IV. Results

Capacity Building

CBP has increased its capacity to recruit, hire and retain workers with disabilities using the Schedule A Hiring Authority. This is evidenced by the agency’s outreach efforts including attending Gallaudet’s annual Job Fair and their onboarding process that ensures that accommodations are in place prior to start date for all new hires with disabilities that may need them.

Disability employment staff training has resulted in an increase in hires. Persons with disabilities onboard at CBP totaled 1,604 (those who self-identified on SF-256) at the end of 2011 compared with 1,704 at the end of 2012.

CBP seeks to be an employer of choice for job seekers with disabilities. This goal aims to ensure that workers with disabilities feel comfortable and have successful careers at CBP.
