Ridership - Attached is a description of each Provider. The application contains projects which have increased their ridership through improved and expanded scheduling, and connections to new routes. Increases in ridership over the years are due to the type of design and operational changes which are reflected in this year's budget request.

MaineDOT has a Statewide ITS Architecture as defined in the FTA National ITS Architecture Policy issued on April 8, 2001. It was approved on July 12, 2005 by the FHWA and was updated January 2011.

MaineDOT is current with Civil Rights Requirements, Milestone Progress Reports and Financial Status Reports. Maine DOT pinned their FY19 Certifications and Assurances on 3/14/2019. This application satisfies the 15% minimum requirement for the State's Section 5311 apportionment to be used to address intercity bus needs.
