Notice of Endangered Status For Indiana Electrical Workers Pension Plan, I.B.E.W.

This is to inform you that on September 28, 2012 the Plan Actuary certified to the U.S. Department of the Treasury and to the Plan Sponsor that the Plan is in endangered status for the plan year beginning July 1, 2012. Federal law requires that you receive this notice. In the future you will receive an annual update of this status and the progress the Plan is making towards the goals described below.

Endangered Status

The Plan is considered to be in endangered status because it is projected to satisfy the following:

Funded percentage less than 80% - The Plan's actuary determined that the Plan's funded percentage is 71.9% on July 1, 2012. The "funded percentage" is the fraction of earned benefits that could be funded with existing Fund assets.

As required by law, the Plan Actuary's certification includes only contribution rate increases that have been codified in collective bargaining or participation agreements.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the Plan. The Trustees adopted a funding improvement plan last year on March 11, 2011 because the Plan was also in endangered status last year. The funding improvement plan requires that the Plan's funded percentage improve at least one-fifth of the way to 100% over a 15-year period. The estimated target for this Plan under the law is a funded percentage of 77.5% by 2027. The Plan must also meet the Federal minimum funding requirements during this 15-year period. Based on our most current actuarial projections, we are well on track to meet or exceed these benchmarks.

Future Experience and Possible Adjustments

The funding improvement plan is based on a number of assumptions about future experience and may need to be adjusted in the future if such assumptions are not met. Additional contribution rate increases and/or reductions in the rate at which benefits are earned may be needed if the Fund were to suffer asset returns below the expected 8.00% (in the 2012 plan year or later), a drop in the hours worked, or poor experience from other sources. If, at some point in time, the Trustees determine that further adjustments are necessary, you will receive a separate notice identifying and explaining the effect of those changes.

Commitment to Continued Improvement

At this point, the Trustees anticipate that the Fund will eventually emerge from endangered status and continue to see improved funded percentages. The Trustees maintain their commitment to providing a retirement benefit on which you can rely to pay a lifetime benefit that will play a significant role in your overall retirement planning.

Where to Get More Information

You have a right to receive a copy of the funding improvement plan. To receive a copy, you may contact the Plan's Administrative Manager, Robert Cadwell, at (317) 923-4577, Indiana Electrical Workers Pension Plan, 1828 North Meridian Street, Suite 103, Indianapolis, IN 46202-1471.
