

**NOTICE OF CRITICAL STATUS FOR
I.A.T.S.E. LOCAL 33 PENSION TRUST**

This is to inform you that on March 31, 2011, the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor (which is the Board of Trustees), that the plan is in critical status for the plan year beginning January 1, 2011. Federal law requires that you receive this notice.

CRITICAL STATUS

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that over the next three plan years, the plan is projected to have an accumulated funding deficiency for the 2014 plan year if the plan's 5-year amortization extensions under Internal Revenue Code Section 431(d) are not taken into account.

REHABILITATION PLAN AND POSSIBILITY OF REDUCTION IN BENEFITS

Federal law requires pension plans in critical status to adopt a Rehabilitation Plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a Rehabilitation Plan. If the trustees of the plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after the date of this notice, or April 29, 2011. But you should know that whether or not the plan reduces adjustable benefits in the future, effective as of April 29, 2011 the plan, with certain exceptions, is not permitted to pay lump sum benefits (or any payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

ADJUSTABLE BENEFITS

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt: (i) post-retirement death benefits, (ii) 36-month payment guarantees, (iii) disability benefits (if not yet in pay status), (iv) early retirement benefit or retirement-type subsidy, (v) benefit payment options other than a qualified joint and survivor annuity (QJSA), and (vi) recent benefit increases (i.e. occurring in past 5 years).

EMPLOYER SURCHARGE

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status.
