AGREEMENT

(1) This Agreement, entered into as of the 1st day of July 2003, by and between the Associated General Contractors of Northwest Ohio, Inc., Labor Relations Division (hereinafter referred to as "Employer") and Local No. 500, Laborers' International Union of North America and Laborers' District Council of Ohio (hereinafter referred to as the "Union").

(a) It is specifically understood and agreed that the Laborers' District Council of Ohio, as an entity, separate and apart from the Local Unions of which it is comprised, shall not be liable hereunder for any reason whatsoever, including but not limited to acts of local unions which are members of Laborers' District Council of Ohio.

ARTICLE I
TERM OF AGREEMENT

(2) This Agreement shall become effective July 1, 2003, and shall remain in full force and effect until midnight June 30, 2007, and from year to year thereafter unless either party desires to modify or terminate the Agreement and files a notice in writing of its desire to terminate or modify at least sixty (60) days prior to midnight June 30, 2007, or prior to midnight June 30th of any subsequent year. The parties hereby waive any rights they may have to repudiate this Agreement during the term of the Agreement or during the term of any extension, modification or amendment to this Agreement.

ARTICLE II
COLLECTIVE BARGAINING UNIT

(3) The persons, firms, corporations, joint ventures or other business entities bound by the terms of this Agreement are referred to in this Agreement as "Employer" or "Em-
ployers.” The Employers and the Union, by entering into this Agreement, intend to and agree to establish a single multi-employer collective bargaining unit. Any Employer who becomes a party to this Agreement shall thereby become a member of the multi-employer collective bargaining unit established by this Agreement.

(4) Employers covered by this Agreement shall be free to designate their own representatives for the purposes of collective bargaining and contract administration; however, such designation shall not affect the Employer’s membership in the collective bargaining unit established by this Agreement.

ARTICLE III
UNION RECOGNITION / HIRING / NONDISCRIMINATION

(5) UNION RECOGNITION. The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees performing work designated herein as building construction Laborers’ work with respect to hours of work, wages, rates of pay and all other conditions of employment.

(6) Each Employer, in response to the Union’s claim that it represents an uncoerced majority of each Employer’s employees, acknowledges and agrees there is no good faith doubt that the Union has been authorized to and in fact does represent such majority of employees. Therefore, the Union is hereby recognized as the sole and exclusive collective bargaining representative for the employees now or hereafter employed in the bargaining unit with respect to wages, hours of work and other terms and conditions of employment.

(7) It is mutually agreed that all employees who on July 1, 2003, the effective date of this Agreement, are members of the Union shall, as a condition of employment, remain members of the Union in good standing for the term of this Agreement. All employees hired after the effective date of this Agreement and all employees who are not now members of the Union must, as a condition of employment, become and remain members in good standing on the 7th day following the beginning of their employment or the effective date of this Agreement, whichever is the
later.

(8) In interpreting good standing in the Union, the Employer shall not discharge any employee for non-membership in the Union if (1) he has reasonable grounds for believing that such membership was not available to the employee on the same terms and conditions generally applicable to all members, or (2) if he has reasonable grounds for believing that membership was denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fee uniformly required as a condition of acquiring and retaining membership in the Union.

(9) HIRING. Upon the request of the Employer, the Union will, at times, furnish experienced men capable of performing the work of common labor, but the Employer may hire or discharge whomsoever he desires, within the limitations as set forth in paragraph (8), but the employee and the Union must be given a reason for discharge upon request.

(10) Whenever the Employer adds to his Laborer work force, he shall have the free right to re-employ any Laborer employed by that Employer during the preceding six (6) months. Whenever new hires are employed by the Employer who have not been employed by the Employer during the previous six (6) months, the Employer shall contact the Union. The Union will then refer the 1st, 3rd and 5th person and every other person thereafter employed on each project. If the Employer rejects the applicant referred by the Union, the Employer must contact the Union and obtain the 1st and 2nd replacements from the Union, provided the Union has the replacements available. Such referrals shall have the specific skills required.

