A pregnant operator shall be granted sick leave if she submits a certificate from her physician in accordance with Civil Service Rule 420.1. MUNI may require a pregnant operator to submit to a medical examination by an appropriate specialist to determine her fitness to perform her duties as an operator in accordance with Section 420.2 hereof. This provision may be reopened by either of the parties if medical evidence establishes that health and safety factors justify adoption of different rules.
69. An operator will be granted childcare or personal leave without pay in accordance with the provisions of Civil Service Rules 420.33 and 420.20 if MUNI determines that it will not interfere with the needs of the service.

Section 8.12 Domestic Partners

**Expenses.**

76. The MTA will reimburse each eligible employee up to \$500 annually for tuition, books, supplies, and other fees for such course if attendance has been approved in advance. If the course is not graded, or is not a credited course, an official transcript or other official document shall be deemed evidence of satisfactory completion.

**Pre-Approval.**

77. Application for reimbursement shall be prepared on a form provided by the MUNI Human Resources Department. Courses require pre-approval by the MUNI Human Resources Department and the Appointing Officer (or designee), neither of which shall be unreasonably denied. Such application for tuition reimbursement shall be made prior to the date of enrollment in the course and, if approved by the MUNI Human Resources Department and the Appointing Officer (or designee), reimbursement shall be subject to successful completion of the course. No reimbursement shall be made if the employee is eligible to receive reimbursement for said tuition under a federal or State Veterans benefit program from other public funds.

Section 9.8 Floating Holiday Sign-Up

99. At a separate sign up held immediately after the regular vacation sign up for that year, operators shall sign up for the two floating holidays for that year. Section 11.2 Recognition and-Benefits.

102. The Union is recognized as the employee representative for all part-time operators. All of the terms and conditions of employment applying to full-time operators shall apply to part-time operators except as may be specifically set forth in this article.

106. Part-time operators shall not be scheduled for less than three and one-half (3½) hours work per day. An extra board may be established with part-time operators, but no part-time operator will be assigned to work left vacant unless no regular operators on the extra board are available. MUNI agrees that there will be no reduction in the regular operator extra board for the purpose of having work normally performed by regular extra board operators performed by part-time operators. There shall be not less than 100 straight part-time runs in total, and not less-than six (6) straight part-time runs per division.

Section 11.6 Work Restrictions.

Part-time operators shall be scheduled for not less than 3-1/2 hours per day. Part-time operators who report to work with no scheduled hours of work shall receive not less than 3-1/2 hours of pay each time they are required to report for work. other fringe benefits available to regular operators and shall be subject to all the conditions for qualifying for such benefits; provided, however, that eligibility and pay for holidays, sick leave, vacation and other monetary benefits shall be prorated using the ratio which the total of the employee's regularly scheduled hours in a bi-weekly pay period bears to the 80 hours which constitute full-time employment.

109. The MTA will continue to pick up the employee's share of contribution to the applicable SFERS retirement plan for permanent part-time employees as follows:

One (1) day to six (6) months of continuous service:	2.5%

111. The MTA will continue to contribute a maximum amount of \$225 per month towards dependent health care coverage for permanent part-time employees who regularly work a minimum of twenty hours per payroll period and upon completion of one year of continuous service.

112. The aforesaid contributions shall not be considered as part of an employee's compensation for the purpose of computing straight time earnings, compensation for overtime worked, premium pay, or retirement benefits, nor shall such contributions be taken into account in determining the level of any other benefit which is a function of or percentage of salary.

Section 11.8 Civil Service Eligible Lists.

113. The parties will request that the Civil Service Commission establish and maintain separate eligible lists for part-time and full-time operators. If separate lists are established, full-time operators shall be appointed only from the full-time eligible list. There will not be a requirement that an operator work part-time in order to be eligible for full-time employment. If it is necessary to amend, or receive an exemption from, any civil service rule to accomplish the last sentence, the parties agree to request jointly that the Civil Service Commission so arrange.

Section 11.9 Movement Between Part-time and Full-time.

114. In addition to the existing regular part-time and full-time 9163 Transit Operator appointment procedures, the movement of operators from full-time to part-time and vice versa shall be subject to the following:
115. (a) A move from full-time to part-time or a move from part-time to full-time can only be made if there is an unfilled position available to be moved into.
116. (b) A part-time operator can move to full-time: 1) if his or her appointment to the operator position was from a regular civil service list; or 2) as may be otherwise agreed upon by the parties to this MOU.
117. (c) A move from full-time to part time may be made at any time; however, once this is done the person must stay part-time for at least one year. If more operators wish to move than positions are available, the choice of operators to move shall be made in seniority order.

## **ARTICLE 12. REGULAR OPERATORS**

### Section 12.1 Definition.

118. Regular operator shall mean a person employed by MUNI on a regular, full-time continuing basis whether assigned to a regular run or to the extra board. Upon qualification as transit operator such employee will serve a probationary period in accordance with civil service rules.

### Section 12.2 Minimum Week.

119. All regular operators shall be entitled to not less than 8 hours work per day and a total of forty hours work over a five consecutive day period. This guarantee will apply only if, the operator reports on time and is available for his or her regularly scheduled run; or in the case of extra operators, or regular operators working as extras, if he or she reports on time daily and holds him/herself available for such work as may be assigned to them. The exception to the above guarantee to regular operators is in the event of unusual circumstances wherein no work is available, such as, but not limited to, earthquake, strike, etc.

### Section 12.3 Weekend Off Runs.

120. For the period of this MOU, MUNI will maintain a minimum of 700 regular runs and extra board assignments with both Saturday and Sunday off.

## **ARTICLE 13. FORCE TOTALS**

121. The Union and the MTA agree that there shall be an Available Operator Force equal to the number of scheduled runs and blocks plus an extra board equal to 27 1/2% of the number of scheduled runs and blocks. "Available Operator Force" is defined as the number of operators on the property,

trained and ready to work as assigned. As of the date of ratification of this MOU, there are 1468 scheduled runs and blocks. It is the intention of both parties that all runs and blocks be staffed.

122. The Union and the MTA further agree that an Available Operator Force of 1872 shall be in place no later than January 1, 2001, and shall be maintained for the period of the MOU.
123. If the Available Operator Force level herein provided falls below 1872 operators for more than 30 days following January 1, 2001, the MUNI shall immediately initiate the process of converting sufficient part-time operators to full-time status to attain the Available Operator Force total.
124. The Union will work with MUNI to reduce operator absenteeism.

## **ARTICLE 14. SCHEDULING AND ASSIGNMENTS**

### Section 14.1 Schedules

125. It is hereby agreed by TWU and MUNI that establishing appropriate standards and criteria to be followed in setting schedules is of vital importance to the operation of MUNI and to TWU's and its members' acceptance of the schedule setting procedure. TWU and MUNI agree that they will work together to review current practice on MUNI and on other comparable transit systems and will identify potential improvements and alternative scheduling methods for use at MUNI. TWU and MUNI will meet and confer pursuant to the Meyers-Milias-Brown Act on all proposed changes in scheduling matters within the scope of bargaining.

