What is a GWAC?

A Governmentwide Acquisition Contract (GWAC) is defined as a task or delivery order contract for information technology.

- Contracts established by one agency for Governmentwide use
- Operated by an Executive Agency designated by the OMB
- Not subject to the Economy Act
What is an Interagency Acquisition?

Interagency Acquisition is the procedure by which an agency needing supplies or services (Requesting Agency) obtains them using another agency’s contract (Servicing Agency), the acquisition assistance of another agency (Servicing Agency), or both.

Agencies may presume that direct acquisitions made by qualified individuals are in the best interest of the Government if the vehicle was established under the FSSI, the FSS Program, the SmartBuy Program or GWACs.

Scope
Scope

General

- Robust scope that provides access to a range of complementary management, technical, and other support services
- IT Services-based solutions may include ancillary non-IT components as long as they are integral and necessary to accomplishing the IT solution
- FEA/DoDEA scope conforms to OMB policy for IT investments and evolves as technology expands
Scope

- Ancillary Support

  - Ancillary Services (i.e. clerical support; training; construction, alteration and repair, etc.) *must be integral and necessary* for the IT services-based solution

  - Ancillary Equipment (hardware, software, licenses, racks, mounts, etc.) may be purchased *if integral and necessary* for the IT services-based solution
Scope

Telecommunications/Wireless

- Telecommunications, Wireless, and Satellite products and services (C.3.4.1) may be purchased as part of an overall IT services-based solution.
- The *sole purpose of the requirement may not be* for a commodity (land mobile radios) or commodity-like service (i.e. transport services - wireless connectivity)
Scope

➢ Leasing of Real and Personal Property

• The Government will not be the lessee and it will not be liable for cancellation fees should an option not be exercised

• Furthermore, the use of lease-like (incremental) payment arrangements to purchase items, which purport to permit the Government to receive delivery of items and then pay for the full cost of the items over time, are not permitted
Scope

- Indefinite Delivery, Indefinite Quantity, Blanket Purchase Agreements (BPAs) and Letter Contracts are not permissible order types
  - Fair opportunity to be considered is required
Pre Award Scope Review

- Free & Optional Scope Review Value-Add Service
- Review Team
  - Comprised of technical & contracting professionals
  - Meets Tuesday & Thursday weekly
  - Provides a written response (2-5 day turnaround)
- Scope Compatibility Review mailbox
  - Alliant (alliantswreview@gsa.gov)
  - Alliant SB (sowreview@gsa.gov)

Fair Opportunity

- OCO must provide each awardee a fair opportunity to be considered for each order exceeding $3,000 unless a statutory exception is invoked
  - Statutory exceptions [see FAR 16.505(b)(2)]
    - Extreme urgency (fair opportunity causes unacceptable delays)
    - Unique capability (only one awardee can meet requirements)
    - Logical follow-on (sole-source basis in the interest of economy and efficiency)
      - Provided all awardees allotted fair opportunity consideration on original award
    - Necessity to satisfy a minimum guarantee
    - A statute expressly authorizes or requires that the purchase be made from a specified source (i.e., for orders exceeding SAT)
    - Set aside orders for any of the small business concerns identified in 19.000(a)(3)
Exceptions to Fair Opportunity

- Written justification and approval is required
  - Justification must be documented IAW FAR 16.505(b)(2)(ii)(A-B)
  - Approval level is based on dollar amount of order IAW FAR 16.505(b)(2)(ii)(C)(1-4)

- Posting requirements for orders above the SAT
  - A notice must be published after placing an order exceeding the SAT per FAR 16.505(b)(2)ii(D)(1) or (3)
  - Notice must be published IAW FAR 5.301
  - Notice must be publicly available for a minimum of 30 days at the GPE, http://www.fedbizopps.gov IAW16.505(b)(2)ii(D)(2)
  - Posting is subject to FOIA exemptions [See FAR 16.505(b)(2)ii(D)(4)]
  - Posting is not applicable if it will compromise national security or create other security risks [See FAR 16.505(b)(2)ii(D)(5)]

