2007 STANDARD FORM AGREEMENT

IRON WORKERS' DISTRICT COUNCIL OF THE STATE OF TEXAS

representative for and on behalf of

ALL OUTSIDE ERECTION LOCAL UNIONS IN THE STATE OF TEXAS

This Agreement is entered into between the Iron Workers' District Council of the State of Texas for and on behalf of all affiliated outside erection Local Unions in the State of Texas of the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers (affiliated with the AFL-CIO) (Local Union Numbers 66, 84, 135, 263 and 482) hereinafter referred to as the "Union" and the Texas Iron Workers Employers' Association, hereinafter referred to as the "Employer."

RECOGNITION

The Union is recognized as the bargaining representative in the areas covered by the now existing jurisdiction of all outside erection Local Unions in the State of Texas for all Iron Workers and other labor that it may lawfully represent, whom are employed by Employers signatory to the Standard Form Agreement.

The Union recognizes the Texas Iron Workers Employers' Association, on behalf of the firms that have legally assigned their bargaining rights to the Association, as the bargaining representative in the areas covered by the now existing jurisdiction of all outside erection Local Unions in the State of Texas.

PREAMBLE

This Agreement is entered into by collective bargaining to prevent strikes and lock-outs and to facilitate peaceful adjustments of grievances and disputes between Employer and the Union in this trade and to prevent waste, unnecessary and avoidable delays, and expense, and so far as possible to provide for Labor's continuous employment; such employment to be in accordance with the conditions herein set forth and to be at wages herein agreed upon; also, that stable conditions may prevail in the building industry and building costs may be as low as possible, consistent with fair wages and conditions, and further, the establishment of the necessary procedures by which these ends may be accomplished. In order to economically and efficiently serve the building public, it is important to have experienced, skilled workers. Employers recognize all outside erection Local Unions in the State of Texas as a source of such skilled manpower and they will therefore use it as a source when in need of Employees and all outside erection Local Unions in the State of Texas agree that when Employers request Employees, they will exert every effort to supply skilled Employees. The Employer shall be the sole judge of any applicant's qualifications. The Employer may exercise his right to hire and to reject applicants for employment without regard to Union membership or non-membership, race, color, national origin, creed, sex or religion. Employer and Union agree to

abide by all laws applicable to this contract, including executive orders and the Civil Rights Act of 1964, as amended.

CRAFT JURISDICTION

The work of the Union and other labor that the Union may lawfully represent shall be all items of work that are claimed as spelled out in the Constitution of the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Article IV, entitled, "Jurisdiction." That complete wording shall be considered as part of this Agreement as though set forth herein at length.

It is understood and agreed that Employers party to this Agreement shall not sign a stipulation to be bound by the terms of the Agreement establishing the Impartial Jurisdictional Disputes Board nor be bound by its future decisions. Any such stipulation that previously may have been entered into on or on behalf of the Employer is rescinded by execution of this Agreement. It is further understood that the parties to this Agreement shall not submit any dispute to the Impartial Jurisdictional Disputes Board.

In the event a jurisdictional dispute shall arise, such dispute shall be settled in accordance with the regulations of any agency established by law or mutual agreement to settle such disputes. In any such mutually agreed upon procedure shall include all of the Unions involved in the dispute and the Employer. The initial steps in such a mutually agreed upon procedure shall include:

A meeting at the jobsite between the Business Agents of the Unions involved and the Employer. If the dispute is not resolved, there shall be a meeting between the international representatives of the Union involved. The participants in such meetings shall consider (a) Decisions of Record, (b) Agreements of Record, (c) Area Practice, and (d) Efficiency (craft most suited to perform work involved).

There shall be no strikes, work stoppages, or other interference with the work by reason of jurisdictional dispute.

TERRITORY

The territory covered by this Agreement shall be the territorial jurisdiction of all outside erection Local Unions in the State of Texas as represented on the attached territorial listings.

