To Whom It May Concern:

I am writing today to ask in the strongest way possible that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients. If you do not reverse course I ask you to expand conscience protections for any organizations that provide individual and group insurance and have moral or religious objections. I strongly oppose the government forcing free insurance coverage on Americans especially for drugs and devices that I oppose because some of these can cause an abortion (such as ella and Plan B).

I also ask you to reconsider your definition of religious employer and offer an authentic conscience protection for any organization and business that has moral or religious objection to providing such insurance to their employees. This legal mandate clearly violates the spirit of conscience laws which prohibit government discrimination against those who object to various health services on moral or religious grounds. The definition of "religious employer" in the regulation is so narrow as to only include churches, but will still mean that a host of businesses and organizations that have conscience objections will be required to choose between either violating their conscience or not being able to offer employees health insurance.

Please protect the conscience rights of insurers, providers and people like me who object to being forced by the federal government to offer or subsidize contraceptives and sterilization services, especially when some of these drugs can take the life of early unborn children. No Americans should be forced by the federal government to essentially subsidize services they object to. I again urge you in the strongest way possible to reverse course and remove contraceptives and sterilizations from the list of mandatory preventive services.

No American should be forced into any type of Medical service unless the so wish to engage upon it. This Obama is strictly unconstitutional and must be repealed completely. A new bill should be implemented for the protect of those who cannot afford insurance....this Obamacare is strictly to dictate to every American. Americans are tired of being abused and disrespected by the entire Senate and Congress and of course the illegal Obama Regime. This law must be declared Null and Void, as Obama's presidency is Null and Void....he is our illegal president, usurper to be exact. He along with all of his appointees must be removed from their said position. Obama has committed so many crimes against our Constitution and every American citizen and legal immigrant...he has disgraced our great nation. He must be held accountable. Since his presidency is null and void...he is not eligible to be President of our great nation....all laws and executive orders signed by him are null and void. HE MUST BE REMOVED WITHOUT FURTHER DELAY FOR THE SAKE OF OUR COUNTRY, OUR CONSTITUTION AND EVERY AMERICAN CITIZEN AND LEGAL IMMIGRANT. "In God We Trust."

Sincerely

Suzanne C. Short