### Section 14.2 Development of Schedules.

126. (a) It is the sole right of management to schedule service in the most cost effective manner consistent with the transit needs of the public. Except in emergency situations rendering such action impossible, all proposed scheduling changes will be discussed by management with the union at the earliest possible date. The Union shall be given access to all information available to the schedule department concerning schedule changes, and union division officers shall be permitted to observe and comment on the development of schedules during the process of development. Except for special runs on special events, not less than 30 calendar days prior to the time a schedule is planned to go into effect, the schedule and traffic department shall meet with the union division officers to discuss proposed service changes. Not more than five days after this initial meeting the union shall inform management of any objection it may have relative to proposed service routes, headways, recovery times and running times only on the basis of health or safety hazard to operators. Not more than ten days after the initial scheduled meeting, representatives of management and the union

shall meet and endeavor to resolve any differences. If the differences cannot be resolved by mutual agreement, the union may appeal management's proposed action to a Director of the MTA Board chosen by lot who will have presented to him or her the arguments of both management and union and shall render a decision as to the implementation of the proposed schedule changes. The union's appeal to the MTA may concern only matters of health or safety hazard to operators. Those matters under appeal will be presented to the Director not more than 13 days after the initial scheduled meeting. The schedule change will not be implemented until the Director so decides. The Director shall render a decision within two working days after the hearing date.

127. If the union does not agree with the decision rendered by the Director pursuant to subsection (a), the union may present the issue to an arbitrator under the regular grievance procedure and the schedule change will be implemented on the scheduled date. If the arbitrator rules that the schedule change was or is a hazard to the health or safety of operators, management shall immediately modify the schedule as ordered by the arbitrator and shall pay such penalty pay to the operators involved as determined by the arbitrator. Both parties will cooperate to expedite the presentation of the case to the arbitrator
128. The Schedule and Traffic Department shall make available to the Union all final schedule documents including runs and daily and weekly work schedules with daily scheduled pay listed. The Union shall have the opportunity to review such material and make suggestions relative to revisions that do not affect total scheduled pay hours. The Union shall make suggestions in writing within 72 hours of receipt of the final schedule documents. The Schedule and Traffic Department shall endeavor to implement the suggestions relative to such work scheduled and present any revised documents to the Union prior to the posting of schedules, provided, however, that the decision of the Schedule Department Head shall be final.
129. In preparing schedules for review under this section, the Schedule Department shall provide adequate running, recovery and layover time in each run so that the health and safety of operators is not adversely affected. It is recognized by the Union and MUNI management that this goal must be worked on continuously. Within 30 days following the execution of this MOU, the parties will establish a joint committee to examine ways and means of achieving the goal. Such examination may include a detailed study of the schedules and actual experience on specific lines, as well as surveys of scheduling procedures and allowances, both on MUNI and on other local transit systems. The Committee will submit a report to the Union and the MTA Executive Director not later than 6 months after its formation and the parties will meet and confer on the issues of running, recovery and layover

time in schedules and any amended scheduling procedures will be put into effect when agreement is reached. The joint committee set up under this section shall meet no less than once every six months to review and report to the Union and MUNI management on the state of the running, recovery, and layover time situation.

Section 14.3 Voluntary Reassignments.

130. Should management desire to change an operator from a scheduled run to another run for the convenience of management, the Division Manager and the Union Division Officer or their designees shall jointly approach the operator and ask the operator if he or she would voluntarily make the change. The operator is free to refuse to make the change subject to Section 14.4. If the operator consents to the change. The operator will be paid the higher of the run pay of his or her scheduled run or the run to which the operator was changed, and, in addition, shall be paid a change premium of \$2.00 cents per hour.

Section 14.4 Adjustments in Schedules Between Sign-ups.

131. Changes in schedules between sign-ups required by emergencies or changed traffic or equipment availability which could not be anticipated at or before the sign-up and which are not dealt with pursuant to Section 14.3 will be dealt with as follows:
132. (a) If a run is changed by 30 minutes or less, the proposed change will be discussed by the Union and the Traffic and Schedule Department not less than 48 hours before the adjustment is to be put into affect, and may then be adjusted;
133. (b) if the run or runs affected are changed by more than 30 minutes, not more than 10 runs may be changed over the term of this MOU, and in such cases,
134. (i) the operators may be reassigned to the division extra board, but such reassignment may not change the operator's days off or hours of work by more than one hour, and the operator shall carry his/her seniority to the extra board, and
135. (ii) Any operator so reassigned will be paid the higher of his/her original run pay or the new run pay, plus \$1.00 additional per hour, and
136. (iii) Such reassignments shall last only until the next division or general sign-up and any operator who believes that he/she will have a serious hardship as a result of the change may appeal directly to the Director

of Transportation or his/her designee and may be represented by the Union, or

137. (c) If the change is greater than 30 minutes, and more than 10 runs have been changed, there shall be a line or division sign-up, as appropriate, conducted as soon as practicable.

Section 14.5 Temporary Reassignment Due to Equipment Failures.

138. If service is down on any street car or trolley coach line due to facilities failure and such outage continues for two days or longer, or if any time there is a failure of the cable machinery, or other occurrence rendering the cable cars inoperative, regardless of length, notwithstanding any other limitations on reassignment, operators or other platform employees working the affected runs may be reassigned to the extra board at any division for the length of the outage. The following conditions shall apply in the event this section is implemented:

139. (a) The operators to be reassigned and the choice of reassignments shall be determined by inverse seniority. The operator shall carry to his reassignment his system seniority when assigned to an extra board.

140. (b) Operators reassigned shall receive their run pay or the pay on the run to which they are reassigned, whichever is higher.

141. (c) Any operator who is not eligible for a class 2 chauffeurs license will be given alternative work not requiring a class B license, but if the alternative assignment does not provide more than eight hours per day, the operator shall receive eight hours pay per day rather than his run pay.

Section 14.6 Headway Premium

142. Any operator missing a headway for two or more hours for two consecutive days, or more, shall receive a premium of \$2.00 per hour for the actual time so worked, commencing on the second day.

Section 14.7 Service Reassignments

143. After an operator has pulled his or her run out of the division in order to provide service, Transit Supervisors and Managers may reassign the Operator to a line or route other than the one bid for by the Operator under the following circumstances:

144. (a) A line is blocked due to fire, accident, wires down, or other such emergency situation; or

- 145. (b) To provide shuttle services during major delays on the Muni metro, cable car, or trolley coach systems;
- 146. (c) Except as set forth above, reassignments on the street shall conform to the provisions of Sections 14.2 and 14.3 of this MOU

**ARTICLE 15. SIGN-UPS**

Section 15.1

- 147. The parties agree that force levels and stability of runs are factors in sign-up problems (e.g. disruption of operations). If after the next two sign-ups following the ratification of this MOU, there has been an opportunity to experience the force level and stability effect, and there is still a problem with sign-ups, the sign-ups may be shifted to evenings or Saturdays.

