

**United States Department of Labor
Employee Benefits Security Administration
Understanding Your Fiduciary Responsibilities Under ERISA Workshop**

Strong fiduciary oversight and protecting workers' benefits is one of the highest priorities of the U.S. Department of Labor. However, we recognize that understanding and complying with DOL regulations can be challenging for any employer, but especially so for small and medium sized employers with limited time, resources and/or access to professional assistance. The Department wants to help.

A free employer/service provider workshop, "Understanding Your Fiduciary Responsibilities Under ERISA" will be offered in your area. The Employee Benefits Security Administration (EBSA) will present an introduction to the Employee Retirement Income Security Act (ERISA) and cover some of the basics of retirement and health plan administration. This will include an overview of the Voluntary Fiduciary Correction Program (VFCP).

Pre-registration is required and seats are allocated based on a first-come basis. We ask that you make every effort to attend the workshop once you register or send an alternate. Late registrations will be accepted based upon availability.

Attendees must bring a valid picture ID and be processed through the security entrance. The Federal Building may not allow any electronic equipment, including cell phones. Please leave all electronic equipment and cell phones in your vehicle or office location.

When: July 13, 2010

Where: Wallace F. Bennett Federal Building
125 South State Street, Suite 8107
Salt Lake City, Utah 84138
