**Project Duration**  
September 2002 – December 2006

**Fiscal Year & Funding Level**  
TOTAL: USD 4,400,000  
FY 2002: USD 3,500,000 (Project of Support to the TBP)  
FY 2004: USD 900,000 (Trafficking/Smuggling Amendment)

**Problem Addressed**  
According to data from the 2000 National Survey on Child Labor, there are approximately 428,720 working children in the Dominican Republic between the ages of 5 and 17 years. Their main occupations are sales persons (including street vendors), servants, agricultural workers and shoe-shiners. In addition, the commercial sexual exploitation of minors is a growing problem, particularly in tourist areas. The Dominican Republic is also known to be a major source and destination country for persons trafficked for sexual and labor exploitation. Girls as young as 15 are trafficked for purposes of sexual exploitation and domestic servitude. Haitian children are often smuggled illegally along with their families into the Dominican Republic to work as manual laborers, farm laborers and beggars.

**Results**  
The project withdrew 3,189 children and prevented 7,838 children from the worst forms of child labor (WFCL), particularly in informal urban work, commercial sexual exploitation, hazardous commercial agriculture and trafficking/smuggling in border areas and plantations.