(11) The Employer, when employing men, shall give priority to those men who are qualified to do the work and have customarily been employed by Employers in the building and construction industry in the Toledo area or the job area. Men not customarily employed by the building and construction Employers in the area may be employed according to the customs of the trade involved.
(12) Notwithstanding any of the foregoing provisions of this Article, the Union shall indemnify and hold harmless the Employer from any and all claims, demands, suits, charges, complaints, causes of action, judgments, settlements and orders, including costs and attorney fees related thereto, arising out of the operation and administration of the hiring hall and/or referral procedure under this Article. Provided, however, the Employer in order to be held harmless as stated above shall notify the Union within ten (10) days of receipt of said claim, demand, etc. and the Employer shall turn over said claim, demand, etc. to the Union for defense.

(13) An Employer whose business is located outside the jurisdiction set forth in Article IV may bring with him one key man on the job. The Employer shall contact the Union and the Union shall refer the 2nd, 3rd, 5th, 6th, 8th, 9th, 11th and every person thereafter hired or employed on the job.

(14) NONDISCRIMINATION. The Employer agrees in the employment of employees and the Union agrees in the referral of men and/or the selection of apprentices that there will be no discrimination. The Union and the Employer will not condone or allow any act or conduct which would be contrary to the Civil Rights Act of 1964, as amended, or any state or federal laws or regulations providing for equal employment opportunity and prohibiting discrimination because of race, color, national origin, religion, sex, age or disability.

3. If a Participating Employer has not remitted the total fringe benefit amounts due and owing to any Plan and filed the official reporting forms by the Fringe Benefit Payment Date as aforesaid, said Employer shall be liable to the Trustees of each employee benefit plan as to which said Employer is in default for liquidated damages in such amount as shall be established by the Trustees of each such Plan by a promulgation of Rules and Regulations in accordance with the Trust Agreements. The Trustees shall notify all Participating Employers of all promulgations of Rules and Regulations establishing and revising the liquidated damage charges and any terms, conditions and provisions thereof in advance of the enforcement thereof; but by acceptance and participation in this Agreement, all Participating Employers shall be bound by such promulgations on and after their effective dates.

4. If a Participating Employer is in violation of the provisions of paragraph E-3 hereof, in addition to the provisions thereof, the Participating Employer shall be liable to the Trustees of each said employee benefit plan as to which said Employer is delinquent or in default for reasonable attorney fees and any court of law, arbitration proceedings or federal or state administrative agency costs actually expended by the Trustees to enforce said Employer’s compliance with the provisions of this Agreement.

1. The Trustees of the several employee benefit plans may establish Payroll Audit Programs which shall be binding upon the parties. The Trustees shall also have the right to determine who shall bear the cost of the audit. The Trustees and their agents and employees shall conduct the audits at such time and place and manner as to preserve the confidentiality of all information as obtained.
2. **CASH DEPOSIT.** All Employers shall furnish a minimum cash deposit in the amount of $1000 at the office of the Northwestern Ohio Administrators, Inc. to assure prompt payment of the employee Health & Welfare, Pension, Vacation, Apprenticeship and Promotion funds as required by this Agreement. Those Employers employing three to five men shall be required to furnish a $1500 cash deposit. Those Employers employing six to ten men shall be required to furnish a $2000 cash deposit. Those Employers employing eleven to fifteen men shall be required to furnish a $2500 cash deposit. Those Employers employing over fifteen men shall be required to furnish a $3000 cash deposit. Provided however, that those Employers who have employed members of the Union during the preceding 24-month period and who have made all of the payments aforementioned without default, are hereby exempt from furnishing a cash deposit until such time as they become in default. Upon becoming in default, an Employer will be required to furnish a cash deposit which will be released at the expiration of the first 24-month period during which there has been no default.

3. Any Employer who has ceased all employment within the jurisdiction of this Agreement shall be entitled to a release of the cash deposit upon the payment of all of the aforementioned payments.

4. Upon release of the cash deposit to an Employer, he shall also receive the interest earned on said cash deposit.

5. In the event of a violation of this section by an Employer, the Union shall be authorized to withdraw its Laborers from said Employer until such time as said Employer complies with the requirements of this section.