HIRING AND TRANSFER OF IRON WORKERS

The Employer agrees to hire local Employees in any territory where work is being performed or is to be performed except that the Employer has the right to move fifty (50%) percent of his required Employees into any Local Union's jurisdiction coming under the District Council. The second individual hired will act as Steward and one to one thereafter shall be obtained from the Local Union in that area the work is being performed. An Employer may, however, on work of a technical nature, move three (3) Employees into any Iron Workers' Local Union jurisdiction coming under this District Council. It is mutually agreed that the Employer's right to bring in three (3) Employees into a Local Union area is limited to work requiring unusual level of skills or work that is of a technical nature that rank and file Iron Workers from the Hall could not perform. This does

not apply to normal erection and installation of rebar, structural, ornamental, precast or miscellaneous/rigging. It is understood that the Employer will be entitled to one hundred percent (100%) call out. The Iron Workers being transferred into another jurisdiction do have their same obligation of clearing into that Local Union. If a Local Union is unable to fill the request of the Employer for local Employees within a forty-eight (48) hour period after such request for Employees (Saturdays, Sundays and Holidays excepted), the Employer may employ non-resident Iron Workers.

WORK HOURS PER DAY

Section 1. Eight (8) hours shall constitute a day's work between the hours of 7:00 a.m. to 5:00 p.m., inclusive with the starting time at the Employer's option. Lunchtime will be determined by agreement with the Employees on the job and the Employer's representative.

In the event the job is shut down for any reason beyond the Employer's control for a minimum of four (4) hours, then Saturday may, at the option of the Employer, be worked as make-up day at the straight time rate of pay not to exceed eight (8) hours or forty (40) hours per week. If determined, between the Employer and the Local Union and in advance of the project commencing, that certain project conditions may prevail whereby a make-up day must be scheduled, then the Employees will be required to work the scheduled make-up day.

Section 2. At the option of the Employer, the standard workweek shall be an established four (4) consecutive ten (10) hour workdays exclusive of the daily thirty (30) minute lunch period. Forty (40) hours per week shall constitute a workweek, Monday through Thursday, inclusive.

In the event the job is shut down for any reason beyond the Employer's control for a minimum of five (5) hours, then Friday may, at the option of the Employer, be worked as a make-up day at the straight time rate of pay not to exceed ten (10) hours or forty (40) hours per week. If determined, between the Employer and the Local Union and in advance of the project commencing, that certain project conditions may prevail whereby a make-up day must be scheduled, then, the Employees will be required to work the scheduled make-up day.

Section 3. It is agreed that if the Employer exercises its option for a make-up day regardless of which shift is worked, then the Employer will provide work for a full day, weather permitting.

Section 4. It is agreed that if a make-up day is scheduled to make up a holiday that falls on a day during the normal work week, then all work performed on the make-up day will be paid at the rate of time and one-half. At the option of the Employer, the work schedule may change from a five (5) day per week and eight (8) hour per day schedule to a four (4) day per week and ten (10) hour per day schedule during a holiday week. In the event an Employee cannot work the ten (10) hour schedule during such holiday week, he/she shall not be penalized by the Employer.

- Section 5.** The Employer may, if job conditions dictate, designate the thirty (30) minute lunch period any time between the third (3rd) and fifth (5th) hour of employment.
- Section 6.** All premium pay hours (*excluding Holidays*) worked under the terms of this Agreement shall receive one and one-half times the regular hourly rate.
- Section 7.** The Union and the Employer recognize that it is in the best interest not to work more than ten (10) hours in any given day for productivity and safety.
- Section 8.** Under no circumstances can an Employer work his regular Employees forty (40) hours, then terminate their week and hire new Employees to work the remainder of the week in order to avoid paying overtime.
- Section 9.** Unless specifically limited by this Agreement, it is expressly understood that overtime is only paid after an Employee has worked in excess of ten (10) hours in any one (1) day or forty (40) hours in any one (1) week; thus it is conceivable to have Employees working on the same jobsite during the same day with some Employees being compensated at premium pay and some Employees being compensated at straight time.

FLEXIBLE STARTING TIME PROVISION

Flexible starting time may be established at the option of the Employer when conditions exist that are beyond the Employer's control and dictate a starting time that would normally come under the Premium Pay provisions of the Agreement. Premium pay days are Sundays and Holidays.

