Title: FY21 Section 5311 Rural Area Grant Gen transportation services and capital purchases

FAIN	Application Status	Application Type	Date Created	Last Updated Date	From TEAM?
TX-2021-063-01	Final Concurrence / Reservation	Grant	6/15/2022	6/15/2022	No

Application Executive Summary

Amendment 1

This amendment adds unobligated FY21 funds in the amount of \$10,693,325 to ALIs as noted in budget and below. Match includes in-kind match supporting documentation attached; TxDOT has accepted the attached in-kind documentation as match for the FY 21 award. TDC letter dated 7/1/22 attached.

Purpose: 5311 Rural Areas grant amendment adds unobligated FY21 funds in the amount of \$3,487,219 to Project 01 Scope 600-00 for capital projects and \$7,206,106 to Project 02 Scope 634 for operating assistance. This grant amendment will also enable Texas transit districts to continue to provide public transportation services in the rural areas of Texas.

Unobligated General added to Project 01
600-00 \$3,487,219

Unobligated Trust added to project 02
634-00 \$7,206,106

AMEND 01 Net total of change \$10,693,325.

General Project 01 total being increased 3,487,219.

Trust project 02 total being increased \$7,206,106.

Gross total of increases \$10,693,325.

Purpose of the Award: Funding for this 5311 Rural Areas grant will enable Texas transit districts to provide public transportation services in the rural areas of Texas. Funding will also allow transit providers to continue operating established transit routes and to add new services to aid communities.

Activities to be performed: Operating assistance, project administration, capital investment projects benefiting the rural area (e.g. engineering and design, constructions), state administration, and training

and technical assistance.

Expected Outcomes: Transit providers will be able to implement programs and services to create an environment of resilience for passengers, employees, and communities in rural areas of the state of Texas.

Intended Beneficiaries: The proposed projects will benefit and support mobility for rural areas, communities, transit riders, and transit providers.

Subrecipient Activities: Passenger transportation services to the general public using the most efficient combination of knowledge, materials, resources, and technology.

Original

This application is for 2021 formula funds to the Rural Areas of Texas: the Rural Transit Districts defined in the Texas Transportation Code, Title 43, Chapter 458 and RTAP 5311(b) funds. The required 15% for intercity bus will be applied for at a later date. The local match will be derived from local funds and TDCs.

Letter attached date 7-7-21 The Public Transportation Program managed by the Public Transportation Division (PTN) of Texas Department of Transportation (TxDOT) was allocated 15,000,000 Transportation Development Credits (TDC) for distribution to eligible projects by the Texas Transportation Commission (commission) in Minute Order 115814 for state fiscal year 2021.

This letter awards 165,000 TDC to various agencies as match for capital projects funded with FY2021 federal Section 5311 Rural Area Grant Program funds.

The funds will be used by transit agencies for general transportation services and capital purchases.

Purpose of the Award: Funding for this 5311 Rural Areas grant will enable Texas transit districts to provide public transportation services in the rural areas of Texas. Funding will also allow transit providers to continue operating established transit routes and to add new services to aid communities.

Activities to be performed: Operating assistance, project administration, vehicle preventive maintenance and repairs, capital projects benefiting the rural area (e.g. vehicle procurement, hardware and software solutions), state administration, and training and technical assistance.

Expected Outcomes: Transit providers will be able to implement programs and services to create an environment of resilience for passengers, employees, and communities in rural areas of the state of Texas.

Intended Beneficiaries: The proposed projects will benefit and support mobility for rural areas, communities, transit riders, and transit providers.

Subrecipient Activities: Passenger transportation services to the general public using the most efficient combination of knowledge, materials, resources, and technology.

Extended Budget Description

Amend 1: \$1,000,000 & 200,000 TDC. Funds will be used for the purpose of a facility construction. The project will consist of the construction of an administration facility as part of the the REAL Inc. Multimodal Transportation Facility Phase I - Mobility Hub in Alice, TX.

Rural Economic Assistance League (REAL): \$1,000,000 & 200,000 TDC.

Description

Funds will be used for the purpose of a facility construction. The project will consist of the construction of REAL Inc. Multimodal Transportation Facility Phase I - Mobility Hub in Alice, TX. Final design was completed on January 31, 2022 and the RFP for the construction of the Mobility Hub was released on February 7, 2022. The project went out for bid for a General Contractor on February 28, 2022 and award was made on March 14, 2022. CE was approved on April 19, 2021.

