**Notice of Endangered Status for the 2012 Plan Year
Construction Industry and Laborers Joint Pension Trust
for Southern Nevada**

April 27, 2012

To: All Participants, Beneficiaries, Participating Unions and Contributing Employers

Under the Pension Protection Act of 2006 (PPA), the Pension Fund's actuary is required to make a determination of the Fund's financial status every plan year, and certify that status to the IRS and the Trustees. If the Fund's status is either "endangered" (Yellow Zone) or "critical" (Red Zone) the Trustees must notify all plan participants, employers and other stakeholders and take corrective action to restore the financial health of the Fund.

Yellow Zone Status

For the Plan Year beginning January 1, 2012, the Plan is less than 80% funded and is projected to have an accumulated funding deficiency for the 2017 plan year, based on PPA's funding measures. As a result, the Plan was categorized by the Fund's actuary as being in seriously endangered status (Yellow Zone) for the 2012 Plan Year, and a certification of this fact was provided to the IRS on March 30, 2012. Yellow Zone status represents an early warning to focus on correcting problems before they lead to more serious trouble.

Funding Improvement Plan

As you know, the Board of Trustees took action last year to increase the hourly contribution rate by \$0.50 on July 1, 2011. However, actuarial projections indicate that additional changes will be required to emerge from the Yellow Zone.

PPA requires the Trustees to develop and adopt a Funding Improvement Plan before November 25, 2011. This Plan must be designed to demonstrate improvement in the Plan's funded position over time and to assure that contributions will be enough to meet the minimum required under the law. If the Trustees of the Plan determine additional contribution increases or benefit changes are necessary, you will receive a separate notice in the future identifying and explaining the effect of those changes. Any change will not reduce the level of a participant's regular pension payable at normal retirement age.

PPA requires that our Plan's funding status be reviewed and certified annually and notices like this one, explaining the outcome, will be sent each year until our Plan is no longer in the Yellow Zone. While our goal is to remain on track with the Plan's funding projections noted above, there are several variables beyond our control, which our advisors will monitor yearly, including market volatility and changes in participation and/or the number of contributing employers.

We understand that legally required notices like this one can create anxiety and concern about the Pension Plan's future. The Board of Trustees is working with contributing employers and the union and taking appropriate actions to improve the financial health of the Fund so that retirement benefits for our participants and their families are secure in the future.

In the event you have questions or would like additional information, you may contact the Board of Trustees, or the Plan's Fund Administrator, Wilson-McShane Corporation, 2345 Red Rock Street, Suite 220, Las Vegas, Nevada 89146, Telephone 702-251-5690.

Sincerely,

The Board of Trustees