It is mutually agreed that under the "*Flexible Starting Time Provision*" straight time shall be paid for the first eight (8) hours of work and time and one-half will be paid for hours worked thereafter.

This flexible starting time provision may be used up to a maximum of three (3) consecutive calendar days.

Shift work may be performed at the option of the Employer. When two or more shifts are worked the first shift shall work eight (8) hours and shall receive eight (8) hours pay. The second shift shall work seven and one-half (7½) hours and shall receive eight (8) hours pay. The third shift shall work seven (7) hours and shall receive eight (8) hours pay.

When multiple shifts are worked on Sundays or recognized holidays, the following shall apply: The first shift shall work eight (8) hours and shall receive eight (8) hours pay, the second shift shall work seven and one-half (7½) hours and shall receive eight (8) hours pay, the third shift shall work seven (7) hours and shall receive eight (8) hours pay. BONDING

Prior to commencing work under this Agreement, each individual Employer that has not previously paid into an Iron Workers' Fringe Benefit Trust Fund, on a timely and correct basis, or any Employer that has not paid all Iron Workers' fringe benefit payments on time for the previous period of at least six (6) months, shall post a surety bond or cash bond in lieu thereof, in the amount set forth below to insure timely payments of contributions to the Trust Funds specified in this Agreement:

- Thirty thousand dollars (\$30,000) for up to fifteen (15) Iron Workers employed.
- Sixty thousand dollars (\$60,000) for up to thirty (30) Iron Workers employed.
- One hundred thousand dollars (\$100,000) for over thirty (30) Iron Workers employed.

Any such surety bond must be issued by a bonding company acceptable to the Iron Workers' Pension and Health Benefit Funds Board of Trustees. The bond shall be posted immediately with the Administrator of the Trust Funds. Copies to the District Council and to the Texas Iron Workers Employers' Association will be provided by the Administrator upon written request.

Any Employer not previously paying into an Iron Workers' Fringe Benefit Fund, may select, upon agreement with the Union, to pay fringe benefit contributions bi-weekly until the Employer achieves six (6) months' experience as referred to above. The Administrator of the Trust Funds shall be notified immediately to this provision.

In the event an Employer becomes delinquent in the timely payment of fringe benefit contributions, and after failure of adequate response within ten (10) days of the notice to pay, the surety bond may be increased to two times the average annual contribution rate or one hundred thousand dollars (\$100,000), whichever is greater, for a period of six (6) months. The Union

Trustees and the Management Trustees in the geographical area where the work is involved shall make this decision. If an Employer is sixty (60) days delinquent in payment of any of the Funds, the Unions shall have the option of not furnishing workers to the Employer until past delinquencies are paid and the new bond is posted. Workers currently employed by the Employer will be notified that the Employer is delinquent and that they may not be credited for benefits, as may be required by law.

Any or all of the actions set forth above shall not limit any remedies that the Trustees of the various Trust Funds may have available to them for the timely collection of funds due.

The above bonding requirements shall not apply to Employers that have signed the Iron Workers' International Agreement and have posted a one hundred thousand dollars (\$100,000) bond with the International Union. The Union agrees to provide the Texas Iron Workers Employers' Association, upon written request, with appropriate evidence of any signatory Employer that has posted such bond.

PAY DAY

The regular payday shall be once a week on such day as agreed upon between the Employer and the Local Union, and the wages shall be paid before quitting time, and wages are to be paid in cash, company check or other legal tender.

Employers may withhold where necessary a reasonable amount of wages due to enable them to prepare the payroll.

When Employees are laid off or discharged, they shall be paid in full in cash or other legal tender on the job immediately, and if required to go to some other point or to the office of the Employer, the Employee shall be paid for their time required to go to such place. When Employees quit of their own accord, they shall wait until the regular payday for the wages due them.

Any undue delay or loss of time caused the Employees through no fault of their own shall be paid for by the Employer causing such delay, at the regular straight time wages (4 hours maximum).

