DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board Chairs

AGENCY: Department of Energy.

ACTION: Notice of Open Meeting.

SUMMARY: This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB) Chairs. The Federal Advisory Committee Act (Pub. L. 92–586) requires that public notice of this meeting be announced in the Federal Register.

DATES: Wednesday, June 15, 2011, 8 a.m.–5 p.m. and Thursday, June 16, 2011, 8 a.m.–12:30 p.m.

ADDRESS: Aliante Station Hotel, 7300 Aliante Parkway, North Las Vegas, Nevada 89084.

FOR FURTHER INFORMATION CONTACT: Catherine Alexander Brennan, Designated Federal Officer, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585; Phone: (202) 586–7711.

SUPPLEMENTARY INFORMATION:

Purpose

EEOICPA establishes a program to provide compensation to certain employees who develop illnesses as a result of their employment with AWEs, DOE and its predecessor Agencies, certain of its contractors and subcontractors, and listed beryllium vendors. Section 3621(4) of the Act (codified at 42 U.S.C. 7341(4)) defines an AWE as “an entity, other than the United States, that—(A) Processed or produced, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining and milling; and (B) is designated by the Secretary of Energy as an [AWE] for purposes of the compensation program.” Section 3621(5) defines an AWE facility as “a facility, owned by an [AWE], that is or was used to process or produce, for use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining or milling.” It has recently come to the attention of the Department that the Mathieson Chemical Company facility in Pasadena, Texas, should not have been designated as an AWE facility because no material that emitted radiation, which was processed or produced by the Mathieson Chemical Company, was used in the production on an atomic weapon.

This notice formally makes the change to the listing of covered facilities by removing the Mathieson Chemical Company facility in Pasadena, Texas, as an AWE facility under EEOICPA.

Issued in Washington, DC on May 17, 2011.

Glenn S. Podonsky,
Chief Health, Safety and Security Officer,