**G. General**

1. In the event any employee benefit plan provided for in this Agreement and paid for by Participating Employer contributions is reduced or eliminated because of governmental action, the net savings, if any, to said Employer attributable to said governmental action shall revert to the employee as wages and allocated as wages or fringe benefits as determined by
the Union. The increase, if any, shall be effective as of the first day the governmental action is effective. Net savings is hereby defined to be the difference between the cost of the Participating Employer’s contribution to Health and Welfare or Pension, as the case may be, and the total cost to the Employer of the governmental program which caused the reduction in or elimination of the Health and Welfare program or Pension program, as the case may be. Funds set aside during the term of this Agreement for the Health and Welfare contribution increases shall not be considered in the application of the foregoing formula and shall, if used during the term of this Agreement and in the event of governmental action, revert to the Participating Employer.

2. If the federal government institutes wage controls in any form and any portion of this Collective Bargaining Agreement is deferred or cut back, the parties shall meet promptly; and, if the action of the federal government which caused the deferral or cutback makes it legally permissible to do so, the parties shall attempt to reallocate the monetary equivalent of the deferred or cutback wages or benefits in a manner that complies legally with the action of the federal government.

If it is not legally permissible to reallocate the deferred or cut back portion, the Employer shall commence paying the wage and/or benefit rate that was deferred or cut back when and if it becomes legally permissible to do so.

3. It is acknowledged and agreed by the parties that upon the making of all contributions required of them by this Agreement, Participating Employers shall have no other or further obligation or responsibility to pay for, provide or otherwise fund any fringe benefits; it being the acknowledged intention of all parties that benefits from all employee benefit plans shall be limited to those which can be financed from the respective trust funds. The Participating Employers shall not be liable or responsible for the failure of the Trustees to secure, pay or provide the benefits contemplated in the employee benefit plans for any participant or beneficiary. The obligation of the Participating Employers shall be and is hereby expressly limited to the payment of contributions to the trust funds.
and no more. If at any time any of the employee fringe benefit trust funds shall not be sufficient to pay out and provide all of the benefits provided for in the employee benefit plans, the Trustees shall take such action as may be necessary and desirable in connection with the reduction of the then existing benefits in order that the cost of the benefits shall not be greater than that which can be paid from the trust funds. Without limiting the generality of the foregoing, it is expressly acknowledged and agreed that the Participating Employer shall have no responsibility or obligation to increase its contributions to the trust funds beyond that otherwise expressly provided for herein. It is expressly acknowledged, understood and agreed that the Participating Employer does not guarantee any benefits to any participant or beneficiary; the obligation and responsibility of the Participating Employer being expressly limited to its obligation to make agreed contributions into the trust funds.

4. In the event the parties hereto desire to alter the allocation of funds from the overall economic wage package negotiated by the parties and reflected in this Agreement, to increase or decrease the amount of money being contributed to any or all of the existing employee benefit plans or deductions, they may do so upon the express conditions precedent that:

(a) the Trustees of any plan affected acknowledge and agree in writing;

(b) any such change shall amend this Agreement and become effective upon the date requested by the Union, provided the Employer is given a 60-day notice of such change. If the Union should decide to change its Vacation Plan deduction or dues deduction or assessments, changes shall become effective upon the date requested by the Union providing the Employer is given a 60-day notice.

5. If an Employer does not have a bond in the required amount, upon written notification of the Union, the Employer shall remit all contributions and deductions on a weekly basis. Said payment shall be sent to the Union who shall forward the payment to the appropriate depository.

The Contractors who are bound by this Agreement shall not be liable for any acts or things done under or pursuant to this Agreement, except as such may be contrary to said Agreement in relation to its own employees.

(50) It is the intention of the parties that the terms of this Agreement be in conformity with all laws and regulations. The eighth (8th) and ninth (9th) hours shall be paid at time and one-half (1-1/2) and from the tenth (10th) hour and thereafter shall be paid at double time (2 times).

ARTICLE XI

ARTICLE XIII
REPORTING TIME

(58) Any new employee who reports for work at the request of the Employer shall receive two (2) hours pay if not hired by the Employer and put to work, and at no time shall an employee be held on the job without being paid for the time held.

(59) All employees having worked the previous day up to quitting time, reporting on the job unless notified to the contrary, weather conditions or other causes beyond the Contractor’s control permitting, shall be allowed two (2) hours pay at the regular rate. Any employee who of his own choos-

(61) Employees shall not lose any time for traveling from job to job during working hours. Neither shall they be compelled to travel during the lunch period. All tools must be gathered and returned during working hours.

