I have been a Financial Advisor for the past 28 years and I truly believe the Fiduciary Standard should be the law the of the land. I support the Fiduciary Standard! I believe my industry should have one standard that everyone should follow, not a patch work of standards depending on what product or service you are providing. "acting in the best interest of the client" – should be the minimum that you do, not the pinnacle.

I support the Fiduciary Standard for all!

Thanks!