Section 15.2

- 148. There shall be one general sign-up and three division sign-ups each calendar year at dates to be agreed upon between the Union and the Director of Transportation. Any variation from this pattern will be mutually agreed upon by the Union and the Director of Transportation.

Section 15.3

- 149. Sign-ups for part-time operators shall conform to the procedure for full-time operators, but shall be limited to those runs designated as part-time runs and the part-time extra board.

Section 15.4

- 150. Procedures for general and division sign-ups shall conform to that set forth in existing general bulletins concerning sign-ups. Any changes in procedure shall be mutually agreed upon by MUNI and the Union.

Section 15.5 Runs Subject to Daily Reassignments (SDR)

- 151. In order to meet the needs of service and reduce multiple headways SDR runs will be designated in each Division. The SDR runs will be selected for each sign-up from the priority list. The number of SDR runs per division are as follows:

Woods, Potrero, Presidio,	10 runs each
Kirkland	
Flynn, Green	10 runs each

- 152. SDR runs will be so indicated on the 5-day work schedule posted for each sign-up.

153. When the Division dispatcher has knowledge of an open run due to no operator or has received notification from the Yard Starter (or the shop supervisor in the absence of a yard starter) that there will be a shortage of equipment available for the next day's AM pull-out, the Division dispatcher can then reassign an SDR operator from his/her regular assigned run to another run for that day.
154. The method of reassignment shall be:
155. 1. To a run that finishes earlier or within one (1) hours of the regularly assigned run.
156. 2. Reassignment of SDR runs shall be a rotation basis only. All SDR runs shall be utilized first before a second application/reassignment occurs for any specific SDR runs.
157. 3. Operators on SDR runs shall be paid the higher of the regular run or the run reassigned to for that day, plus \$1.00 per hour premium for the run change.
158. 4. Reassignment of SDR runs shall be applied only after the extraboard is exhausted.
159. The Division Manager and the Division Chairman, to ensure compliance, will review these daily procedures.

#### Section 15.6 Expert Operator Premium

160. An "Expert Operator" is defined as a full time or part time employee who has worked consecutively for five (5) years in one location (e.g. Woods, Flynn, etc). Expert Operators must also individually qualify for the Accident Incentive Program as defined in Article 36.
161. The adjusted effective qualifying period will be an annual period beginning on the second full pay period in January of each year. An operator who elects to sign out of the division after the January qualifying date, and upon transfer to the new division, will no longer be eligible for the premium pay.
162. Operators performing burn-ins do not have to meet the requirement, as set forth in the Accident Incentive Program, requiring a specific amount of hours be spent operating a vehicle in revenue service.
163. Having met the above stated requirements, and remaining in the location, the operator will be paid the premium in each succeeding year for which they qualify. If an operator is temporarily moved from his/her division for the

needs of service, under a provision of the contract allowing such a move, the operator will continue to qualify for the premium.

164. An operator who leaves his/her location as a result of a sign up must start over to build the five (5) consecutive year qualifying requirement at the new location.
165. Employees who meet the criteria of an "Expert Operator" shall be granted a premium of fifty cents (\$.50) per hour.

## **ARTICLE 16. RAIL OPERATIONS**

### Section 16.1 Muni-Metro Runs.

166. Management may establish Muni-Metro runs. At the time of sign-up, the description of each Muni-Metro run shall include the following characteristics:
- (1) The starting and ending time of the run will be stated.
  - (2) The starting and ending time of any split scheduled in the run will be stated.
  - (3) The place of starting and ending the run, and any relief points in the run, will be stated.
  - (4) The days off will be stated.
  - (5) The primary line(s) and/or scheduled fall-backs of the run(s) will be stated
  - (6) The bi-weekly pay for the run calculated on the basis of scheduled hours of work shall be stated.

### Section 16.2 Muni-Metro Assignments.

165. Notwithstanding the description of a Muni-Metro run for sign-up purposes, the Metro dispatcher or other appropriate authority may assign a Muni-Metro operator to any Metro vehicle to be operated on any Metro line at any Metro terminal at the end of any one-way trip.
166. The K and M lines may be combined in establishing assignments, provided that an operator trading cars at Metro Station in order to operate the combined K-M line shall be provided a safe arrangement for making said car trade.
167. No changes shall be made in methods of operation in the Muni-Metro which affect operator working conditions without meeting and conferring between the Union and Management.

### Section 16.3 Work Past Relief Time.

168. In the event an employee is not relieved at his or her scheduled time of relief, either because the operator's relief failed to report or because of unanticipated service disruption, the employee who is to be relieved must

call Central Control and proceed in-service. If an employee is not immediately available to make a relief, Central Control, Inspector, or other person in authority may order the employee to continue in-service for a maximum of one and one-half hours. If a relief is not assigned in that time period, the employee may "lay up" the car at the Embarcadero Station after calling Central Control by radio or telephone. Turning in a car ahead of schedule, whether or not relief is involved, is prohibited without authorization.

Section 16.4 Removal of Operator from LRV Runs.

169. Operators working on LRV equipment as a result of bidding for such work at a sign-up shall not be removed from LRV operations as a disciplinary measure on violations which are not related to LRV operations.

Section 16.5 Multiple Car Trains.

170. Multiple car trains are two or three cars coupled for lead car control. During the term of this MOU, LRV operators may be assigned to operate two or three car trains while the cars are in operation between West Portal or Church-Duboce and Embarcadero Stations. An LRV operator may be assigned to operate two cars for pull out and pull in movements on the street, provided that the second car is not in service and its doors are not operated.

171. The Union and the Director of Transportation agree that the parties will meet and confer on the assignment of operators for the operation of more than 3 cars in tunnel operations, and of more than one car per train in revenue service on the street. It is agreed that the meet and confer process referred to in this section shall be completed not later than nine months after it is begun.

Section 16.6 Fall-back Policy.

172. Fall-backs for LRV operators may occur at any terminal or at the West Portal, or Church-Duboce Stations.
173. Each location where a fall-back occurs shall have access to a telephone and be equipped with adequate separate restroom facilities for male and female operators. Where practicable, such restrooms shall not consist of portable toilets. At fall-back locations where a rest area is not currently available, i.e. 2<sup>nd</sup> and King, 48<sup>th</sup> and Judah, and 46<sup>th</sup> and Wawona, fall-backs shall be not less than seventeen (17) minutes.
174. Unscheduled fall-backs shall not result in the operator missing by more than one hour his or her scheduled split time or scheduled end of shift.
175. Fall-backs shall be not less than 12 minutes. If a serious disruption of service would result from providing the fall-back time, the fall-back may be

shorter than 12 minutes, but the time missed from the fall-back will be added to the 12 minutes provided at the next fall-back.

