### Application Executive Summary

This application is for FFY2020 Section 5311 CARES Act funds in the amount of \$60,187,036 that ODOT will award to existing Ohio Rural Public Transportation Providers currently funded through Section 5311 Formula funds. These projects will support COVID-19 emergency response and recovery and day to day operations of transit systems that provide critical service to the rural communities in the state of Ohio.

In this award there are 37 rural public transit systems being awarded funds for operating and maintenance expenses and 25 organizations who provide mobility management services.

The Recipient agrees that if it receives Federal funding from the Federal Emergency Management Agency (FEMA) or through a pass-through entity through the Robert T. Stafford Disaster Relief and Emergency Assistance Act, a different Federal agency, or insurance proceeds for any portion of a project activity approved for FTA funding under this Grant Agreement, it will provide written notification to FTA, and reimburse FTA for any Federal share that duplicates funding provided by FEMA, another Federal agency, or an insurance company.

ODOT is apportioned \$81,932,267 in FFY2020 CARES Act funding

\$60,187,036 will be obligated through this application. The funding will be awarded as follows:  
 Operating Assistance - \$55,819,034  
 Appalachian Operating Assistance - \$964,000

Mobility Management - \$3,404,002

There is a remaining balance of \$21,745,231 that ODOT will be awarding for intercity and capital projects in a future grant.

CARES Act funding is 100% Federal and no local match is necessary to be provided by the sub-recipients.

Supporting documents attached to the Application Documents section of this grant application include:  
Initial Program of Projects  
Department of Labor Assurance letter

Per the CARES Act, the projects in this application are not required to be programmed in the Long-Range Transportation Plan or Statewide Transportation Improvement Program as they do not lead to a functional, location, or capacity change.

<b>Project Title: CARES Act Funding for Rural Transit System Operating Assistance</b>
---

Project Number	Temporary Project Number	Date Created	Start Date	End Date
OH-2020-024-01-00	1225-2020-4-P1	4/23/2020	1/20/2020	6/30/2022

### Project Description

100% Federal funding to provide operating and maintenance assistance to Ohio's 37 rural transit systems to respond to and recover from the COVID-19 pandemic. Provided funding will sustain critical rural transit service during the current pandemic response as well as in the wake of COVID-19 as the economy recovers. Recipients and funding amounts are listed in the attached program of projects.

### Project Benefits

The COVID-19 pandemic has caused hardships to the public transit systems related to staffing, increased costs to protect staff and the public coupled with decreased ridership and revenue. This funding will be vital in order to sustain transit systems during their immediate response efforts to the pandemic but also long term as they continue to suffer the effects of the long-lasting impacts to the economy. Without these services, the riding public in the rural communities would not have access to critical services such as healthcare, employment and training/education.

### Additional Information

The Recipient agrees that if it receives Federal funding from the Federal Emergency Management Agency (FEMA) or through a pass-through entity through the Robert T. Stafford Disaster Relief and Emergency Assistance Act, a different Federal agency, or insurance proceeds for any portion of a project activity approved for FTA funding under this Grant Agreement, it will provide written notification to FTA, and reimburse FTA for any Federal share that duplicates funding provided by FEMA, another Federal agency, or an insurance company.

### Location Description

Projects are located in 43 counties: Adams, Ashland, Ashtabula, Athens, Brown, Carroll, Champaign, Clinton, Columbiana, Coshocton, Crawford, Darke, Erie, Fairfield, Fayette, Geauga, Guernsey, Hancock, Harrison, Henry, Highland, Hocking, Huron, Knox, Logan, Marion, Monroe, Morgan, Morrow, Muskingum, Noble, Perry, Pickaway, Pike, Richland, Ross, Sandusky, Scioto, Seneca, Shelby, Washington, Wood, Wyandot

<b>Project Number</b>	<b>Temporary Project Number</b>	<b>Date Created</b>	<b>Start Date</b>	<b>End Date</b>
OH-2020-024-03-00	1225-2020-4-P3	4/23/2020	1/20/2020	6/30/2022

**Project Description**

Section 5311 CARES Act Funding will be utilized to support Mobility Management Projects to coordinate and share transportation resources across the state of Ohio to assist in the response and recovery of the COVID-19 pandemic at 100% federal share. Recipients and amounts are listed in the attached program of projects.

The mobility managers have become essential in Ohio’s statewide response to the COVID-19 crisis. A transportation working group made up of state agencies including the Ohio Department of Health, Ohio

Department of Medicaid, Emergency Management Agency, Department of Public Safety and more have identified ODOT's mobility managers as the point of contact in their regions to gather important information for available transportation resources. The state then uses this information to coordinate services such as meal delivery, prescription delivery, transportation to critical services, and potentially transportation of COVID-19 patients if the healthcare system becomes overwhelmed. Therefore, Ohio's mobility managers are crucial in Ohio's immediate response to the pandemic. However, long-term, mobility managers will be crucial in the success of local economies as transit and health services begin to restore and employers re-open. People need to understand where they can go, how they can travel, new restrictions, etc. and mobility managers will be a very important community resource in the wake of COVID-19.

**Project Benefits**

Supporting the mobility management network through the FFY2020 CARES Act funding will mean that the state and local agencies, service providers and the general public will be able to efficiently and effectively receive information related to available services and up to date information on the most relevant health guidance on safely navigating the use of public transportation during and after the pandemic. The mobility managers will connect the public to healthcare, employment and training and education which will be critical during the projected economic downturn. Mobility Managers are being asked to cover additional rural communities that previously have not been covered by mobility management services. This has created a local match areas as local communities are not able to pay their share towards the mobility management project that will benefit their region. By funding these projects through the CARES Act at 100% federal funding ODOT is able to relieve the financial burden from struggling local economies and more effectively leverage our robust network to meet the need of all Ohioans.