**ARTICLE XIV**

**PARKING PROVISION**

(62) Where free parking is not available, the Employer will reimburse an employee a sum, not to exceed $2.00 per day, upon presentation of his receipt for his parking. The Employer has the option to designate the parking area.

(63) Proper access shall be provided at all times, allowing ingress and egress to the parking area.

**ARTICLE XV**

12:00 noon and 12:30 p.m. In the event job conditions warrant, the lunch period may be varied, but no employee shall be required to work more than four and one half (4-1/2) hours before eating lunch.

(65) It is understood that at times the Employer's need for productivity and efficiency on the job will not allow the crew to take lunch at the regular time. Under such circumstances, Employers may schedule part of the crew to take lunch between one hour before and one hour after the regular lunch period. If for any reason this is not possible and the employee is required to work through lunch period, he shall be paid time and one-half (1-1/2) for same and upon his request shall be given one-half (1/2) hour of unpaid time to eat lunch.

(66) The Employer, without penalty, may schedule an eight hour workday between the hours of 7:00 a.m. and 5:00 p.m. provided he gives notice of same to the Northwestern Ohio Building and Construction Trades Council before the close of business on the previous business day.

(67)(a) FOUR TENS — An Employer at his option may schedule four (4) ten (10) hour days at straight pay provided the Employer gives notice to the employees and the steward the Friday before a four-tens (4-10s) schedule is implemented. The four-tens schedule is to be used from Monday through Thursday, with Friday (not Saturday) utilized as a make-up day in accordance with make-up day requirements. Any work performed either before or after the scheduled ten (10) hour shift shall be paid at premium time. All shift rates are to be recognized in accordance with Article XI of this Agreement. Jobs scheduled for four tens shall be worked as four tens for the entire calendar week. Start time on four tens shall be scheduled between the hours of 6:00 a.m. and 8:00 a.m. If a holiday falls on Monday through Thursday, it will be considered a day worked for premium time purposes.

(b) Premium rate shall be paid at time and one-half (1-1/2) for the eleventh (11th) and twelfth (12th) hours worked Monday through Thursday, and on Friday when used as a make-up day. Double time (2x) shall be paid for all hours worked in
excess of twelve (12). On Fridays not used as a make-up day, time and one-half (1-1/2x) shall be paid for the first ten (10) hours worked with double time (2x) paid on all hours in excess of ten (10). Saturdays shall be paid at time and one-half (1-1/2x) for the first eight (8) hours worked with double time (2x) paid for all hours worked in excess of eight (8). All hours worked on Sundays and Holidays shall be paid at double time (2x).

(c) Any portion of the Friday make-up day worked that exceeds the number of hours lost due to weather, up to a maximum of ten (10) hours, will be paid at one and one-half times (1-1/2x) the straight time hourly rate. Friday make-up days will be scheduled for a minimum of ten (10) hours.

(68) All work outside the regular working hours, excepting variation of lunch period, shall be paid at the premium rate of pay. Premium rate shall be paid at the rate of time and one-half (1-1/2x) for the first two (2) hours of overtime after eight (8) hours of work (9th and 10th hours), double (2x) after ten (10) hours. Time and one-half (1-1/2) to be paid the first eight (8) hours on Saturday; double time (2x) after eight (8) hours on Saturday. Double time (2x) to be paid on Sundays and holidays.

(a) Saturday Make-up Day - A make-up day may be scheduled on a Saturday during a week when work was canceled due to weather conditions.

Such work shall be paid at the rate applicable if the work had been performed Monday through Friday in the Agreement and shall be voluntary on the part of the employees. Employees declining such work shall do so without penalty or recrimination. Preference for make-up day work shall be given to employees affected by the cancellation. The Union will be notified prior to Saturday make-up day being worked.

Any portion of the Saturday make-up day worked that exceeds the number of hours lost due to weather will be paid at one and one-half (1-1/2) times the straight time hourly rate. Saturday make-up days will be scheduled for a minimum of eight (8) hours.
(69) Employees may drink non-alcoholic beverages while at work.

(70) The regular pay week shall start on the first shift Monday and end before the first shift on the following Monday. Pay day shall not be later than the following Thursday.

