
**Notice of Endangered Status
for the
IBEW Local Union No. 654 Pension Fund**

This is to inform you that on March 29, 2013 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in endangered status for the plan year beginning January 1, 2013. Federal law requires that you receive this notice.

Endangered Status

The plan is considered to be in endangered status because the funded percentage of the plan is less than 80% for the plan year beginning January 1, 2013. The plan's funded percentage as of January 1, 2013 for certification purposes is 72.1%.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at improving the financial health of the plan.

In an effort to improve the plan's funding situation, the trustees updated the plan's funding improvement plan to require a \$0.30 per hour increase in the employer contribution rate effective June 1, 2012, and an additional \$0.30 per hour increase in the employer contribution rate effective June 1, 2013.

The plan actuary projects that, with these increases in the employer contribution rate, the plan will emerge from endangered status by the end of its ten-year funding improvement period that began on January 1, 2013 and ends on December 31, 2022.
