named “UBS AG.” In effect, the
Applicants state that the shareholders of
UBS Swiss and Swiss Bank would
surrender shares of stock in their
respective entities in exchange for
shares of UBS AG. Following the
merger, UBS Securities would be
renamed “Warburg Dillon Read LLC.”
The names of UBS/UK and UBS/Japan
would remain unchanged. The
Applicants state that they have obtained
final regulatory approval and anticipate
that the merger will be consummated by
the end of June 1998.

To ensure that the requested
exemption will still be effective
following the merger, the Applicants
have requested that it be revised, as
necessary, to extend to successors in
interest to the Applicants and their
affiliates. Therefore, the Department has
revised the operative language of the
exemption by making it applicable to
successors in interest to UBS Swiss,
UBS Securities and their affiliates,
including UBS NY and the UBS/UK and
UBS/Japan.

2. Representation 1(b) of the
Summary. The last sentence in the
second paragraph of Representation 1(b)
of the Summary states that “All
borrowings by UBS Securities must
conform to applicable provisions of the
Federal Reserve Board’s Regulation T.”
The Applicants note that Regulation T
has been amended as of April 1, 1998
and therefore, believe that a
representation as to compliance with
Regulation T should be made only to the
extent it is applicable to the UBS
Borrower and the transaction.
Accordingly, the Applicants suggest that
the last sentence of Representation 1(b)
be revised to read as follows:

All borrowings by UBS Securities must
conform to applicable provisions of the
Federal Reserve Board’s Regulation T, to the
extent such regulation is applicable
approving the notice is applicable to
UBS Securities and to the transaction.

In concurrence, the Department has
made the requested change in
Representation 1(b) of the Notice.

Specific Comments
1. Operative Language of the Notice
and Representation 8 of the Summary.
In the operative language of the Notice,
the introductory paragraph and
Representation 8 of the Summary briefly
state that UBS NY may serve as a
securities lending agent, a sub-agent or
as a custodian or a directed trustee to
Client Plans under either of two
securities lending arrangements, which
are referred to therein as “Plan A” and
“Plan B.” To clarify the statements
made in these paragraphs, the
Applicants point out that when UBS NY
effects securities lending activities on
behalf of a Client Plan, it may be acting
as a lending agent or a sub-agent
pursuant to discretion agency
documentation or pursuant to authority
granted under a trust or custodial
agreement with the Client Plan which
expressly includes the securities lending
activity.

The Department has noted the
clarification offered by the Applicants.
2. Condition (k) of the Notice and
Representations 23 and 38 of the
Summary. The Applicants suggest that
the Department revise Condition (k)
of the Notice and Representation 23 and
38 of the Summary to reflect more
accurately the scope of the
indemnification given by UBS NY to a
Client Plan. In this regard, the
Applicants note that the second
sentence of Condition (k) and the
second sentence of Representation 38 be
modified by striking the phrase “the
failure of the UBS Borrower” and
inserting the phrase “the event of
default arising from the UBS Borrower’s
failing * * *” after the word “or.”

In response, the Department concurs
with the requested modifications and
has revised the Notice, accordingly.
Although Representation 23 of the
Summary contains language similar to
that of Condition (k) and Representation
38, the Department has not made a
respective change since the
language contained therein already
appears to embody the Applicants’
requested modification.

3. Condition (k)(1) of the Notice and
Representation 23 of the Summary. The
Applicants note that UBS NY will
perform its indemnity within one
business day of the insolvency event
(either by (1) paying the Client Plan the
difference in U.S. dollars between the
market value of the loaned securities and
the market value of the related
collateral on the date of the borrower’s
breach of its obligation to return the
loaned securities or (2) by purchasing
securities identical to the borrowed
securities and applying the collateral to
payment of the purchase price and any
other expenses of the Client Plan that
may be associated with the sale and/or
purchase. Because UBS NY generally
performs its indemnity by the next
business day, the Applicants represent
that UBS NY does not pay interest on
any shortfall in collateral arising from
other than reinvestment risk but it does
bear the transaction costs of performing
the indemnity. However, in the event
UBS NY is ever required to pay interest
to a Client Plan, the Applicants request
that the phrase “(if contractually
applicable)” be inserted following the
reference to “interest” in Condition

36961
(k)(1) and in the second sentence of the second paragraph in Representation 23.

In response, the Department has made the change requested by the Applicants.

