Can This Health Coverage Be Too Good To Be True?

Issues Related to Obtaining Coverage Through a Multiple Employer Welfare Arrangement (MEWA)

With the high cost and often confusing myriad of health plans, federal and state regulators want to help. The Employee Benefits Security Administration and the Colorado Division of Insurance are sponsoring an afternoon workshop on Multiple Employer Welfare Arrangements (MEWA). If you are a licensed broker, agent, ERISA consultant or third-party administrator, this workshop will help you understand federal and state regulations related to this type of group health arrangement as well as help you identify plans that may be fraudulent.

Registrations will be accepted on a first-come, first-serve basis, so please complete your registration form and return as quickly as possible. Since registration is limited, we ask that you make every effort to attend the workshop once you register, or send an alternate.
