## Transportation and the Growing Need for Talent

The transportation industry is critical to our country's moving forward and its economic competitiveness. The challenge? Increasing talent shortages and skill gaps are slowing companies' efforts to expand, innovate, and excel. Among these challenges:

- An aging workforce of highly-skilled and experienced workers
- Attracting young workers and more diverse talent pools to transportation careers
- Investing in talent that can keep pace with the latest technology advances in the industry
- Increasing worker retention
- Implementing workforce training models that effectively develop and "up-skill" talent

These workforce challenges undermine your productivity and profitability. The good news? There is a proven solution to meet your talent challenges: Registered Apprenticeship. It can be integrated into your organization's current training and human resource development strategy. **Invest today!**