4. Condition (o)(2)(A) of the Notice and Representation 28(a) of the Summary.

Condition (o)(2) of the Notice provides that—

In the case of two or more Client Plans which are not maintained by the same employer, controlled group of corporations or employee organization (the Unrelated Client Plans), whose assets are commingled for investment purposes in a group trust or any other form of entity the assets of which are "plan assets" under the Plan Asset Regulation, which entity is engaged in securities lending arrangements with UBS Borrowers, the foregoing $50 million requirement is deemed satisfied if such trust or other entity has aggregate assets which are in excess of $50 million; provided that the fiduciary responsible for making the investment decision on behalf of such group trust or other entity—

(A) Has full investment responsibility with respect to plan assets invested therein; and

(B) Has total assets under its management and control, exclusive of the $50 million threshold amount attributable to plan investment in the commingled entity, which are in excess of $100 million.

In effect, the independent investment manager’s own plan may participate in the commingled investment vehicle but for purposes of determining whether the $50 million aggregation requirement is met, the assets of the Unrelated Plans must be utilized.

5. Condition (q)(5)(D) of the Notice and Representations 25(d) and 32(d) of the Summary. Condition (q) of the Notice sets forth certain supplemental requirements for securities loans involving UBS Foreign Borrowers. Specifically, subparagraph 5 of Condition (q) describes the limited form of indemnity that is to be provided by the UBS Foreign Borrower to a Client Plan. For example, prior to a securities lending transaction, the UBS Foreign Borrower must (a) agree to submit to the jurisdiction of the United States; (b) agree to appoint an agent for service of legal process; and (c) consent to service of process on the Process Agent.

The Applicants note, however, that the language of Condition (q)(5)(D) of the Notice and Representations 25(d) and 32(d) of the Summary appears to have been added in error. These paragraphs state that the applicable UBS Foreign Borrower "agrees to indemnify the United States for any transaction covered by this exemption." Because no UBS Borrower will be indemnified under this exemption, the Applicants suggest that the language be clarified to state that the "UBS Foreign Borrower agrees that enforcement by a Client Plan of the indemnity provided by UBS New York will occur in the United States courts."

In response, the Department concurs with the clarification made by the Applicants and has made the requested change.

6. Representation 11 of the Summary. The Applicants request that the second sentence in paragraph 6 of Representation 11 of the Summary be modified by inserting the phrase "will be the same as that approved by the Client Plan fiduciary in the Primary Lending Agreement." Therefore, the Department has revised the sentence to read as follows:

Thus, for example, the form of Loan Agreement will be the same as that approved by the Client Plan fiduciary in the Primary Lending Agreement.

7. Representation 27 of the Summary. Representation 27 of the Summary describes the contents of the monthly report that will be given to the independent fiduciary of a Client Plan by UBS NY. Among other things, the monthly report will enable the Client Plan fiduciary to monitor securities lending activity, rates on loans to UBS Borrowers compared with loans to other brokers and the level of collateral. The Applicants wish to emphasize that while they cannot be required to divulge, in the monthly report, confidential information regarding securities loans made by outside lenders, they will disclose all of a Client Plan's outstanding securities loans that are made to UBS Borrowers. Therefore, the Applicants request that Representation 27 be revised, in part, as follows:

In order to provide the means for monitoring lending activity, rates on loans to UBS Borrowers compared with loans to other brokers and the level of collateral on the loans, it is represented that the monthly report will show, on a daily basis, the market value of all of the Client Plan's outstanding securities loans to the UBS Borrower and to other borrowers as compared to the total collateral held for both categories of loans.

In response, the Department concurs with the Applicants’ clarification of the monthly report and has made the requested change.

For further information regarding the Applicants’ comments or other matters discussed herein, interested persons are encouraged to obtain copies of the exemption application file (Exemption Application Nos. D–10459 and D–10460) the Department is maintaining in this case. The complete application file, as well as all supplemental submissions received by the Department, are made available for public inspection in the Public Documents Room of the Pension and Welfare Benefits Administration, Room N–5638, U.S. Department of Labor, 200 Constitution Avenue, NW, Washington, DC 20210.

Accordingly, after giving full consideration to the entire record, including the written comments provided by the Applicants, the Department has made the aforementioned changes to the Notice and has decided to grant the exemption
subject to the modifications or clarifications described above.

**General Information**

The attention of interested persons is directed to the following:

1. The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions to which the exemptions do not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(B) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

2. These exemptions are supplemental to and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transactional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

3. The availability of these exemptions is subject to the express condition that the material facts and representations contained in each application accurately describes all material terms of the transaction which is the subject of the exemption.

Signed at Washington, DC, this 1st day of July 1998.
