## Notice of Critical Status For the Pension Plan of the Upper Peninsula Plumbers' and Pipefitters' Pension Fund

This is to inform you that on September 28, 2010 the Plan's actuary certified to the U.S. Department of the Treasury and to the Board of Trustees (the Plan sponsor) that the Plan is in critical status for the Plan Year beginning July 1, 2010. Federal law requires that you receive this Notice. In the future you will receive an annual update on the Plan's status and the progress the Plan is making toward the goals described below.

### Critical Status

The Plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Plan's actuary determined that the funded percentage of the plan is 65% or less and, over the next four plan years, the plan is projected to have an accumulated funding deficiency. Note, "accumulated funding deficiency" means that contributions would be insufficient to satisfy Federal requirements; it does not mean that the Fund would become insolvent or run out of money.

### Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a Rehabilitation Plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a Rehabilitation Plan. The Trustees of the Plan have determined that benefit reductions are necessary and you received a separate notice identifying and explaining the effect of those reductions in July of 2009. Any reduction of adjustable benefit will not reduce the level of a participant's basic benefit payable at normal retirement age. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after August 1, 2009. But you should know that whether or not the Plan reduces adjustable benefits in the future, effective as of July 1, 2009, the Plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

### Adjustable Benefits

The Plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the Plan may adopt:

- Certain Pre-Retirement Death Benefits;
- Disability Benefits (if not yet in pay status);
- Early Retirement Benefits or retirement-type subsidy;
- Benefit payment options other than a qualified joint and survivor annuity (QJSA).

Please see the separate notice for details of Benefit changes approved by the Trustees.

### Where to Get More Information

For more information about this Notice, you may contact the Board of Trustees of Upper Peninsula Plumbers' and Pipefitters' Pension Fund at 6525 Centurion Drive, Lansing, Michigan 48917 or by telephone at (517) 321-7502 or Toll Free (800) 273-5739. You have a right to receive a copy of the Rehabilitation Plan from the Plan.