Location

27°44'10.1"N 98°06'13.1" W - Alice, TX

Cost Estimate

Total estimated project cost (construction) is over \$3M. The eligible amount funded by TxDOT \$1,000,000, is based on cost allocation between rural and urban service. This project has been awarded funds previously from TxDOT. (TX-2020-045, TX-2021-063,)

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

TX-2021-063-02-01	1567-2021-7-P2	6/15/2022	9/1/2021	8/31/2023

Project Description

The funds will be used by transit agencies and intercity bus providers for general transportation services and capital purchases.

Project Benefits

Agencies will provide transportation services to the rural areas of the state.

Additional Information

None provided.

Location Description

Rural Transit Districts and intercity bus providers will use the funds to provide transportation services to rural areas of the state.

Program Plan Information

STIP/TIP

Date: 7/20/2020

Description: Fixing America's Surface Transportation Act — FAST Act — contains several requirements related to metropolitan and statewide planning. This document incorporates metropolitan and rural area Transportation Improvement Programs (TIPs) into the 2021-2024 Statewide Transportation Improvement Program (STIP) as required under Title 23, US Code, Section 135 - Statewide Transportation Planning. Statewide transit projects are located on pages 875-887.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

The Texas Department of Transportation (TXDOT) must comply with all applicable Federal laws and regulations related to this project, including the ADA Standards for Transportation Facilities, based on the U.S. Access Board's ADA Accessibility Guidelines. Found here: <http://www.access-board.gov/guidelines-and-standards/transportation/facilities/ada-standards-for-transportation-facilities>

Specifically, TXDOT must comply with the ADA Standards for Transportation Facilities when overseeing its subrecipient's construction of the REAL Inc. Multimodal Transportation Facility Phase I - Mobility Hub in Alice, TX, when completing the preliminary engineering, environmental review, and design for construction of new maintenance facilities for the Alamo Area Council of Governments and Brazos Transit District. The following is a non-exhaustive list of ADA standards that TXDOT must comply with and document compliance of:

- As required under DOT ADA Standard 206.4.1, TXDOT must ensure that 60 percent of all public entrances to the facility will be accessible. If a station has only two entrances, then both must be accessible.
- As required under DOT ADA Standard 810.10, for rail projects, TXDOT must ensure that no flange way gap can be greater than 2.5" where passenger circulation paths cross tracks at grade (i.e. a street-level pedestrian crossing over streetcar tracks).
- As required under DOT ADA Standard 206.3, TXDOT must ensure that accessible routes coincide with or are located in the same area as general circulation paths, and elements such as ramps, elevators, and fare vending and collection areas are placed to minimize the distance that wheelchair users and other persons who cannot climb steps must travel in comparison to the general public.
- As required under DOT ADA Standard 406.8, TXDOT must ensure that curb ramps will have detectable warnings.
- As required under DOT ADA Standard 810.2, TXDOT must ensure that bus boarding and alighting areas are in compliance with the ADA-ABA Guidelines (Section 810.2), which address surfaces (sturdy); dimensions (96" long x 60" wide); connection to sidewalks, streets, and pedestrian paths; slope (not steeper than 1:48); signs; and public address systems.
- As required by DOT ADA Standard 810.5.3, TXDOT must ensure that station platforms must be coordinated with the vehicle floor height.

The information provided above is intended as technical assistance and applies only to the project as described. Should the project scope change or new information on the project be provided, FTA may require a re-evaluation of the project information as it relates to ADA and require additional information. This confirmation is not an express or implied promise of project compliance with the ADA.

Comment Please recall 49 CFR Part 26.49(a) states 'If you are an FTA recipient, you must require

in your DBE program that each transit vehicle manufacturer, as a condition of being authorized to bid or propose on FTA-assisted transit vehicle procurements, certify that it has complied with the requirements of this section.' FTA's current list of eligible TVMs can be found at <https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-transit-vehicle-manufacturers>

Please recall 49 CFR Part 26.49(a)(4) states 'FTA recipients are required to submit within 30 days of making an award, the name of the successful bidder, and the total dollar value of the contract in the manner prescribed in the grant agreement.' The Transit Vehicle Award Reporting Form can be found on FTA's website.