#### Section 16.7 Proof of Payment Program

176. The Proof of Payment program on Breda cars in revenue service may be modified to include the operation with one operator of up to three (3) cars in the tunnel providing additional service and of two (2) cars per train in revenue service on the street. A Proof of Payment program may be introduced on other Muni Metro equipment after such a program can be introduced safely for passengers and operators.
177. (a) Prior to implementation of a Proof of Payment program on other than Breda cars, the Safety Committee established by Section 21.2 shall address safety and security concerns on the Proof of Payment program.
178. (b) The Safety Committee will also address the issue of establishing guidelines for the responsibility of operators for incidents or accidents that occur on the second or third car.
179. (c) Any operator displaced as a result of a Proof of Payment program shall be reassigned to another operator position, in accordance with provisions of this MOU.
180. (d) Operators shall be used in instances where Muni requires an employee to perform the function of fare collection in the street.

#### Section 16.8 Cable Car Operations

##### Schedules

181. Local 250-A and Muni Management agree that our goal is to operate the Cable Cars in place and on time.

##### Turntable Rules – Powell and Market

182. There will be a starter at Powell and Market and Beach and Hyde. Local 250-A and Muni Management will jointly select the operator to this shift. The starter shift will be filled seven (7) days a week. The hours of work will be from 10:00 AM to 8:00 PM (no split).
183. (a) The starter is instructed that when the lead car crosses O'Farrell Street, the next car must be dispatched from the Powell and Market turntable.
184. (b) In the event of emergencies, where long gaps in service exist, the starter shall have the authority to hold cars and dispatch as necessary in an effort to restore headways.

##### Turntable Rules – Outer Terminal 59 (MASON) & 60 (HYDE) Lines

Memorandum of Understanding Between  
Transport Workers Union, Local 250-A (9163) and Municipal Transportation Agency  
July 1, 2004 – June 30, 2008

185. Crews are to go on the turntable sufficiently in advance of their scheduled or assigned leaving time so as to be able to leave on their SCHEDULED OR ASSIGNED LEAVING TIME.

186. When you are the first car waiting to go on the turntable and a third (3<sup>rd</sup>) car arrives at the terminal, the crew of the first car is to immediately go on to the turntable...REGARDLESS OF THE AMOUNT OF TIME REMAINING BEFORE YOUR SCHEDULED OR ASSIGNED LEAVING TIME.

Terminal Rules – Inner Terminal – 61 (CALIFORNIA) LINE

187. The first car waiting on the nearside of California and Drumm must move into the terminal and loading area immediately after the terminal is clear of Cable Cars.

Headways

188. Inspectors or expeditors are to use eight (8) minute headways when returning the line to “on time.”.

189. When less than the scheduled number of cars are available, on a given line, the headways will be extended based upon the number of cars.

Switching Modes

190. Local 250-A and Muni Management agree that voluntary switching of modes will become effective on April 24, 1989.

Reliefs

191. Cable Car inspectors are to make every effort to insure that crews get off on time without adversely effecting service.

**ARTICLE 17. HOURS OF WORK**

Section 17.1 Split Time.

192. The basic hours of labor shall be eight hours per day. For all hours worked in excess of eight hours, operators shall be paid one and one-half times the straight time rate. If a regular split run is not completed within a range of ten hours, time and one-half will be paid for all time in excess of said ten (10) hours; a spread penalty of time-and-a-half for all time in excess of 10 hours will not be in addition to overtime pay. After two hours of split time, operators shall standby and be present in the report room to accept any assignments within their competence that MUNI Management requires. Such assignments will be work in the customary line of work performed by the operator. No operator shall work on the extra board or on a scheduled run or on a combination of these where the time from first starting work to leaving work is greater than 12 hours unless the operator agrees.

Section 17.2 Work Time.

193. For the purpose of computing straight and overtime pay, work time will include:
194. (1) Time as platform employees, operating a transit vehicle, or collection work.
195. (2) Time on report.
196. (3) Time spent by an operator when requested by a duly authorized railway representative to act as a witness or perform similar duties in the interest of the MTA.
197. (4) Standby time on split or fill-in (make-up) time.
198. (5) Time spent by a permanent operator in breaking in on unfamiliar equipment.
199. (6) Time spent when an operator is required to travel from a relief point away from the home division to the home division, or the opposite: the running time from the home division to the relief point plus one-half the headway on line(s) traveled to or from the division. When travel time is required between pieces of work, such travel shall be shown attached to the piece of work that concludes or commences away from the division. Interline travel shall be shown attached to the shorter piece of the run.
200. (7) Time required of designated union representatives by the division to attend special meetings called by the division manager or other railway officials.
201. (8) Time spent in performing other duties at the request of a duly authorized MUNI representative.
202. (9) Time taken for required Department of Motor Vehicle test(s) during the operator's regular working hours.
203. (10) Three hours of medical examination required for an operator's license if the examination is not taken during the operator's regular work hours.
204. (11) Reporting - clearing allowance shall be included as work time when the operator is required to "report" and "clear" as follows:
205. (a) Ten (10) minutes when an operator reports or starts a run or a collect from a division. (Not later than October 1, 1982, the Director of the Public Transportation Department and a representative of the Union will survey

the actual time needed for a reporting allowance at the various divisions. The ten (10) minute time here provided may be increased in a division if the survey shows that additional time is needed.)

206. (b) Ten (10) minutes when an operator ends a run or a collect at a division when a turn-in is required, except that cable car conductors shall be allowed twenty (20) minutes for cash and receipt turn-in.
207. (c) Twenty (20) minutes when an operator reports or starts a run on an LRV.
208. (d) Thirty five (35) minutes when an operator reports or starts a run on LRV that is a two car one operator train.
209. (e) Fifteen (15) minutes when an operator reports or starts a run on a PCC car.
210. (12) Lunch period. Operators assigned to work requiring six (6) or more hours of continuous work will receive twenty (20) minutes of straight time pay in lieu of a lunch period.

Section 17.3 Cable Car Grip-person and Conductor and LRV Operator Report and Turn-In Time.

211. Each run for a cable car grip-person, cable car conductor and for a regular LRV operator shall be scheduled for not less than 8 hours plus 32 minutes for report and/or turn-in time. Part-time runs on LRV equipment operated by part-time operators shall have added to the run time, and any minimum guarantee for that run, 14 minutes for report and/or turn-in time. The procedures for scheduling the report and turn-in times shall be determined jointly by the division manager of the division involved and the union.

Section 17.4 Operators Called to Claim Department or Court.

212. All operators called to the Claim Department or Court on MUNI's business shall be paid their regular hourly rate. In all cases where operators are taken from the work to which they have been assigned to go to the Claim Department or Court, they shall not receive less pay within the time of their original assignment or run than they would have received had they not been taken from it. When an operator whose run finishes after 10:00 P.M. is required to report to the Claim Department or Court before noon the following day, the operator shall be relieved from his/her run no later than 10 p.m. the night before and shall be paid in full for the run.