Accompanying each payment of wages shall be a separate statement identifying the Employer, the Employee and social security number showing the total earnings, the total hours, the amount of each deduction, the purpose thereof and net earnings.

When the job goes into overtime and the Iron Worker will not be returned the next day, payroll checks will be issued and delivered to the Iron Worker's hall by 12:00 p.m. noon the following day for all hours worked. MOST FAVORED NATIONS CLAUSE

It is clearly the intent of the District Council that there will be equity and fairness to all Employers signatory to this Agreement and it is the intent of this Agreement to establish uniform wages and conditions in each of the Local Union territories within the State of Texas.

The District Council acknowledges that it will not allow one or more Employers to have special terms and conditions more advantageous than any other signatory Employer. However, the Employers recognize that reduction in wages or conditions to fit a certain classification of work such as heavy and highway or maintenance would not affect the overall integrity of this collective bargaining Agreement.

It is also recognized by the Employer that modifications in one geographical area of either wages or conditions would not constitute the necessity for similar changes in other geographical areas of the District Council.

BUSINESS REPRESENTATIVE

The Business Representative of the Union, after identifying him or herself to the Employer or his/her representative, shall be permitted to visit all jobs, but will in no way interfere with the progress of the work.

JOB STEWARD

There shall be a Steward on each job who shall be appointed by the Business Representative. The Steward shall be a Journeyman and shall perform the work of a Journeyman. He/She shall keep a record of the Employees laid off and discharged; and take up all grievances on the job and try to have the same adjusted, and in the event he/she cannot adjust them he/she must promptly report that fact to the Business Representative, who shall report same to the proper officer of the Union so that efforts can be made to adjust any matter without a stoppage of work. He/she shall see that the provisions of this Agreement are complied with and report to the Union the true conditions and fact. The Steward shall promptly take care of injured workers and accompany them to their homes or to a hospital as the case may require, without any loss of time and report the injury to the proper officers of the Union. The Employer agrees that the Job Steward will not be discharged until after proper notification has been given to the Union and further, when Employees are laid off, the Job Steward will be the last Employee laid off, providing he/she is capable of performing the work in question.

SETTLEMENT OF DISPUTES

Any dispute as to the proper interpretation of this Agreement shall be handled in the first instance by a representative of the Union and the Employer, and if they fail to reach a settlement within five (5) days, it shall be referred to a Board of Arbitration composed of one (1) person appointed by each party, the two (2) so appointed to select a third member. In the event that the two (2) so appointed arbitrators are unable within two (2) days to agree upon the third arbitrator, they shall jointly request the Federal Mediation and Conciliation Service to furnish a panel of five (5) names from which the third member shall be selected. If the two arbitrators cannot agree upon a third member of the Board within forty-eight (48) hours after receipt of these five (5) names by the Board, the Union representative on the Board shall strike two (2) names, the Employer representative shall strike two (2) names, and the person whose name then remains shall be immediately asked to serve as the third member of the Board. The decision of the Board of Arbitration shall be handed down within two (2) days after the selection of the third member and the decision of the Board of Arbitration shall be final and binding upon both parties.

The Board of Arbitration shall have jurisdiction over all questions involving the interpretation and application of any section of this Agreement. It shall not, however, be empowered to handle negotiations for a new Agreement, changes in the wage scale or jurisdictional disputes.

Each party shall individually pay the expenses for the arbitrator it appoints and the two parties shall jointly share the expense of the third arbitrator.

STRIKE AND LOCKOUTS

It is mutually agreed that there will be no strikes authorized by the Union or no lockouts authorized by the Employer, except for the refusal of either party to submit to arbitration in accordance with the section entitled "Settlement of Disputes", or failure on the part of either party to carry out the award of the Board of Arbitration.

Every facility of each of the parties hereto is hereby pledged to immediately overcome any such situation provided, however, it shall not be a violation of any provision of the Agreement for any person covered by this Agreement to refuse to cross or work behind the picket line of any

affiliated Union which has been authorized by the International of that Union, the Central Labor Council or the Building and Construction Trades Council.