(71) The recognized holidays shall be New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. If a holiday listed above falls on a Sunday, it will be observed on Monday. Local 500 members may, at their discretion, observe the day set aside for the observance of Martin Luther King’s birthday without recrimination or discipline by the Employer.

(72) It is agreed wages shall be paid weekly in currency or by check on the job during regular working hours. Employees shall be paid in full when employment is terminated. All men shall be given their unemployment separation slip when laid off or discharged. Any employee having to wait beyond the regular quitting time for his money shall be paid at the regular overtime rate for said waiting time; however this shall be construed to apply only to the regular working hours of each day. Employees leaving their jobs of their own volition shall receive their pay the next regular pay day.

(73) The above conditions shall apply except that those Employers who have an established record of payment of fringe benefits to a designated depository for a period of 24 months shall have the privilege of paying off an employee who has been laid off, within 24 hours excluding Saturday, Sunday or holidays, and then by the first working day following, at a place designated by the employee from the following alternatives: in the mail to the home of the employee, to the Union Hall, or at the office of the Employer.
ARTICLE XVI
PICKETING

(74) (a) It shall not be a violation of this Agreement for employees covered by this Agreement to refuse to cross a picket line and perform work in any instance, where:

(b) the purpose of the picketing is lawful, and is duly authorized by the Union so picketing, and

(c) the establishment thereof is not contrary to or in violation of any valid law.

(d) However, for the good of the industry both parties pledge their immediate cooperation to eliminate any of the above mentioned possibilities.

ARTICLE XVIII
FOREMAN

(75) The Employer shall designate a foreman whenever eight (8) or more men, regardless of the number of crews, are engaged by the Employer to perform work coming within the jurisdiction of the Union. When there are separate crews of six (6) or more employees, a foreman shall be designated for each crew.

(76) The wage rate for any foreman selected by the Employer shall be $1.00 per hour over the journeyman base rate of pay.

(77) When an Employer employs more than eighteen (18) Laborers on a job, a general foreman shall be named. A general foreman shall receive $2.00 per hour over the highest base rate of pay of Laborers under his direction. The general foreman shall be a member of Local 500.

(78) The Laborer foreman shall be selected by the Employer. Upon request of the Employer, the Union may undertake to furnish individuals with sufficient qualifications and experience to perform the duties and responsibilities of the
foreman. The designation of the individual as foreman is exclusively the responsibility of the Employer.

(79) However, in any case, an Employer-appointed foreman must be a member of the Laborers' International Union of North America, Local No. 500.

(80) If the job warrants a Laborer foreman, Laborers or tenders shall receive orders directly from the foreman. However, if the job does not qualify for a foreman, the Laborers or tenders shall receive orders directly from the job superintendent or whomever the Employer may designate.

ARTICLE XVIII
AUTHORIZED UNION REPRESENTATIVE

The duly authorized representative of Local No. 500, if having in his possession proper credentials, shall be permitted to visit jobs during working hours to interview Employers, stewards or an employee, but shall in no way interfere with the progress of the work. All Employers must furnish business agents with proper credentials to contact all jobs.

(82) The business manager or field representative of the Union shall have the right to select an individual to act as a steward on the job and whose duty it will be to enforce the terms and conditions set forth in this Agreement. Provided the individual designated as steward by the Union has the qualifications and the experience, he shall remain on the job until it has been completed with the exception of one (1) foreman, provided he has been employed as a foreman on the project for 30 days or more. It shall be the duty of the business manager or field representative of the Union to inform the Employer of the identity of the steward upon his selection.

ARTICLE XIX
STEWARD

(83) The steward shall be allowed reasonable time to perform his steward duties with the least interference to the job. The steward's activities shall be conducted on the Employer's
immediate job site. The steward shall be notified when a layoff occurs. When Laborers are working overtime, the steward shall be one of them.

(84) If there is a steward on the project when it is temporarily halted or shut down for thirty (30) days or less for any reason, said steward will be the first Laborer employee given the opportunity to return to work on the same project for the same Employer. This provision shall not apply after 24 hours notice to the Union Hall, excluding Saturday or Sunday.

