Subject: Reconsideration of the definition of "religious employer"
Date: Saturday, August 13, 2011 8:40:23 PM

Please record the following in protest to the new mandate to include sterilization and contraception in medical insurance and health care plans.

In addition to my opposition of the new mandate which includes sterilization and contraception in all medical insurance and health care plans, I particularly object to the current restrictive definition of religious employer as it does not provide true conscience protection for those committed to preserving life. Health care plans should not be forced to violate the moral and religious convictions of providers or employees in order to participate in the health care system. Requiring such an unacceptable demand threatens both universal access to health care and religious freedom of conscience.

I ask that you please reconsider this section of the mandate.