Note: Interim Rule No. 2 of FAC 2005-50 (effective 3/16/11)
Ordering *continued*

- The OCO may exercise broad discretion in developing appropriate order placement procedures
  - Streamlined ordering methods per FAR 16.505
  - FAR Part 15.3 source selection approach is discretionary
  - Oral proposals may be utilized
  - A multiphased approach may be implemented
Task Orders Exceeding $5 Million

- A notice of the task or delivery order that includes a clear statement of the agency’s requirements
- A reasonable response period
- Disclosure of the significant factors and subfactors, including cost or price, that the agency expects to consider in evaluating proposals, and their relative importance
- Where award is made on a best value basis, a written statement documenting the basis for award and the relative importance of quality and price or cost factors
- An opportunity for a postaward debriefing.
Ordering continued

- Clauses from Basic Contract flow down to the order
- Additional clauses may be included at the order level:
  - Agency-specific clauses and/or additional FAR clauses
    - FAR Part 12, if applicable
  - Special or unique requirements (e.g., Davis Bacon, Service Contract Act, etc.)
  - Tailored Basic Contract clauses and/or provisions from Sections E,F,H and I

Note: American Recovery & Reinvestment Act clauses are incorporated at the Basic Contract level and apply as applicable to the order
OCOs must evaluate cost or price and determine the overall price to be fair and reasonable using policies and methods in FAR 15.4 for all orders, irrespective of contract type used.

When adequate price competition exists, generally no additional information is necessary to determine the reasonableness of price.

In accordance with FAR 15.403-1(b)(1), adequate price competition prohibits OCOs from obtaining Certified Cost or Pricing Data.
Cost Reimbursement Orders

- Cost type contracts require further consideration of cost allowability, allocability and realism per the FAR and customer agency policy.

- Cost Realism - proposed cost elements are realistic for the work to be performed; reflect a clear understanding of the requirements; and are consistent with offeror’s technical proposal.

- FAR compliant Cost Realism analysis shall be performed in evaluating quotes and proposals for all cost reimbursement orders to determine the most probable cost of performance.
Alliant T&M/LH Labor Rates

- Basic Contract Section J (Attachment 2 & 3) provides the competitive Loaded Hourly Labor Rates within CONUS for T&M/LH type Orders only
- Subcontractor rates were not evaluated
- No labor rates are provided for OCONUS requirements
  (See Department of State URL: http://www.state.gov/m/a/als/)
- These rates may also be used for developing IGCEs
Deviations from established hourly labor rates (B.7.4)

- Generally, these rates should not be exceeded
- However, the OCO is authorized to establish different hourly rates suited to meet the ordering agency’s unique requirements such as: geographic location, complexity of work, or security clearances and
- Contractors shall explain in their Order proposals any loaded hourly labor rates that exceed the rates in the Basic Contract
T&M/LH Considerations

➤ Unique Professional Skills (contract section H-3)
  • Professional skills that do not have an appropriate labor category or rate established in Basic Contract
  • Contractor may propose and OCO may accept a new labor category and negotiate an appropriate rate at the Order level—OCO is the determining authority

OCOs should select one of these (3) provisions to include in their task order solicitation:

- FAR 52.216-29 Time-and-Materials/Labor-Hour Proposal Requirements—Non-Commercial Item Acquisition With Adequate Price Competition
- FAR 52.216-30 Time-and-Materials/Labor-Hour Proposal Requirements—Non-Commercial Item Acquisition Without Adequate Price Competition
- FAR 52.216-31 Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition
NEW T&M Payments Provisions

- Contractor must identify performing entity (prime, sub, affiliates/divisions...) for each rate proposed.
- Contractor must also indicate whether the rates are separate, blended or a combination of separate or blended.
  - Separate: Prime rate: $10  Sub A: $9  Sub B: $8
  - Blended: Rate for all: $9
  - Combo: Separate Rate for Prime: $10; Blended Rate for Sub A & Sub B: $8.50
- As applicable, OCOs should include appropriate agency clause as some agencies (i.e. DOD) require separate rates for each performing entity.

Note: FAR 16.601(e) permits contracting officers to amend the provision to make mandatory one of the three approaches for noncommercial with adequate price competition.
