system has certified that local shares for their projects are available.

Certification and Assurances: This documentation is on file at the DOT and is available for FTA inspection at any time.

Coordination: The Iowa DOT requires all transit projects to be included in the Passenger Transportation Plans (PTPs).

Public Involvement: Iowa requires a public hearing for each consolidated transit funding application. This may be combined with another hearing. The public hearing notice is required to be published approximately 30 days in advance of the hearing, in a newspaper of general circulation serving the project area. The notice is also submitted to the Office of Public Transit for inclusion in the Private Sector Clearinghouse mailing. An affidavit of publication is required. Proceedings of the hearing must be included with the application. This may be a formal transcript, or it may be minutes of the board meeting at which the hearing was held, etc., so long as any comments made at the hearing are recorded. The public hearing documentation is maintained in the subrecipients application files and is available for FTA inspection at any time.
