

United States Department of Labor Employee Benefits Security Administration Retirement Plan Option Webcast

The Retirement Plan Option Webcast is a good way of increasing awareness to small business employers on the advantages of saving for the future as well as having significant tax advantages. Retirement Plans may also help small business employers attract and retain qualified employees. Experts estimate that Americans will need 70 to 90 percent of their preretirement income to maintain their current standard of living when they stop working. So now is the time to look into retirement plan programs.

Please join the New York Regional Office's webcast on the Retirement Plan Option. EBSA benefits advisors will be available to address your specific questions following the webcast. Please act quickly to reserve your spot!
