To Whom It May Concern:

I am writing today to ask in the strongest way possible that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients. If you do not reverse course I ask you to expand conscience protections for ALL organizations that provide individual and group insurance and have moral or religious objections, along with ALL persons who pay premiums or taxes used to fund said services.

I strongly oppose the government forcing us to adopt their religious viewpoint, by removing our free exercise thereof and forcing us to pay for morally objectionable actions. This is not a trivial matter. Approximately half of America is morally opposed to abortion. By forcing us to subsidize this, you have effectively removed the very freedoms on which this country was founded. This is WRONG, WRONG, WRONG. And marks an about face to the religious freedoms for which the country was globally famous. Please get it right; do not squelch our religious freedoms.

Sincerely,
Tim & Ginny Lors
