

Notice of Critical Status for**Sheet Metal Workers Local No. 20 South Bend Area Pension Plan**

This is to inform you that on September 11, 2012 the plan actuary certified to the Board of Trustees, that the Plan remains in critical status for the plan year beginning July 1, 2012.

Critical Status

The Plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the Plan will have an accumulated funding deficiency (when extensions under Internal Revenue Code Section 412(e) and 431(d) are not taken into account) for the plan year ending June 30, 2013.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the Plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after October 26, 2008. But you should know that whether or not the Plan reduces adjustable benefits in the future, effective as of October 26, 2008, the Plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

Rehabilitation Plan Progress

The bargaining parties have agreed to a Collective Bargaining Agreement containing the elements of a Rehabilitation Plan. As of July 1, 2012 schedule progress has been made in meeting the rehabilitation plan.
