The Department's program - "Getting It Right - Know Your Fiduciary Responsibilities" - will provide employers and plan officials with an understanding of the law and their responsibilities and will focus on steps for avoiding the most common problems EBSA encounters in its enforcement activities.

Published materials will be provided. EBSA Benefits Advisors will be on site to address your specific questions. Space will be allocated on a first come, first serve basis. Please act quickly to reserve your spot! Workshop and materials provided are free of charge.