The Union and the Employer recognize the fact that work stoppages can be a detriment to the Contractor and/or owner in the bidding and/or negotiation of projects. The Union and Employer further recognize that other persons create work stoppages over which the Union and employer have no control. For these reasons, the Union and Employer reserve the right after mutual agreement, between the President of the District Council and the involved Employer(s), to continue working on the project until its completion. If necessary, this Agreement can be reached in advance of the starting date of any project.

Both parties are strongly committed to both the written word and the intent of this section of the Agreement. It is mutually agreed that work stoppages for any reasons must be avoided for the betterment of the industry as a whole.

SCOPE OF AGREEMENT

This Agreement contains all of the provisions agreed upon by the Employers and the Union. Neither the Employer nor the Union will be bound by rules, regulations or agreements not herein contained except interpretations or decisions of the Board of Arbitration.

SAVINGS CLAUSE

Should any part of any provision herein contained be rendered or declared invalid by reason of any existing or subsequently enacted legislation, or by any decree of the court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portion thereof; provided, however, upon such invalidation the parties signatory hereto agree to immediately meet to renegotiate such parts or provision affected.

The remaining parts or provision shall remain in full force and effect.

MANDATORY SAFETY TRAINING

All Journeymen and Apprentices shall successfully complete, and receive appropriate certification thereof (including any renewals), the **OSHA 500 ten-hour safety course** and applicable industry-related **OSHA regulations**. Additionally, all Apprentices shall receive **CPR/First Aid** training during both their 1st and 3rd years of Apprenticeship; and the Local Union shall schedule CPR/First Aid training for Journeymen Iron Workers, as needed, upon request from an Employer.

The courses will be administered (including all associated costs) by the Board of Trustees of the *Texas Iron Workers & Employers' Apprenticeship Training & Journeymen Upgrading Fund* (in conjunction with its affiliated Joint Apprenticeship Committees). No Employee shall receive any compensation for attending the required safety course.

SUBSTANCE ABUSE POLICY
(I.M.P.A.C.T.)

The Iron Workers' District Council of the State of Texas and the Texas Iron Workers Employers' Association recognize that in order to ensure a safe, healthy and productive work or jobsite environment, each Employer, a party hereto, shall have the right and obligation to maintain a safe and efficient workplace for all of its Employees, contractors and visitors and to protect the Employer's property, equipment and operations.

The Iron Workers District Council of the State of Texas and the Texas Iron Workers Employers' Association adopt the Substance Abuse policies of the Ironworker Management Progressive Action Cooperative Trust (I.M.P.A.C.T.), and any amendments thereto, as the Substance Abuse Policy for this Agreement. Copies of the I.M.P.A.C.T. Substance Abuse Policy will be made available upon written request to the District Council, the Local Union(s) or the Texas Iron Workers Employers' Association.

Furthermore, it is mutually agreed that, from time to time, an Employer may be contractually obligated to adhere to the substance abuse policies of another Employer, owner or governmental agency and that additional requirements or procedures, not outlined in this Policy, may have to be implemented. The Employer will notify the District Council of any additional substance abuse policies to which the Employer is contractually obligated.

DURATION AND TERMINATION

This Agreement shall take effect on June 1, 2007 and shall remain in effect and in full force along with any amendments thereof through the termination of May 31, 2010. And, unless written notice is given by either party to the other at least sixty (60) days prior to the termination date for the desire for a change therein or to terminate the same, it shall continue in effect for an additional year thereafter. In the same manner this Agreement with any amendments thereof shall remain in effect from year to year thereafter subject to termination at the expiration of any such contract year upon notice in writing given by either party to the other at least sixty (60) days prior to the expiration of such Agreement.

Any monetary changes in this Agreement with either increases or decreases would be placed in effect at the mutually agreed upon date as determined by the respective *Local Wage Negotiation Committees* for the District Council and the Association.

This Agreement may be amended at any time by mutual consent.

SIGNED AND AGREED to this 22nd **day of** June, **2007.**

**President, Iron Workers District Council
of the State of Texas**

**President, Texas Iron Workers Employers'
Association**