Stewards are to work, except on jobs of unusual size, and then shall not work only after agreement between the Employer and business representative involved. (It shall be left to each individual Union and Employer to decide if a job is of unusual size.) If in the opinion of the Employer the job steward is not performing his duties impartially, the Employer or his representative shall agree not to lay off, discharge or transfer the steward on the job until he has discussed the matter with the business manager or his representative, who shall meet for such discussion on the job site within twenty-four (24) hours after notification to the Union office, Saturday, Sunday and holidays excluded, and adjust the difficulty to the mutual satisfaction of both parties.

(85) The steward shall be allowed to accompany any member of the Union who is seriously injured to see that proper medical attention is given and the employee's welfare taken care of at no lost time. If injured employee has to be taken to the hospital or to his home, the steward will furnish both company and Union with a complete report.

ARTICLE X X
DISMISSAL

(86) No employee shall be dismissed by the Employer or his representative or penalized by the Union by reason of making a complaint or giving evidence in respect to an alleged violation of this Agreement.
ARTICLE XXI
GRIEVANCE AND ARBITRATION

(87) All disputes, claims or grievances regarding the interpretation or application of the existing labor agreement shall first be taken up between the employee involved and / or the job steward and / or the business representative of the Union and the Employer and / or his representative. These parties shall attempt to settle the grievance. No grievance shall be filed or processed on facts or events which have occurred prior to seven (7) calendar days before the grievance is filed.

(88) In the event a settlement is not reached, the dispute, claim or grievance shall be referred by either party in writing, on an approved form, to the Joint Labor Relations Board of the parties to this contract within three (3) regular working days, and such board shall take action within seven (7) calendar days.

ARTICLE XXII
SUBSTANCE ABUSE

(89) It is the policy of the Employer to prohibit the manufacture, sale, possession or use of a controlled substance in the workplace. All employees are required to comply with this policy and shall notify the Employer of any conviction for a criminal offense which occurred at the workplace during working hours involving a criminal drug statute. This notice must be given within five (5) days of the conviction.

(90) The Employer reserves the right to discipline, up to possible termination, any employee convicted of a criminal drug offense which occurred at the workplace during working hours and employees so convicted may be required to participate in an approved drug abuse program at no cost to the Employer. Discipline may also be imposed and criminal prosecution initiated for the possession or use of a controlled substance in the workplace. This notice is being issued to comply with the requirements of the Drug Free Workplace Act, P.L. 100-440.
(91) The NWOGLCA Substance Abuse Policy shall be in effect for all bargaining unit employees working under the collective bargaining agreement in Laborers' Local 500.

ARTICLE XXIII
PHYSICAL EXAMINATIONS

(92) If an Employer requires an employee to have a physical examination, the Employer shall pay the cost of the physical examination and will pay the employee's regular rate of pay for all time needed to have the physical examination.

ARTICLE XXIV
WORKERS' COMP. / UNEMPLOYMENT INS. / SOCIAL SECURITY

(93) Employers shall provide protection for employees in conformity with the provisions of the Workers' Compensation Act of Ohio, unemployment insurance and Social Security.

(94) The Employer at all times must carry Workers' Compensation, Social Security and unemployment insurance, and must have sufficient funds on deposit to meet all payrolls. In cases where coverage is not carried, this shall be sufficient cause for refusal to work for the Employer not carrying protection.

ARTICLE XXV
JOB SITE FACILITIES

(95) The Employer shall provide a suitable shanty where employees may dress, keep their clothes and eat their lunches. Said shanty or shelter house shall meet necessary sanitation requirements and shall be heated and made comfortable to a reasonable degree. Suitable toilet facilities shall be provided on all jobs.

(96) If employees are requested to work in inclement weather, they shall be furnished with ample protection by the Employer; namely, raincoats, boots, rubber pants, slickers, etc.
(97) An adequate supply of potable water shall be provided in all places of employment.

(98) The Employer shall furnish ample protective clothing, namely: raincoats, knee or overboots, headgear, etc. when employees are required to work in mud, concrete or inclement weather or any other wet conditions. Protective clothing shall be issued to the individual for the duration of the job and shall not be reissued until it has been thoroughly sanitized and dried. Protective clothing issued may be chargeable to the employee if lost or damaged beyond ordinary wear and deterioration.