Section 17.5 Time Off Between Scheduled Work.

213. No operator will be required or asked to perform without a minimum of eight hours off between the time of completion of the last shift and the commencement of the next shift.

Section 17.6 Accident Reports.

214. Operators required to remain on duty to prepare a necessary accident report shall receive one hour of pay at the straight time rate. Standby time, if any, at the end of the run will be subtracted from the one hour.

**ARTICLE 18. WORK ON REGULAR DAY OFF (RDO)**

Section 18.1 Policy.

215. It is MUNI's desire that the days off scheduled for an operator remain available to the operator for non-work activities. However it is recognized occasionally that MUNI's needs for operators will not be met from the extra board and the use of volunteer operators working on their day off may be necessary.

Section 18.2 Ineligibility for Work on RDO.

216. An operator who within the last 10 scheduled work days has:
217. (1) been AWOL and said AWOL is not excused by the Division Manager, or
218. (2) had an unexcused absence or called in sick when he or she had less than 8 hours of accrued sick leave, is ineligible for work on his or her regular day off. If the Union presents evidence to MUNI Management that this procedure is not being administered consistently, fairly, and equally, the Chief Operations Officer and the Union will meet and discuss the procedure for Eligibility for Work on RDO. If not resolved, the matter will be referred to the Director of Transportation.
219. No operator who has a combination of 3 AWOLs or 3 unexcused absences in the 2 months prior to an RDO may work on that RDO.
220. No operator who has been suspended during the 2 months prior to an RDO may work on that RDO.

Section 18.3 Regular Day Off.

221. An operator required to work on his or her regular days off in any scheduled work week shall be paid no less than eight (8) hours work. Operators working RDO will be paid time and a half for such work only if the operator has worked 40 hours in the previously scheduled work week, or has authorized

absences (as defined below) in addition to working time in the previously scheduled work week totaling 40 hours.

222. Authorized absences include vacation, holidays, jury duty leave, maternity leave, bereavement leave and absences pursuant to section 9.7(f). For operators with 80 or more hours accumulated sick leave, authorized absences will include sick leave with pay. For operators with less than 80 hours accumulated sick leave, authorized absences will not include sick leave with pay. For the purpose of this section sick leave without pay will not be included as authorized absences. The distribution and eligibility for RDO work shall be subject to rules established by the Director of Transportation after consultation with the Union. RDO assignments shall be made first from the RDO list in the division. If the RDO list in the division is exhausted, the Division Dispatcher may call from other division's RDO lists, with the first priority given to operators on the same mode of equipment. (trolley coach, LRV, cable car and diesel are recognized as separate modes of equipment for the purpose of this section only, whether the vehicles are articulated or not.)

Section 18.4 Distribution of Overtime.

223. Overtime shall be distributed equitably among operators in each Division who indicate their willingness to participate in such work. The Union and the Director of Transportation will jointly establish the procedure for effectuating this policy. The Union will have access to records showing the requests for overtime and the detail payroll list of work done in the Division each day.

**ARTICLE 19. OPERATORS UNDER INSTRUCTION**

Section 19.1 Learning New Mode.

224. Except as provided in Section 19.2, when learning different equipment, all operators who have passed the probationary period shall be paid at their regular rate except as herein provided. This also applies to operators who return to work after absence. Operators required to go to the Instruction School on their own time shall be paid travel time to and from their division at applicable rate. If an operator switches modes of equipment more than once in a three year period, on the second or subsequent switches he or she will be permitted 5 days of training only at his or her regular rate of pay. Training required thereafter shall be on the operator's own time.

Section 19.2 Retraining After Personal Leave.

225. If an operator is granted personal leave for a period of 60 days or more, any retraining required shall be on the operator's own time.

Section 19.3 Qualifications.

226. All MUNI operators are required to be qualified and to remain qualified to operate all types of transit equipment unless specifically excluded by MUNI management from operating any one or more types of equipment.

**ARTICLE 20. JURY DUTY**

227. An operator who is required to perform jury duty during the operator's regular work day will be granted leave of absence with pay. Such pay shall be the same as if the operator had worked in accordance with the operator's regular schedule for such day, less the amount received for jury duty on such day. An operator who is required to perform jury duty shall be considered to have Saturday and Sunday as assigned days off while performing jury duty.

**ARTICLE 21. JOINT LABOR MANAGEMENT BOARD AND SAFETY COMMITTEE**

Section 21.1 Joint Labor Management Board.

228. Within 90 days of the approval of this MOU by the MTA Board, the parties agree to implement a new Joint Labor Management Board (JLMB). The structure and composition of the JLMB shall be determined by the parties during this time period. The goals of the Committee shall be:

- Achieving and maintaining full staffing;
- Ensuring realistic schedules;
- Improving the quality and timeliness of service to the public;
- Improving operator morale;
- Reducing job-related stress;
- Improving attendance and reducing unscheduled absences;
- Increasing opportunities for operators to take short periods off to address health, family and other urgent needs;
- Reducing PSRs, accidents and claims;
- Improving employee safety and health;
- Reducing the number and length of workers compensation claims;
- Facilitating ways to improve the resolution of grievances, accidents, and disciplinary issues.
- Addressing police security and crime aboard MUNI equipment;
- Improving communication between Operators, Central Control, Street Supervisors and Dispatchers;
- Ensuring availability of restroom facilities for Operators.

231. MUNI will provide appropriate staff and funding to assist the JLMB in achieving its goals, subject to the budgetary authority of the Municipal Transportation Agency Board.

Section 21.2 Joint Safety Committee.

232. The MTA and the Union shall establish a joint safety committee hereinafter termed "JSC" composed of an equal number of Union and MUNI representatives. These representatives shall select an independent, neutral committee member who shall be knowledgeable in the field of health and safety who shall serve as chairperson. Expenses of the independent chairperson shall be shared equally by the Union and MUNI. MUNI's share of the expenses of the independent chairperson shall be limited to \$5,000 over the term of this MOU. The JSC shall meet within five days of the call of either party. If one party refuses or fails to meet when a meeting is called, the other party may proceed with the selection of an independent, neutral committee member, who shall serve as chairperson, and the JSC shall commence its activities. The JSC shall consider and propose action on any aspect of MUNI's operations affecting the health and safety of operators. If any action proposed by a majority of the members of the JSC is not implemented, the matter shall be referred to the Director of Transportation and the President of the Union for handling, and if the matter is still not resolved, subject to the budgetary and fiscal provisions of the charter, the committee is authorized to take reasonable steps to publish at MUNI's expense its findings and proposed action.

