

## United States Department of Labor Employee Benefits Security Administration Taking the Mystery Out of Retirement Planning Workshop

For many Americans, planning for retirement is a mystery. Join the U.S. Department of Labor for a workshop that will help you unravel the mystery and reach your retirement goals.

The workshop, designed for people who are 10 to 15 years from retirement, offers a simplified, bottom-line approach to figuring out how much you need to save and how to make your money last over a possibly long retirement.

You'll learn how to track down and understand:

- Your savings, 401(k) plans, home equity, and other assets
- Your Social Security benefit - and how to decide when to start drawing benefits
- Your spending and expenses now and in retirement
- Filling the gap in your retirement savings.

Can't attend the workshop? Check out the Department of Labor's publication [Taking the Mystery Out of Retirement Planning](#) and interactive online worksheets.

Pre-registration is strongly encouraged as space is limited and seats are allocated based on a first-come basis. We ask that you make every effort to attend the workshop once you register or send an alternate. Late registrations will be accepted based upon availability. Please act quickly to reserve your spot!
