EBSA Restores Over \$1.6 Billion to Employee Benefit Plans, Participants and Beneficiaries

Through its enforcement of the Employee Retirement Income Security Act (ERISA), the Employee Benefits Security Administration (EBSA) is responsible for ensuring the integrity of the private employee benefit plan system in the United States. EBSA's oversight authority extends to nearly 694,000 retirement plans, approximately 2.2 million health plans, and a similar number of other welfare benefit plans, such as those providing life or disability insurance. These plans cover about 143 million workers and their dependents and include assets of over \$ 9.8 trillion. In FY 2018, EBSA recovered over \$1.6 billion for direct payment to plans, participants and beneficiaries.¹ (Discussed below).

\$ 1.6B	\$ 1.1B	\$ 10.8M	\$ 33.4M	\$ 443.2M

Over \$1.1 Billion Recovered in Investigations

In FY 2018, EBSA closed 1,329 civil investigations with 860 of those cases (64.7%) resulting in monetary results for plans or other corrective action. Recoveries on behalf of terminated vested participants played a large role in these results. In total, EBSA's enforcement program helped terminated vested participants in defined benefit plans collect benefits of over \$807.7 million owed to them. Terminated vested results represent a combination of the present values of lifetime annuity payments made to participants and beneficiaries, or cash-out lump sum balance payments, plus interest distributions paid as either retroactive lump sums or included in actuarially adjusted future annuity amounts.

EBSA often pursues voluntary compliance as a means to correct violations and restore losses to employee benefit plans. However, in cases where voluntary compliance efforts have failed, or are inappropriate, EBSA forwards a recommendation to the Solicitor of Labor to initiate litigation. In FY 2018, 111 cases were referred for litigation. Together, EBSA and the Solicitor of Labor determine which cases are appropriate for litigation, considering the ability to obtain meaningful relief through litigation, cost of litigation, viability of other enforcement options, and agency enforcement priorities. Even after referral to the Solicitor of Labor for litigation, the Department can often resolve the claims for monetary relief without filing suit. Nationwide in FY 2018, the Department filed suit in 56 civil cases.

EBSA Investigations Led to the Indictment of 142 Persons for Crimes Related to Employee Benefit Plans

EBSA also has responsibility to investigate potential violations of the criminal provisions of ERISA and those provisions of Title 18 of the United States Code that relate to employee benefit plans. EBSA conducts most of its criminal investigations with other federal law enforcement agencies under the direction of the United States

¹ These recoveries include plan assets restored/participant benefits recovered, disgorgement of profits, reversal of prohibited transactions that result in a benefit to the plan or participants and voluntary fiduciary corrections, as well as amounts recovered through the abandoned plan program and informal complaint resolution. The Agency's total monetary results for the year (including technical prohibited transactions corrected and plan assets protected) were over \$2 billion.

Attorney for that jurisdiction. Other investigations are conducted in consultation with the appropriate state or local law enforcement authority.

In FY 2018, EBSA closed 268 criminal investigations. EBSA's criminal investigations, as well as its participation in criminal investigations with other law enforcement agencies, led to the indictment of 142 individuals – including plan officials, corporate officers, and service providers – for offenses related to employee benefit plans.

Abandoned Plan Program

The Abandoned Plan Program facilitates the termination of, and distribution of benefits from individual account pension plans that have been abandoned by their sponsoring employers. During FY 2018, EBSA received 910 applications from Qualified Termination Administrators and closed 843 applications with terminations approved. In total, 658 plans made distributions of \$33.4 million directly to participants pursuant to such terminations¹.

Compliance Assistance Programs Yielded Tremendous Results

EBSA's Voluntary Fiduciary Correction Program (VFCP) and Delinquent Filer Voluntary Compliance Program (DFVCP) encourage the correction of violations of ERISA by providing significant incentives for fiduciaries and others to self-correct.

The VFCP allows plan officials who have identified specified violations of ERISA to take corrective action to remedy the breaches and voluntarily report the violations to EBSA, without becoming the subject of an enforcement action. In FY 2018, EBSA received 1,414 applications for the VFCP.

The DFVCP encourages plan administrators to bring their plans into compliance with ERISA's filing requirements. EBSA received 19,937 annual reports through this program in FY 2018.

\$ 443.2 Million Restored to Workers through Informal Complaint Resolution

When workers experience a problem with an employee benefit plan, they can directly contact EBSA benefit advisors for assistance. In FY 2018, EBSA's benefits advisors closed more than 170,000 inquiries and recovered \$443.2 million in benefits on behalf of workers and their families through informal resolution of individual complaints. Many of the inquiries came through via EBSA's toll-free number 1-866-444-EBSA (3272) and Web site askebsa.dol.gov.

These inquiries are also a major source of enforcement leads. When EBSA becomes aware of repeated complaints with respect to a particular plan, employer, or service provider, or when there is information indicating a suspected fiduciary breach, the matter is referred for investigation. In FY 2018, EBSA opened 524 new investigations as a result of referrals from benefits advisors.

¹ In addition to the \$33.4 million in distributions from such voluntary applications by Qualified Termination Administrators, EBSA also obtained \$6 million in distributions for participants through enforcement efforts to resolve abandoned plans.

Over 1,829 Education and Outreach Events held in FY 2018

EBSA also conducts education and outreach events for workers, employers, plan officials and members of Congress. These nationwide activities include assisting dislocated workers who are facing job loss, educating employers of their obligations under ERISA, using a train-the-trainer format to inform Congressional staff of EBSA programs for their use in constituent services, and providing employees with information concerning their rights under the law.

Publications are also available electronically on its website.