**ARTICLE 22. RULES AND POLICIES**

233. It is the intent of MUNI management during the course of this contract to update the rules and policies. The current rules and policies will be reviewed and updated and rewritten as appropriate, and shall not modify or violate any terms of this MOU. The proposals will be given to the Union and meet and confer sessions shall be held as to all rules that significantly affect terms and conditions of employment.
234. In an emergency, MUNI management may give immediate effect to a rule or policy if it determines that immediate imposition is necessary for the safety of passengers or operators or the operational sufficiency of the system. The time period for which the emergency is in force will be indicated on the order announcing the emergency rule or policy. An emergency rule or policy may not remain in force for longer than 30 days unless reissued by MUNI management after discussions with the Union.

**ARTICLE 23. DISCIPLINE**

Section 23.1 Standards for Discipline.

235. The MTA agrees that in imposing discipline the Director of Transportation will continue to act in a fair and equitable manner and any punishment will be related to the offense committed with due regard for the employee's past record. Employees shall be entitled to a Skelly hearing prior to charges

being filed against the employee. During the Skelly hearing an employee shall be entitled to:

236.

- A notice of the proposed action;
- The reasons for the proposed discipline;
- A copy of the charges and the materials upon which the action is based; and
- The right to respond, either orally or in writing, to the authority initially bringing charges.

237.

The MTA recognizes the rights of employees and/or the Union, who may consider themselves aggrieved by any discipline proposed, to raise such grievance through the authorized grievance procedure.

Section 23.2 Notice of Proposed Discipline.

238.

Except in cases of an operator reporting to work or operating a MUNI vehicle while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, the unlawful use or possession of a drug or alcoholic beverage, mishandling of funds, vicious conduct, or serious willful abuse of MUNI equipment, any discipline proposed must be preceded by a charge in writing communicated to the individual employee and the Union simultaneously. In the case of the major offenses mentioned above, the charge shall be communicated to the individual employee and the Union as soon as possible. A charge against an employee shall contain the precise offense with which the operator is being charged and the specific rule the operator has been alleged to have violated. Failure to cite the specific rule(s) will result in the charge being waived. The charge must be communicated to the employee and the Union not later than 14 calendar days after MUNI had knowledge of the event or occurrence charged or the offense will be deemed waived.

Section 23.3 Timing of Discipline.

239.

If an employee raises a grievance in connection with any proposed discipline, except in cases of an operator reporting to work or operating a MUNI vehicle while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, the unlawful use or possession of a drug or alcoholic beverage, mishandling of funds, vicious conduct, or serious willful abuse of MUNI equipment, the discipline will not be carried out unless, at the conclusion of the grievance procedure, it is determined that the discipline is appropriate.

240.

If, during the grievance procedure, an extension is requested by the Union, the employee shall be "Off the Clock" for the period of the extension and until the next available hearing or meeting date at the appropriate step in the

grievance procedure. If the extension is requested by management, the employee shall remain "On the Clock".

241. After the expiration of one year after the imposition of discipline, no reference may be made to that entry in any future disciplinary proceeding.

Section 23.4 Passenger Service Reports, (PSRs)

242. (a) The parties acknowledge the list of Major PSR's currently in use, and which are attached as an Appendix to this agreement. MUNI may modify the list of major PSR's upon 14 days notice to the union, subject to the requirements of Meyers, Millias Brown Act.
243. (b) Minor PSRs will be discussed with the operator and filed for a period of 12 months with no record entry made. When an operator has received a total of five minor reports within the previous 12 months or three minor reports of a similar nature within the previous 12 months, the operator will receive a formal warning, to be entered on the personnel record, that, the next PSR received will be treated as a major report.
244. (c) After a finding by the department against an operator based on a Major or sufficient number of Minor PSR's as described above, the findings shall be referred to a hearing officer to be selected by the Director of Transportation.
245. (d) Before an operator is suspended or terminated as a result of a major passenger service report, the operator shall have the right to be heard and the right to face his or her accusers or witnesses subject to (e) below, and may be accompanied by a Union Representative at the hearing. Hearings shall be held at a MUNI leased or owned property convenient to complainant and witnesses, and shall be scheduled at a time when complainant, witnesses and the operator can attend. The complainant shall have the right to be present throughout all phases of the hearing except for the hearing officers final determination.
246. (e) If a hearing is scheduled at a time when the operator can attend, and if the operator has been properly notified and proper arrangements made for relief, and the operator fails to appear at the hearing, the hearing officer may hear the testimony of the complainant and the witnesses, who may be examined by the Union representative. Under these circumstances, the hearing officer may make a decision regarding the merits of the PSR in the absence of the operator and/or the Union. The weight given to testimony provided in the absence of the operator shall be at the discretion of the hearing officer.

247. (f) If a PSR is appealed to the grievance procedure, and, if at the completion of the grievance procedure it is determined that the operator was not responsible for the behavior charged, the PSR shall not be entered into the operator's record.
248. (g) No record shall be made relating to a PSR if the PSR is anonymous.
249. (h) The parties agree that it may cause a hardship for some passengers to appear during normal working hours (8:00 a.m. - 5:00 p.m.) for a hearing on a PSR. Therefore, in addition to holding hearings during normal work hours, MUNI may hold PSR hearings beyond normal business hours when required to provide for complainant testimony.
250. (i) Management shall keep a record of the name of the complaining passenger, nature of complaint and date of complaint for a period of 12 months. If a passenger has a record of making complaints against operators, said record shall be taken into account in evaluating that passenger's complaints. For the purpose of representing an employee in connection with a PSR, the Union may review the record relating to prior complaints by the passenger, if any.
251. (j) In reviewing major PSRs, the employee's record of major PSRs over the prior 36 months may be considered.
252. (k) PSR Joint Study  
MUNI agrees to establish a Joint Union/Management Task Force to review and evaluate the fairness and efficiency of the PSR Process. The Task Force shall prepare a report of its findings and recommendations within 90 days after the Task Force is formed. (See Attachment B).

#### Section 23.5 Lateness and Absence Without Leave (AWOL) Program

253. It is jointly recognized by MUNI and TWU that the most effective approach to the lateness and Absence Without Leave (AWOL) problem is to prevent them from happening. Such an approach can most effectively be introduced by managerial behavior dealing with operators as individuals rather than merely applying formulas of punishment for behavior. The Director of Transportation recognizes that substantial training of managers in managing would benefit the department.
254. The steps needed to affect change will take more time than is available in the present negotiations. A joint committee is hereby established to develop a new lateness and Absence Without Leave (AWOL) Prevention Program. While the steps to achieve the new program are not clear, the following are agreed to be part of the program:

255. (a) Statistics will be maintained focusing on individuals and individual behavior. The Director of Transportation recognizes that attention by managers to preventing lateness and Absence Without Leave (AWOL) would benefit the department.
256. (b) If an operator reports late for duty without approval but does report and takes a scheduled non-overtime run, such late reports will be tracked and recorded on a rolling five month period with the disciplinary procedures up to the following:
257. i. First violation within a five (5) month period - oral warning
258. ii. Second violation within a five (5) month period - written warning of suspension
259. iii. Third violation within a five month period - up to five 5 day suspension
260. iv. Fourth violation within a five (5) month period - up to ten 10 day suspension
261. v. Fifth violation within a five (5) month period - up to termination
262. (c) When an operator fails to report for duty, and does not receive approval, the absence will be defined as a Absence Without Leave (AWOL) and will be tracked and recorded on a rolling eight (8) month period with the disciplinary procedures up to the following:
263. i. First violation within an eight (8) month period – Discipline up to a two (2) day suspension
264. ii. Second violation within an eight (8) month period – Discipline up to a ten (10) day suspension
265. iii. Third or further violation within an eight (8) month period – Discipline up to termination.
266. (d) The Joint Committee will explore the possibility of developing a point system in lieu of suspensions for lateness and Absence Without Leave (AWOL). If lateness and Absence Without Leave (AWOL) are not reduced, thereby avoiding points, discharge will result. This system, when introduced, will result in substantial savings because overtime working will be reduced. The savings can be used to introduce an incentive program for the great majority of operators who are not late or Absence Without Leave (AWOL).