ARTICLE X X V I

ARTICLE X X V I I
TERMINATION FOR NON-ASSOCIATION CONTRACTORS

(100) The Union will notify the Association which is signatory to this Agreement of the name and address of any contractor who becomes signatory to or bound by this Agreement during the term of this Agreement. The notice shall be given in writing within seven (7) days of the time any such contractor becomes signatory or bound hereto. The notice shall include a copy of the signature page of the contract or the assent card and, if not noted thereon, a statement of the date the contract or assent card was signed or the date the contractor became bound.
Within seven days of the receipt of a notice from the Union of its intent to terminate or modify this Agreement, the Association will notify all such Contractors of whom the Association has been notified by the Union. Each such Contractor shall have 30 days from the date the Association received the notice of intent to terminate or modify to advise the Union in writing of its intent to negotiate separately for a renewal agreement.

In the event any such Contractor fails to advise the Union of its intent to negotiate separately within the time period set forth above, such Contractor shall be deemed and presumed to agree to the terms and agreement arrived at in negotiations between the Union and the Association and to be bound by the Collective Bargaining Agreement resulting therefrom.

The provisions of this Section shall operate for successive Collective Bargaining Agreements until such time as the Employer or Union gives timely notice that said party desires to negotiate separately. Said notice shall be given within the time periods provided in the termination clause of this Agreement or any successive Collective Bargaining Agreement.

ARTICLE XXVIII
HEALTH & WELFARE AND PENSION PLAN

The parties hereto, as part of this Agreement, agree to abide by the terms of the Laborers’ District Council Health and Welfare and Pension Plans.

Upon agreement between the Employer and the Union to establish terms of a Defined Contribution Pension Plan, the Employer shall allocate the amount of money requested by the Union from the base hourly wage rate to establish a Defined Contribution Pension Plan. The Employer shall appoint an equal number of Trustees to establish and serve on this Defined Contribution Pension Plan’s Board of Trustees.
ARTICLE X X I X
WORKING RULES

(106) It is expressly understood that working rules, by-laws, conditions, practices or customs, unless same are specifically mentioned in this Agreement, shall not be interpreted as being a part hereof.

(107) Should any working rule herein contained conflict in any manner with any Article in the Contract, then the Article shall prevail.

(108) Construction work not covered by this Agreement shall be governed by the wages and working conditions contained in agreements which the Union has with the Employers in such other divisions of the construction industry. This shall not apply to jobs of one day’s duration or less.

ARTICLE X X X
MORE FAVORABLE TERMS

(109) If the Union furnishes workers to any Employer under any more favorable terms or conditions, including wage rates, than those contained herein for the work covered by this Agreement, the Union agrees that such more favorable terms and conditions shall automatically be extended to the Employer for that project or projects.

ARTICLE X X X I
OFF-THE-JOB TRAINING PROGRAM

(110) Having endorsed a Building Trades Training Program as approved by the Office of Economic Opportunity, the parties agree to amend this Contract to the extent necessary in order to implement said program.

(111) The parties to this Agreement shall establish a committee which will study the development of an off-the-job training program using rates and procedures approved by Local
500, the Laborers’ International Union and the Associated General Contractors of Northwestern Ohio, Inc., Labor Relations Division. Such rates shall not be used for on-site construction.

(112) The parties to this Agreement will comply with the Federal and State Executive Orders on Equal Employment Opportunity.

(113) The parties shall establish an apprentice program. All costs associated with the establishment and the on-going training shall be paid by the Employer. The Standards of Apprenticeship shall be incorporated into this Master Agreement as if fully written herein. The Apprentice Committee shall establish the apprentice wage rates and the number of apprentices allowed.

ARTICLE X X X I I
APPRENTICES

(114) All matters pertaining to apprentices shall be governed by the terms and conditions of the Apprenticeship Standards to which the Union and Employers are bound as if fully rewritten herein.

(115) In order to assure proper training for apprentices, the following ratio of journeymen to apprentices shall prevail:

The ratio of apprentices to journey workers as a total of each employer’s Laborers in the Union’s jurisdiction shall be:

One (1) apprentice after one (1) journey worker employed;

Two (2) apprentices after five (5) journey workers employed;

Three (3) apprentices after nine (9) journey workers employed;

One (1) apprentice for every four (4) journey workers employed thereafter.

