Subject: Objections to Opt Out of Patient Protection and Affordable Care Act (PPACA)
Date: Thursday, September 22, 2011 11:10:19 PM

This Act violates Constitutional American freedoms by forcing citizens to pay their federal tax money and applying it to the heretofore un-named, but practiced and coerced federal religion of secular humanism in its current form of abusive women's health practices under the guise of birth control drugs and abortion - inducing drugs without adequate and wide ranging provisions of opting out processes.