267. (e) The Joint Committee will work together to identify the best methods to bring MUNI to full staffing as approved in the budget.

268. The Committee shall meet and report back no later than December 1, 2000. Absent an agreement on a new policy, the provisions of 'b' above will be implemented on 12/29/2000.

Section 23.6 Accidents.

269. On the occurrence of an accident, the Division Safety Instructor shall review and determine the category into which the accident falls and whether the accident was "avoidable" or "unavoidable".

270. Accidents are divided into two categories:

271. Group (a): Serious or major accidents, accidents involving serious injuries and accidents involving a violation of traffic laws or MUNI safety rules. Examples of Group "a" accidents are attached as Appendix F.

272. Group (b): All other accidents.

273. An Operator involved in a Group (a) accident who, after proper investigation, is charged by his Division Manager with that accident may appeal that decision to the Accident Review Board ("ARB"). This appeal must be made in writing within nine business days of being charged. The ARB will determine if the operator contributed to the cause of the accident.

274. An Operator involved in a Group (b) accident which is determined to be avoidable by the Division Safety Instructor will be referred to the training department for needed training. The Operator may appeal an avoidable determination to the ARB. This appeal must be made in writing within nine business days of such determination by the Division Safety Instructor

275. All hearings by the ARB shall be completed within 20 business days of the date the appeal is filed.

276. The ARB shall consist of 3 members. One selected by the Union, one selected by MUNI management, and an independent neutral. The independent neutral will be paid equally by both parties. The neutral will be selected from a list to be agreed upon by both the Union and MUNI management.

277. Should any member of the panel above become unavailable during the life of the MOU, replacement members may be selected. Such individuals shall have transit investigation experience, and may include senior safety officers of major public transit systems and safety oversight agencies.

278. The ARB will be supplied with all documents relevant to the case and may call for the presence of any relevant witnesses requested by the parties. All testimony before the ARB will be sworn and only information relevant to the facts of the accident will be admissible. Nothing in this section shall preclude any party (the MTA, the Union, and/or the Employee) from obtaining its own representation, provided that each party provides notice and bears its own costs and fees. Upon the request of any party, the hearing may be transcribed, provided that the requesting party shall pay for the cost of the court reporter. Each party shall bear its own costs for copies of the transcript.
279. The fact that a claim has been settled, and the amount of the settlement shall not be considered in determining fault for an accident.
280. If, after a hearing, the ARB determines that the operator contributed to the cause of the accident, any appeal of discipline relating to the accident shall be initiated at Step 3. The only issue that may be raised in the grievance procedure is the extent of the discipline appropriate in the case.
281. The provisions of the MOU dealing with accidents may be reopened as of January 1, 2002 by either party to resolve any problems with the above procedures.
282. The timelines of the above procedure shall be mandatory, and may be waived only in exceptional cases by mutual agreement. Failure by the MTA to meet the timelines set forth above shall render any discipline based upon that accident null and void. Failure by the union or the employee to meet the above timelines shall waive any challenge by the employee or union to the discipline imposed.
283. Within sixty (60) days of approval of this MOU by the MTA Board, the parties agree to meet and confer over revisions to General Bulletin 85-10.

Section 23.7 Loss of Funds.

284. Pursuant to Administrative Code Sections 10-25.1 through 10.25.9, no operator shall be charged for losses of funds or equipment in his/her possession, belonging to the MTA, resulting from petty theft, robbery or other crime, as proven by the operator, or resulting from a situation where it is proven by the operator that no action of the operator contributed to the loss.

Section 23.8 Wrongful Suspensions or Discharges.

285. If it is finally determined that a suspension or discharge is unwarranted, the employee shall be reinstated to his or her former position without loss of seniority; he or she shall be paid wages lost as though he or she had not

been suspended or discharged; and no entry shall be made in the employee's personnel record of such suspension or discharge.

Section 23.9 Notification to Operators

286. Notification to operators through Certified Mail will be used for:

## **APPENDIX C - PRIVATIZATION**

August 1, 1986 - PRIVATIZATION

This section acknowledges the Public Utilities Commission policy regarding privatization of Municipal Railway transit service adopted in Resolution 86-0103 March 25, 1986 is as follows:

The Public Utilities Commission reaffirms its commitment to maintain the most cost effective means of providing transportation and transportation related services, specifically to include fair and adequate consideration of the private enterprise providers' role therein.

The Public Utilities Commission continues the policy of seeking and considering the widest possible range of public input and comment, especially from private sector providers, in the planning and decision making process.

In furtherance of these goals, the Public Utilities Commission hereby directs the staff to:

- a. Further develop a model of the "full costs" of transportation and transportation related services now being provided by the Municipal Railway in order to provide an improved method of making valid cost comparisons between the costs of Municipal Railway provided services and the costs of providing these services through private sector providers who have the capability of doing so.
- b. Review the process of soliciting private sector input into the planning and decision making of the Public Utilities Commission with respect to the Municipal Railway and to eliminate any constraints to such input as may exist.
- c. Establish, with the approval of the commission, a fair and effective means of resolving the complaints of any private sector provider who believes that private sector opportunities to reduce cost while maintaining service levels and fare structures have not been fairly or adequately considered by the Public Utilities Commission or staff.

The Commission has at various times executed 13 (c) agreements in connection with UMTA grants. The Commission will adhere to the terms of such agreements, including terms relating to the rights of employees and their Union, which may be involved in the process of considering the privatization of Municipal Railway transit service. ## ATTACHMENT A

### ATTACHMENT A – Basic Wage Rates 2004-2005

#### Basic Wage Rates for 2004-2005

San Francisco Charter Section A8.404(b) provides that the base wage rate for Transit Operators shall not be in excess of the average of the two highest wage schedules for comparable jurisdictions. For fiscal years 2004-2005 and 2005-2006, the two highest wage schedules for comparable jurisdictions are projected to be Santa Clara Valley Transportation Authority (“SCVTA”) and Massachusetts Bay Transportation Authority (“MBTA”).