The ratio shall be consistent with the proper supervision,
training, safety, continuity of employment, and applicable provisions in the collective bargaining agreement.

(116) Apprentice Wages - Apprentices shall be paid a progressively increasing schedule of wages consistent with skills and knowledge acquired. The rate for each period of the apprenticeship is expressed as a percentage of the skilled Construction Craft Labor journey worker’s rate specified in the collective bargaining agreement. The approximate time interval for each period is indicated; it may be adjusted for individual apprentices making accelerated progress, or extended as may be required for unsatisfactory progress. Such adjusted periods may be made only by JATC action. The schedule that follows provides for four equal periods of approximately 1,000 hours of work and training each period:

- First period - 50% of journey worker’s rate
- Second period - 60% of journey worker’s rate
- Third period - 70% of journey worker’s rate
- Fourth period - 90% of journey worker’s rate

In no instance will the starting rate be less than the hourly minimum of the Fair Labor Standards Act. The apprentice rate shall be based on the collective bargaining agreement unless a higher rate is specified by applicable federal or state law or regulation. All apprentices will be entitled to all fringe benefits provided in the collective bargaining agreement.

ADDENDUM A
HAZARDOUS WASTE REMOVAL AND LEAD ABATEMENT

For Laborers working in an exclusive or “hot” area with toxic or hazardous materials, one of the following personal protective equipment ensembles will be required for necessary protection against toxic contaminants.

LEVEL A (Wage Group A) to be worn only in established “safe zones” may consist of, from normal work clothes to normal skin protection such as gloves, face shields, goggles, coveralls and occasionally respiratory protection.

LEVEL B (Wage Group B) protective equipment includes a protective suit and an Air Purifying Respirator (APR) with the appropriate filter canisters. The ensemble is used when the contaminants are reliably known not to be hazardous to the skin and not IDLH (Immediately Dangerous to Life or Health) and correct filter protection is available. This ensemble offers adequate protection for many jobs.

LEVEL C (Wage Group C) protective equipment includes a chemically resistant splash suit and SCBA or Airline Respirator. This ensemble is required when the situation is very hazardous, such as oxygen deficient atmospheres, IDLH atmospheres, or confined space entries, but the risk of skin exposure is not as great as in Level D situations. The Level C ensemble gives the second highest level of protection.

LEVEL D (Wage Group D) protective equipment is required when the area has been determined to contain extremely toxic contaminants or contaminants unknown but may be expected to be extremely toxic and/or Immediately Dangerous to Life and Health (IDLH). This ensemble includes a fully encapsulated chemical suit (moon suit), Self Contained Breathing Apparatus (SCBA), or Airline Fed Respirator, and various types and numbers of boots and gloves; cool vests and voice activated radios are optional equipment sometimes worn. Level D ensembles provide the highest level of protection from contaminants, but places the greatest physical and mental stress on the worker.
ADDENDUM B
ADDITIONAL SPECIALIZED JURISDICTION

The removal, abatement or encapsulation of asbestos, lead and/or toxic and hazardous waste or materials within the Laborers' jurisdiction shall include the following:

The erection, moving, servicing and dismantling of all enclosures, scaffolding, barricades, etc., and the operation of all tools and equipment (including generators, compressors and vacuums) normally used in the removal or abatement of asbestos, lead and toxic and hazardous waste or materials; the labeling, bagging, cartoning, crating or otherwise packaging of materials for disposal; the transportation and disposal of all such materials to any authorized disposal; as well as the clean up of the work site and all other work incidental to the removal, abatement or encapsulation of asbestos, lead or toxic and hazardous waste materials.

Cathodic Protection Installations

This group will include all construction and demolition work in conjunction with cathodic protection, including but not limited to, all testing, welding, cleaning (by any mode or method), drilling of holes, installation of anchors and electrical wire, mounting of rectifiers, running conduit and pulling wires to connect to DC side of rectifier. Installation of conductive paste, spray or roll on all necessary coatings or paint, installing anodes and conductive gels. Loading, unloading, transporting, handling, sizing, fitting and placement of all materials as well as operating any and all necessary equipment for same.
