## Citation and Notification of Penalty

**To:**  
Dent Wizard International Corporation  
4710 EarthCity Expressway  
Attn: Sue Scott, Manager Health and Safety  
Bridgeton, MO 63044

**Inspection Number:** 1114043  
**Inspection Date(s):** 12/14/2015 - 04/12/2016  
**Issuance Date:** 06/01/2016

**Inspection Site:**  
1190 Lancaster Rd  
Manheim, PA 17545

*The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.*

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

**Posting** - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

**Informal Conference** - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

**Right to Contest** – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.

**Penalty Payment** – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to “DOL-OSHA”. Please indicate the Inspection Number on the remittance. You can also make your payment electronically on [www.pay.gov](http://www.pay.gov). On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type “OSHA” and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>.

You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will process the payments as if these restrictions or conditions do not exist.

**Notification of Corrective Action** – For each violation which you do not contest, you must provide ***abatement certification*** to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that ***abatement documentation*** is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

**Employer Discrimination Unlawful** – The law prohibits discrimination by an employer against an

employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

**Employer Rights and Responsibilities** – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

**Notice to Employees** – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

**Inspection Activity Data** – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at [www.osha.gov](http://www.osha.gov). If you have any dispute with the accuracy of the information displayed, please contact this office.

## NOTICE TO EMPLOYEES OF INFORMAL CONFERENCE

An informal conference has been scheduled with OSHA to discuss the citation(s) issued on 06/01/2016. The conference will be held by telephone or at the OSHA office located at 43 Kline Village, Harrisburg, PA 17104 on \_\_\_\_\_ at \_\_\_\_\_.

Employees and/or representatives of employees have a right to attend an informal conference.

**Citation and Notification of Penalty**

**Company Name:** Dent Wizard International Corporation  
**Inspection Site:** 1190 Lancaster Rd, Manheim, PA 17545

**Citation 1 Item 3 d Type of Violation: **Serious****

29 CFR 1910.151(c): Where employees were exposed to injurious corrosive materials, suitable facilities for quick drenching or flushing of the eyes and body were not provided within the work area for immediate emergency use:

(a) Dent Wizard International Corporation; Wheel Repair Area - Employees using paints containing aliphatic polyisocyanates and "PNT10 FAST LACQUER THINNER" were not provided with an eyewash station, on or about December 14, 2015.

Abatement certification required within 10 days after abatement date. The certification shall include a statement that abatement is complete, date and method of abatement, and states employees and their representatives were informed of this abatement.

**ABATEMENT NOTE:**

Adequate eyewash must be provided for emergency use. American National Standards Institute (ANSI) Z-358.1 1981 specifies a flushing capability of not less than 1.5 liters of water per minute for 15 minutes. (Ref. American National Standard Z-358.1-1990).

Additionally, an effective anti-bacterial agent, suitable for Ophthalmic use, added to tap water will help preserve the water and reduce the possibility of pathogens developing in the flushing solution. An isotonic saline solution (0.95% to 1.0% NACL) buffered to a PH of 7.3 to 7.4 and preserved with a suitable antibacterial agent is less irrupting to eye over a 15 minute flush.

Eyewash equipment must have a flushing capacity of delivering to the eyes not less than 1.5 liters of water per minute for 15 minutes (Ref. American National Standard Z-358.1 - 1990)

**Date By Which Violation Must be Abated:**

**Inspection Site:** 1190 Lancaster Rd, Manheim, PA 17545

---

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

**Citation 1 Item 5 a Type of Violation: **Serious****

29 CFR 1910.1200(f)(5): The employer did not ensure that each container of hazardous chemicals in the workplace was labeled, tagged or marked with the identity of the chemical contained therein and the appropriate hazard warnings:

(a) Dent Wizard International Corporation; Wheel Repair Area - The bottles of "PNT10 Fast Lacquer Thinner" and "AM900 Aeromax Prekleano" did not contain the appropriate hazard warning, on or about December 14, 2015.

(b) Dent Wizard International Corporation; Wheel Repair Area - The gun cleaner was not labeled with the identity of the chemical contained therein, on or about December 14, 2015.

Abatement certification required within 10 days after abatement date. The certification shall include a statement that abatement is complete, date and method of abatement, and states employees and their representatives were informed of this abatement.

Date By Which Violation Must be Abated:  
Proposed Penalty:

07/06/2016  
\$4000.00

**Inspection Site:** 1190 Lancaster Rd, Manheim, PA 17545

---

**Citation 1 Item 5 b Type of Violation: **Serious****

29 CFR 1910.1200(h)(1): Employees were not provided with effective information and training on hazardous chemicals in their work area at the time of their initial assignment and whenever a new hazard that the employees had not been previously trained about was introduced into their work area:

(a) Dent Wizard International Corporation - The employer did not provide employee training on the hazardous chemicals used in the workplace, such as "DH57 Normal Hardner", "PNT10 Fast Lacquer Thinner," "AM900 Aeromax Prekleano," and the Class II combustible dust generated from sanding on wheels, on or about December 14, 2015.

(b) Dent Wizard International Corporation - Employees were exposed to chemicals, such as flammable solvents and combustible dust, and the employer did not provide employees with training on the revised hazard communication standard (HCS 2012) label elements and the new format and type of information on each section of the safety data sheets (SDSs) to ensure that when employees begin to see HCS 2012 compliant labels and SDSs in their workplace, employees understand how to use the labels and SDSs and access the information effectively, on or about December 14, 2015.

Abatement certification required within 10 days after abatement date. The certification shall include a statement that abatement is complete, date and method of abatement, and states employees and their representatives were informed of this abatement.

**ABATEMENT NOTE:**

1. Employees shall be informed of the following:
2. The requirements of this section;
3. Any operations where hazardous chemicals are present;
4. The location and availability of the written Hazard Communication Program, list(s) of hazardous chemicals, and Safety Data Sheets. By December 1, 2013, employers shall have trained employees on the new safety data sheet (SDS) format

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

---

Employee training shall include at least:

1. Methods and observations that may be used to detect the presence or release of a hazardous chemical in the work area;
2. The physical and health hazards of the chemicals in the work area;
3. The measures employees can take to protect themselves such as specific procedures and personal protective equipment to be used;
4. The details of the employer's Hazard Communication Program including an explanation of labeling system, Safety Data Sheets, and how employees can obtain and use the appropriate hazard information. OSHA has updated the requirements for labeling of hazardous chemicals under its revised Hazard Communication Standard (HCS 2012). As of June 1, 2015, all labels will be required to have pictograms, a signal word, hazard and precautionary statements, the product identifier, and supplier identification. By December 1, 2013, employers shall have trained employees on the new label elements.