On August 5, 2003, the Municipal Transportation Agency (“MTA”) certified the two highest wage schedules for comparable employees in effect as of July 1, 2003. The SCVTA was one of the two highest comparable transit agencies. At that time, the SCVTA had negotiated a labor agreement with its transit operator union that required an additional 5% wage increase (or \$1.26) on February 2, 2004. The increase would have set the hourly wage rate at \$26.10 per hour. Based on the recalculated average of the two highest wage schedules, including this scheduled increase, the MTA certified that its transit operator wages would be increased from \$24.815 to \$25.445 on February 2, 2004. This amounts to a 2.54% wage increase.

On January 8, 2004, the General Manager of the SCVTA notified the SCVTA Board of Directors that the terms and conditions of the transit operators’ labor agreement had been amended. The labor agreement was opened up for re-negotiation because of fiscal shortfalls facing the agency. Because the SCVTA re-negotiated its labor agreement, SCVTA transit operators received only a 1.25% wage increase on February 2, 2004, instead of the expected 5% increase.

As a result of SCVTA’s re-negotiated labor agreement, the average of the two highest wage schedules for comparable jurisdictions was reduced as follows:

January 31, 2004	\$24.97/hour
July 1, 2004	\$25.34/hour
September 1, 2004	\$25.66/hour
November 1, 2004	\$25.825/hour
July 1, 2005	\$26.335/hour
November 1, 2005	\$26.50/hour

Since January 31, 2004, the base wage rate for Transit Operators has been \$25.445/hour. As a result of SCVTA’s contract re-negotiations, this base wage rate exceeds the revised “average wage rate” of \$24.97/hour for the period January 31, 2004 through June 30, 2004, and will exceed the revised “average wage rate” of \$25.34/hour for the period July 1, 2004 through August 31, 2004. On September 1, 2004, the average wage rate of \$25.66/hour will exceed the current \$25.445/hour wage rate paid to Transit Operators.

Memorandum of Understanding Between  
Transport Workers Union, Local 250-A (9163) and Municipal Transportation Agency  
July 1, 2004 – June 30, 2008

## ATTACHMENT A

In a letter dated April 13, 2004, the MTA informed the union of the change in the “average wage rate”. Based on discussions with the union at that time, the MTA decided not to address the matter and chose to defer further discussions until the FY 2004-2005 contract negotiations. Now, in recognition of the Transport Workers Union, Local 250’s request that the MTA not reduce transit operator wages from \$25.445 to \$25.34 on July 1, 2004, and the MTA’s desire to recoup any wage payments in excess of the average wage rate for the period from January 1, 2004 through August 31, 2004, the parties have entered into the following agreement.

Effective immediately, Transit Operators and Trainees shall not receive any further wage increases during the period from January 31, 2004 through April 22, 2005, so that the MTA can recoup the approximate \$1,360,847.00 in total excess wage payments made to Transit Operators and Trainees for the period from January 31, 2004 through August 31, 2004. The next wage increase shall become effective on April 23, 2005, based on the “average wage rate” of the two highest comparable jurisdictions then in effect, and shall be paid during the first payroll period following April 22, 2005. Wage increases after April 22, 2005 shall be made according to the provisions of Section 4.1 Basic Wage Rates of this agreement.

The Division Superintendent and/or Union Chair may request and agree on time waivers to allow for follow-up contact. Such reports will be reviewed and compiled by the PSR Unit as 'miscellaneous reports', categorized by complaint type, mode of equipment, service, etc. and forwarded for reference only to the DGM Operations, for information.

Depending on the gravity of the allegation(s), the Customer's inability to provide sufficient information for employee identification shall not automatically deem the report as having no merit. Other data may be utilized to determine employee identification, including line, time, location, mode and direction.

- a) The PSR Unit shall not send such reports to the Operating Divisions for processing; and

- a) Anonymous reports will not be forwarded to the Operating Division or counted against any employee or Division. The Customer will be informed by the PSR Unit that the report cannot be formally processed.
- b) Third party reports that are not supported by a first party report will be dismissed and not be counted against any employee or Operating Division. (A third party report that supports a first party report will be used as a "witness only" report and will not be counted as a separate occurrence against an employee.)
- c) Reports of a sensitive nature, requiring confidentiality (e.g. criminal or illegal allegations against an Operator, or MUNI employee) will be forwarded directly to the Deputy Executive Director and/or Security and/or Street Supervision for immediate response and follow-up that may be deemed appropriate.

### Employee Conference Process

- a) Division Superintendent and Union Chair will determine which course of action would be appropriate to support correction of identified problem.
  - b) An appointment will be scheduled and the Operator and Union will receive notification of the appointment.
  - c) The PSR documentation shall be presented to the Operator at this meeting. The Operator shall have an opportunity to respond.
  - d) Operator will be informed at the meeting of the course of action. This will be mandatory attendance to a support service, non disciplinary, required.
- 4.2.3 Reportee Acknowledgement: All PSR's will be acknowledged as being received and processed by the PSR Unit with a written response (mail or e-mail) to the complainant.

Division Superintendent and Union Chair, as part of the PSR investigation process, will contact Complainant by telephone to get further clarification and provide assurance to Complainant that report is being handled appropriately; telephone interview will be audio-taped to preserve testimony. If no telephone numbers are provided, response will be by mail or e-mail.

- 4.2.4 Required Labor-Management Review: Division Superintendent and Division Chair to schedule an appointment to review all PSRs at least 3 times a week. Each will be held accountable for this commitment; a complaint can be made to the Task Force, by either party, to reinforce need for compliance.

The 2000 – 2004 MOU between the San Francisco Municipal Transportation Agency and Union Local TWU 250-A, Article 23 – Discipline and Article 27 – Grievance Procedure, set forth the guidelines for progressive discipline and the grievance procedure.

The employee and Union, can be satisfied in requesting the complainant be present, should a Grievance be taken to Step 3 or Step 4 if the Hearing Officer deems it necessary. It is the intent of this process to eliminate the need for the complainant's presence and that the taped interview conducted by the Division Superintendent and Division Chair, as well as their documentation of the interview, will satisfy the need for testimony by the complainant.

## ATTACHMENT B

- 4.2.6 Appellate Procedures and PSR Task Force: Should a Superintendent or Union representative not adhere to a part of the process, or fail to meet (as agreed and required), either party may file a complaint with the PSR Task Force. The complaint must contain detailed information on the non-compliance, attempt(s) to address the concern, response (or lack of response), result(s) and any effect on determination of a complaint and/or employee.

The PSR Task Force will review and investigate the complaint. The Task Force will make recommendations to rectify the complaint, including the recommendation to take corrective action against the party failing to comply with agreed-upon process.

The PSR Task Force will follow-up to ensure corrective action was imposed by the governing body of the offender and that future actions are monitored to guarantee compliance with the process.

Repeated complaints will be considered in the assessment of Division Superintendent's or Union representative's performance.
